An exclusive interview by Ward Allen

LONDON-ONTARIO (Special) — M. D. Jarell, Director of Jarell Hair Experts of Canada, exploded the "myth of baldness" today in an exclusive interview.

"Baldness is unnecessary, costly, and a plague to mankind," says Jarell. "No man need be bald. No man need suffer the stigma of premature old age that is forced upon him because he is losing his hair. The Jarell method of hair and scalp treatment can prevent baldness—can turn colorless fuzz into healthy, growing hair—can make you look youthful again."

Demonstration to be held in GEORGETOWN, Ont.

This revolutionary method of home treatment for the hair and scalp will be demonstrated in Georgetown, Monday Only, August 22nd at the McGibbon House, Trichologist Des Laurier will conduct the private, individual interviews from 12 noon until 9:00 p.m. on August 22nd, 1955. There is no cost or obligation, and you need no appointment.

#### REASON FOR BALDNESS

"There is always a reason for baldness," continued this nationally known authority. "Hair cannot grow through a scalp that is infected with dandruff, excessive oiliness, or extreme dryness. A scalp that has never been exercised cannot be expected to produce healthy hair." Men, and yes, women too, walk the streets today, completely devoid of nature's greatest ornament—hair. Simply because they were not taught the basic rules of hair and scalp hygiene while they were growing up. "The simple answer," emphasized this expert is that children should be taught the same simple basic rules of hair and scalp hygiene that they are taught for the proper care of their teeth. If this were the case, baldness would be a rarity today!"

#### Hereditary Not Involved

Trichologist Jarell dogged no issues. He quickly took up the most widely spread theory of baldness—heredity. "Mankind's unrealistic belief that baldness is hereditary stems

from a misinterpretation of the theory of genetics. Theory does not state that any person must be bald because baldness exists in the family. What it does say, is that in some families, a tendency exists towards an undernourished scalp." The purpose of Jarell Hair and Scalp Experts is to teach the methods of strengthening the weak scalp and nourishing it to a healthy, vigorous condition. A healthy scalp will grow hair, if it is not already completely bald," assures Jarell.

#### Is There Hope For the Completely Bald?

In his travels throughout the United States and Canada, Jarell has collected hundreds of testimonies of his ability to develop weak fuzz into healthy, mature hair. All of his clients have started with a private examination, hair and scalp analysis, and a diagnosis of the disorder. Jarell is quick however, to tell a hopeless case that he cannot be helped. "We strongly advise," says Jarell, "that no person who is completely bald hold any hope whatsoever of regrowing hair. If there is any fuzz at all, we can restore a healthy scalp condition and the hair will grow normally again as nature intended."

#### Offers a Guarantee

"Jarell Hair Experts of Canada, offer a guarantee to any client who enrolls for treatment. If he or she is not completely delighted with results at the end of 30 days, the money invested will be graciously refunded," pledged Jarell. "We must have satisfied clients. We must regrow hair. After all, it is our best advertisement."

#### Is Your Hair Healthy?

If you have a scalp disorder, or if you are worried about your hair, call Trichologist Des Laurier at the McGibbon House, in Georgetown, Monday Only from 12 noon to 9:00 p.m. The public is invited. The examinations are private and open to men and women. You do not need an appointment, and you will not be embarrassed or obligated in any way.

### Clarence Anderson Now On High School Board

Clarence Anderson, who farms at Union, has been appointed a member of North Halton high school board and attended his first meeting Monday when the board met in Acton.

Mr. Anderson succeeds George Cleave, a past chairman, who has moved into Georgetown after retiring from farming, and who has resigned from the board.

With schools reopening in another few weeks, the meeting dealt with matters affecting the return of students to the classrooms.

At Georgetown, painting of the exterior of the building is being completed, and the new caretaker, Clarence Bais is busy getting the building in shape for the fall.

Acton expects their 3-room addition to be completed in time for September opening. The 3-room Milton addition has not yet been started and will not be completed until later this year. The Georgetown firm of J. B. Mackenzie and Son has the contracts for both additions.

### MAYOR ENTERTAINS FOR RETIRING FOREMAN

Members of the council, the town clerk and assessment commissioner and their wives gathered at the home of Mayor Jack Armstrong and Mrs. Armstrong Saturday night to honour Kra Hyde who has resigned his position as town foreman to become general manager of Beaver Ready Mixed Co.

Mr. Hyde was presented with a pen and pencil set by Cr. Garfield McGilvray who expressed the best wishes of council for success in his new business. Mrs. Hyde received a bouquet of flowers, presented by Reeve Stan Allen.
