## LEGION NOTES

by Les Clark

The monthly meeting was held on Thursday evening last with a very small crowd attending. As your reporter was not there himself, he can not give you much of a report, however, one thing we do know is that there were hot dogs. Also that between them, Gord King, Lorne Cross and Earl Wilcox are supposed to have

eaten three dozen! However that is just rumour.

It is unfortunate that there was a small meeting, but however with the number of events taking place, it was to be expected.

Congratulations to the Legion horse-shoe team, Bill Collier and Joe Stamp, who were runners up in the Legion-sponsored competition last Saturday. Bill and Joe are experts in this sport and got a well deserved win. Again,

congratulations!

We went to the Legion zone meeting at Streetsville last Sunday and had quite a good turnout from Georgetown. In fact, we think it was by far the biggest there. The meeting was a good one, with regional vice president Reg Cleator there and also Poppy Fund representative Jack Scott.

The meeting was opened by the president of the Streetsville branch, who then turned it over to zone com-

mander Hugh Lamb. Minutes of the last meeting were read by Secretary Trowell Robinson. A financial report was also given.

Various matters were dealt with including the past zone parade, and a proposed stag night to help a struggling branch in the zone get firmly established.

Bronte is building a new hall and it is hoped to see the zone help in this project, also to attend their opening, possibly having a zone meeting there to officially open it. The zone purchased a typewriter for their use also.

Tom Grievie of Georgetown was made poppy chairman for the zone, with his wife, Georgetown's poppy chairman to assist him. It was noted that Mrs. Grievie had done this for 27 years in Georgetown.

Secretaries and treasurers of all branches are to attend a school for them under auspices of provincial command early in the new year.

Les Clark was left in charge of getting mats distributed to the various papers in the zone for newspaper advertising for poppy day. It was decided to order the said mats from Provincial command and get started right away.

Jack Scott, poppy chairman for the district then gave an interesting talk on his poppy work, explaining that the original poppies had been made in France, in the early days by war children, after that by war vets, until it had grown to now, huge proportions. He pointed out that veterans, which makes the poppies, was not a Legion part, but was rather a government project, supervised by the government with poppies made in Sunnybrook and other military hospitals. He also pointed out the tremendous tasks facing this work for all veterans and urged everyone's support.

This year the poppy is different, and will be made of velvet, with almost a velvety finish, and marked on the back so that the can be recognized as the genuine, government-sponsored article. He hoped every one

would help in this vitally important work.

Reg Cleator then spoke, urging the meeting to attend the next district meeting and giving a report of the work to date in the district and region. As always his talk was interesting and informative.

Meeting was adjourned and lunch served.

Our apologies to Harry Savings and to Tom Grievie, who helped out on Decoration Day as usual, but whom we overlooked in our column. Guess you've been doing it for so long that we just took you for granted, boys. Thanks, anyway.

Todmorden branch visited the local branch last Saturday and had quite a day of it by all reports. Everyone is pleased with the day they had.

We hear two local Legion members are golf champs, Ken Nash, club champion, and Gob Collier champ of "B" flight. We hear their caddies are demanding recognition now, so here it is, Mr. Gordon King, caddie to Nash, Mr. Earl Wilcox, caddy to Collier, and bulleeve me, the boys take their important positions and work very seriously.

Christmas Tree preparation are under way again and chairman Charlie Day tells us things are really moving. He has ordered tickets for another draw, and everybody's cooperation is asked for. More later.

### GEORGETOWN INDUSTRIAL DARTS AND CRIBBAGE

The Georgetown Industrial Darts and Cribbage league is ready to open for the season. The summer sports are pretty well over for the season, and once again we are ready to go for a real fall and winter battle of darts and cribbage. So captains report with your teams to enter, to chairman Fred

McCartney or Secretary Perc Chaplin, no later than October 1st, if possible as schedule is to start Oct. 12 for darts and Oct. 15 for cribbage.
