WHAT COUNCIL DID

PROPOSE 220 HOUSE PROJECT IN PART OF MOORE PROPERTY

Still another new housing subdivision is in Georgetown's future if council approves a proposal submitted by LeRoy Dale, Q.C. at Monday's meeting.

Mr. Dale, who appeared for the Misses Moore, owners of a 100 acre farm on Main Street North, which is one of the last remaining farm properties in town limits, introduced Mr. Lane and Mr. Harrison who, with Mr. Alderson, are interested in buying a portion of the property for housing.

These gentlemen, said Mr. Dale, would be building some 220 houses within the next two years, on some 40 acres of land.

Before council decided to turn it over to the industrial and town planning committee for an opinion, there were two or three council members who were critical of Dr. E. G. Faludi's position in working for Georgetown on a zoning project while also working for private individuals.

Mr. Dale submitted a plan of the housing subdivision prepared by Dr. Faludi.

"What does Dr. Faludi believe?" said Reeve Stan Allen. "In a land use map, he shows this as an industrial area, and now we see a sketch for houses."

Mr. Allan said the town is in no position to allow more large-scale housing without definite compensating industrial and commercial areas. There have been lay-offs at Malton, any more are anticipated, and many present residents, he said, will have to be absorbed into local industries.

"If we allow any more subdivisions without industry, it could wash up our agreement with Mr. Heslop for Delrex," he said.

Cr. Thomas Lyons expressed concern about rising school costs.

Mr. Dale said he thought the town should consider the position of old residents like the Misses Moore, whose land is valueless if it cannot be sold. They are no longer in a position to farm it, and he knows of no offer that has ever been made for purchase by any industry.

"It might be 20 years before industry would be interested in this," he said, "and it would be unfair to put such long term restrictions on land use." The CNR, he added, has held an industrial property for 40 years without selling it.

THE WEATHER

Mr. Editor:

Saturday's rain was most welcome by all the gardeners, even though it was of storm proportions. The temperatures over the week-end dropped much below the average for June, but we have hopes for better days ahead.

Hall Back in Parliament Conservatives Win Again

Stan Hall, Progressive Conservative member of parliament for Halton was returned for a fourth term Thursday when his Party scored another large majority in the Ontario elections.

While Mr. Hall's over-all majority in Halton was somewhat less than in 1951, he was far ahead of his closest opponent, Liberal Bill Anderson.

Some 50 per cent of Halton voters went to the polls. The Conservatives scored a majority in every municipality in the county, believed to be a record for any political party in this county's history.

Thursday, Mr. Hall received 8,433 votes; Bill Anderson (Lib.) 5023; and Stan Allen (CCF) 3405.

In 1951, results were: Hall 9,042; Dr. Wm. Deans (Lib.) 6,272; Angus Langille (CCF) 2103. Both old parties lost some ground to Georgetown's reeve, an energetic campaigner who was a federal candidate in 1953.

The Liberals were closest in Esqueving, where the candidates registered 633, 627 and 322 respectively.
