Flames Shot Fifty Feet In Lighted Gas Display

Two events last week put Anthony Gas and Exploration, whose company headquarters is in Acton, in the public eye.

The company, organized by Anthony Szymuk, Acton, has been successful in locating natural gas in Esqueping Township and has three wells operating, one of them producing 3,320,000 cu. ft. a day.

Last Wednesday Mayor Harry Worton, Guelph, pulled the lever starting the drill on a 26-ton drilling rig on a farm on No. 7 just east of Guelph city limits. Site of the drilling is a familiar landmark to highway travellers, and was once familiarly known as the "fox farm" to passers who noticed the fox cages high on the hill.

A crowd of some 500 heard Mr. Szymuk explain that he has been drilling for 27 years in the district, and that he is convinced there is enough gas in the area to supply cheap fuel for both houses and industry in the Guelph area.

The next evening on property owned by Mr. and Mrs. Alvin McDonald in the Scotch Block, a hundred spectators watched a "lighted demonstration" designed to show the fire power of gas which has been located on the farm.

The intense heat could be felt 100 feet away and flames shot an estimated fifty feet in the air when the well was uncapped. Pressure of the gas was so strong that when it was turned on without being lit, it blew a metal pipe high in the air and flattened it.

There are two wells on the farm which is located on the 4th Line and Stewarttown sideroad corner. The demonstration took place at the well closest to the road.

GEORGETOWN JEHOVAS DALLAS CONVENTION

Four delegates representing the Georgetown congregation of Jehovah's Witnesses are at present attending the five day convention at the Cotton Bowl in Dallas, Texas. This convention is one of eleven National Christian Assemblies to be held world wide this year. With three assemblies already concluded the largest delegation totalling 25 look forward to leaving this week-end for Yankee Stadium, New York City which will wind up the national assemblies on this continent.

Seven delegates who travelled to Chicago and one who travelled to Vancouver have returned with stirring reports of the grand success of these two assemblies. "In 1953," Mr. George, presiding minister here, pointed out "We had one international gathering of ministers at Yankee Stadium in New York that drew a peak attendance of 165,829 from 97 lands. This year we hope our combined attendance will double that."

Suspended Sentences For Toronto Youths

Two Toronto youths were given suspended sentences and placed on probation for two years when they appeared in Milton court last Wednesday. They pleaded guilty to a charge of having burglar tools in their possession.

The two men were apprehended by OPP Constable Don Smith and town constable Alexander Macleod on June 28th about 11:30 p.m. behind the IGA Supermarket on the highway. The police officers were making a routine check of the property and found evidence of an attempted entry into the building. A parked car contained a quantity of saws and tools. A charge of attempted entry was withdrawn by the court.
