**This stake is
 TOUGH!**

The stakes surveyors use to mark land boundaries have a way of disappearing—and that can mean a whole survey has to be done over again. But now there's a new all-aluminum stake that is tough for time and weather and playful animals to handle. It won't rust, rot or weaken. And two bars open out at right angles, underground, to prevent its being rooted out by even the most muscular bear. It's a Canadian invention, made of Canadian aluminum, by a Canadian company, to meet a typically Canadian problem.

CLUB MIDTOWN
 My first duty of the week is to thank George for the beautiful write-up he gave me in last week's column. I only hope I can live up to his expectations. Anyway, I am sure I will enjoy working with George. Thanks again, Mr. English.

Now to get to the meeting. There isn't actually much I can write about this week because it has been some time since a meeting has been held and also because the report is written before the meetings are held. But I am certain this week's meeting will be mostly concerned with the scavenger hunt and hay ride of this Friday night. Don't forget this big event. See you next week?
 —Donna Bennett.

FATHER OF THE YEAR
 Named Georgetown's Father of the Year by the Laura Secord Co., Dick Licata received a Father's Day gift of a box of chocolates from the company. Though childless, Mr. Licata's work with Lions, swimming pool committee and every worthwhile work fits him for the award.

**MORE DONE IN AN HOUR
 WHEN IT'S DONE WITH POWER**

What one man can do on the farm in work output has been increased many times by the developments in power farming equipment in recent years.

Tractors and implements now available give control over the work the year 'round and on more and more farms there is less and less need to employ hard-to-get and high-cost farm labour.

Mechanization has meant more to the farm than relief from drudgery and freedom from heavy burdensome physical toil. Mechanization has brought a new concept of farming and has given agriculture the greatest lift in years. And mechanization has contributed greatly to the more wide-spread sharing in higher standards of living.

In the advancement of their operations through mechanization farmers have found in Massey-Harris and Ferguson tractors and machines time and labour saving advantages that help them do their work easily, quickly and more profitably. Your local dealer will be glad to tell you about the latest developments.

Mr. McDonald was elected master of the lodge this year, but due to ill health had been unable to take an active part in lodge affairs since his election.

Thomas Warnes, who has been deputy master, was installed as master for the balance of the year.

The local lodge will celebrate the 12th in Shelburne this year on Saturday, July 9th with the Dufferin County brethren.

District Master Ernie Rawson gave a comprehensive report of Grand Lodge which he attended in Orillia in May, stressing the masterful address given by Rt. Wor. Bro. Gordon Keyes, grand master of Ontario West.

 Ingersoll 50th Anniversary**

A former minister of Knox Presbyterian Church, Georgetown will, with his wife, mark an important occasion on Sunday, June 26th.

They are planning a reception at their home 230 King Street E., Ingersoll, to mark the occasion of their 50th wedding anniversary. They are hoping that some of their Georgetown district friends will be able to be with them on this happy occasion, when a reception will be held from 3 to 5 in the afternoon and 7 to 9 in the evening.
