A crowd of over 600 watched some excellent harness races at the park Saturday.

The races were sponsored by the new Rotary Club, and it was the first public venture of the club. While they were disappointed that the crowd was only sufficient to cover expenses, members hope to continue this another year as an annual event, and are confident that it will grow and become as big an attraction as it is in Orangeville, New Hamburg and other towns where race meets have become established.

Wives of members operated a refreshment booth which was well patronized during the day. The club was greatly aided in arrangements by Cliff Chapman, who operated the betting concession. Judges were Dr. Heald and W. Montgomery and Bill McDonnell was announcer.

There were ten complete races, with eight horses running two heats in each race during the afternoon's program. Horses came from Orangeville, Stratford, Brantford, Hamilton, Guelph, Wallenstein, Ingersoll, Tillsonburg, Walton, Brampton, Oshawa, Elora, Arthur, Seaford, Belwood, Shelburne and Dundas.

Total purse paid was \$1100. Ready Cash, owned by Armstrong Bros., of Brantford, and driven by B. Travis, took both heats of the 2.30 classified. Corporal Jerry, owned by H. McManus, Stratford was favourite to win in the 2.30 pace or trot. Favourites took both heats in the other races too: W. S. Riddell, owned by R. Ritchie, of Guelph, the "Georgetown Development" pace or trot; Cindy's Lass, owned by L. Owen, Tillsonburg, the "Rotary Club trot" for non-winners of \$2,000 in 1954; Wee Atom, owned by Armstrong Bros., Brantford, the "Merchants Class" for non-winners of \$3000 in 1954.

### WHAT COUNCIL DID

#### Clifford Hibbert Joins Municipal Office Staff

Clifford Hibbert, King Street, who is employed in Toronto with Canadian National Telegraphs will be joining the municipal office staff next month. Mr. Hibbert was hired by council Monday night to replace Mrs. Aileen Bradley, who is joining the Herald office staff.

Council had originally advertised for a lady assistant and six applications were read at the meeting Monday. When the applications were being discussed, Reeve Stan Allen brought up the question of hiring Mr. Hibbert, who had applied for the job of assistant clerk when Clarence Benham was hired recently. He will receive a \$2500 salary.

Assessment commissioner Joseph Gibbons received an increase in allowance to \$250 from the previous \$100, in view of the larger territory which he must now cover in his duties.

Mayor Armstrong said that the administrative committee had discussed with town clerk John D. Kelly the hiring of temporary help to aid in water billing, as this work is behind schedule. Mrs. Thomas Eason was engaged for this and will be paid \$35 a week during the time she is working.

The new engineer, Douglas Wilson, who started his duties Monday was introduced to council. He will be taking over the job of building inspector also, from George Adams the first of July.

Cr. Walter Gray lost out in a plan to provide extra parking space across from the post office, when council members were deadlocked 4 to 4 in the vote.

Mr. Gray suggested that land adjoining the Georgetown Lumber property be filled in, a cement abutment erected and parking space for several cars created.

"We have been dealing with a lot of big questions like the Heslop development and a waterworks system," he said "but there are some small things too which are important. I'm getting disgusted with parking and driving conditions downtown, and it's time we took some action on these problems."

Mayor Armstrong said there is merit in the idea, but he could not fully approve an expenditure of several hundred dollars when mail delivery looms in the future. When that time comes, congested parking at the post office will remedy itself, he said.

#### Tells Ladies' Council About Commerce Chamber

Charles Wray, chairman of the retail section of Georgetown Chamber of Commerce, explained the make-up and aims of that organization when he spoke to members of the Local Council of Women Friday.

The meeting, the closing one for the season, was held at the home of Mrs. D. W. Baxter, Charles St. The ladies will meet in September.

## DOUBLE WEDDING: Norton Twins Pose With Husbands, Attendants

It is seldom that Georgetown sees a double wedding, and when the brides are twins, it makes the occasion more unique. The wedding party in St. Alban's Church, Glen Williams, posed for this happy occasion when the Norton twins were married earlier this month. Left to right are their happy occasion when the Norton twins were married earlier this month. Left to right are their sister, Mrs. James Valentine, matron-of-honour; Mr. and Mrs. Russell Fatt (Lillian Norton), Mr. and Mrs. Terrence Timbers (Mildred Norton) and bridesmaid Kathleen Waring. In front are two little flower girls, Shirley Norton and Jane Haines.

## Speed Trap Planned In Georgetown Soon

Tests of equipment to trap speeders have proved so successful that Georgetown council has ordered an ammeter speedometer which will be put in use within the next few weeks. The E. A. Horton Sales Co. which handles the equipment put on a demonstration here on the highway last week. Roy Halsey, of the council who watched the demonstration were impressed with its accuracy, and have decided to put the system to use.

Monday night at council meeting, Cr. Walter Gray, who is police committee chairman, said signs have also been ordered as it is obligatory when speeders are electrically timed to have warning signs erected in the area clocked.

It is not Georgetown's intention to use this as a revenue producer, as has been suspected in certain other towns. But it is definitely decided to cut down excessive speeds and reckless driving, both on the highway and on other town streets.

It is interesting to note, says Mr. Gray, that 80 per cent of the cars clocked on the highway near Wray's school were driving over 50 miles an hour in a 30 mile per hour zone.

## Rebekahs, Odd Fellows March in Remembrance

On Sunday the Independent Order of Odd Fellows held their annual grave decoration and church parade. The day's programme started at 9 in the morning when, after meeting at the Lodge rooms, the Odd Fellows left for Glen Williams, Norval, Hornby and Stewarttown where memorial services were held in the various cemeteries.

In the afternoon the Odd Fellows left the lodge rooms at 2.30, marching to Greenwood Cemetery, with the Georgetown Girls' Pipe Band leading, the Rebekahs joining them at Hill's store. Consulting engineer Mr. Roberts, of the Philips and Roberts firm, was present to discuss the matter with council.
