

JOINS SUN LIFE

GEORGE HOLLINGER

The Sun Life Assurance Co. of Canada announces the appointment of Mr. George Hollinger as representative for Acton, Georgetown and district. Mr. Hollinger is a life-long resident of Acton where he is well-known in business and minor sports' activities.

DISTRICT RESIDENT SEVENTY-FIVE YEARS

On Tuesday, June 7th, Henry Fryer, a resident of Georgetown for many years, died at his home, 4 King Street. He was in his 75th year.

Mr. Fryer was born in Kent County, England, the son of the late Thomas and Elizabeth Fryer. After the death of his father, he came out to Canada with his mother and sister, while still in his teens. He came to Milton, where for a number of years he was employed on the farm of the late William Cleave, later moving with him to Georgetown when he purchased his farm here.

On December 8, 1897, he married the former Bartha Hawes of Georgetown, who predeceased her husband in October, 1948. Mr. and Mrs. Fryer purchased a farm in Glandford Township near Mount Hope, where they lived for a number of years. After selling it in 1927, the family moved to Acton, and then to Georgetown in 1934. For the past 15 years Mr. Fryer had been in poor health and had lived very quietly. He was a member of The Reliable Life Insurance Society and a staunch Conservative in politics, in which he was always keenly interested. He was a member of St. George's Anglican Church.

Rev. Kenneth Richardson took the funeral service at McClure's Funeral Home on Thursday afternoon at 3:00 o'clock. The pall bearers were Stan Lyon and five nephews: William Fryer, Toronto; Walter, Alfred and George Fryer of Acton; and Herbert Fryer of Guelph.

Mr. Fryer has only one brother surviving him, Thomas, of Hagersville. He leaves three children, Fredrick, Louise and Jessie, all of Georgetown.

ONLY SISTER DIES IN PENNSYLVANIA

Mrs. M. H. Moyer is in New Brighton, Pennsylvania this week, called there by the death of her only sister, Mrs. Earl Evans.

Mrs. Moyer received word Saturday night that her sister was seriously ill, and was en route to the States on Sunday when word of her death was received.

Mrs. Evans, who was the former Janet Beattie, was born in northern Ireland and came to Toronto as a young girl when her parents emigrated from the old country. She had lived in New Brighton since her marriage. She leaves her husband, two children, Mary Elizabeth and Charles, and her sister, Mrs. Moyer.

WHAT COUNCIL DID

REEVE SAYS MILTON ROAD TO BE PAVED

Referring to a recent editorial in the Herald which complained about a poor county road between Georgetown and Milton, Reeve Stan Allen, who is a member of the county road committee this year, told council Monday that definite action is being taken this year.

It has been decided, Mr. Allen said, to dig out the road between Hornty and No. 25 highway, compact a base artificially and pave it this year.

Only 4 1/2 miles of county roads are in condition to be paved this year, he said, without artificial compacting.

Cr. Walter Gray recommends creating a "no parking" area on the past office curve. There is a possibility, he thinks, of creating parking space for a dozen cars by filling in a ditch across the road beside Georgetown Lumber property. This will be investigated.

A sewer extension, costing \$1300, is to be made on River Drive, to service the new Varian Associates plant. It will also serve some three houses across the road not presently served by sewers.

Cr. Thomas Lyons brought up the problem of cars using the park as a speedway. Mayor Armstrong agreed with him, saying that on Sunday it had been reported that two cars had a race around the track. He is concerned that children playing are endangered, and is also annoyed because the infield which is being fixed up and seeded is being wrecked by car traffic.

Some more fencing is to be placed in the park, and a more intensive police patrol inaugurated.

SILVER - WOOD

TELLS INSTITUTE OF ROTARY CLUB WORK

Most of us have heard of Rotarians and have taken them for granted as members of just another service club. Ladies of the Silver-Wood Women's Institute enjoyed Mr. Jack Barber's talk on the Rotary Club at their meeting on Thursday, June 9th. They were interested in hearing about the founding, something of the organization and the aims of the Rotary Clubs in 49 countries throughout the world.

The meeting was at the home of Mrs. E. Miller, the roll call was answered by each member telling of a neighbourly thing that has happened to her, and much appreciation was expressed for thoughtful and kindly happenings in the neighbourhood. The District Director, Mrs. R. Corbett, gave a report of the recent district annual which was attended by eight of the Silver-Wood members. Further layettes are being made for the Children's Aid in Milton. The first member of Silver-Wood W.I. to pass away, Mrs. Fred-Ruddell will be greatly missed; her kindness, her generosity and her interest in all activities. Mrs. Don Lindsay took charge as convener of community activities and

Wolves Win 2-1 in Guelph Soccer Tilt
Georgetown Wolves had their best soccer game to date when they defeated a very strong King William III team in Exhibition Park, Guelph, on Saturday.
The final score of 2-1 was not a true picture of the game, as only some fine work by Guelph's goalkeeper saved them from a much worse defeat.
The Wolves' first goal came after 35 minutes of the first half, when Allen slammed home a beautiful shot from a perfect centre by inside-forward Simedema. Shortly after the start of the second half, Georgetown got their second goal, Allen again the scorer. From then on play got rough with two Guelph players leaving the game with minor injuries.
Guelph's only goal came when the goalkeeper, Fitzpatrick, who played an outstanding game, failed to hold the slippery ball from a strong shot by a Guelph forward. The Georgetown defence played great football throughout the game.
It is unfortunate that the soccer club has had to play home games in Acton, due to renovations being made at the park here. The soccer pitch will eventually be a real credit to the town, but it is doubtful if it will be ready for this season. On Saturday, the Wolves play New Hamburg in Acton park.
Team members of the Wolves are Fitzpatrick, Schipper, Bottomley, Nolan, Reeves, Soika, Brown, Smeedema, Allen, Slaven and Hewson.
