CBS TELEVISION, A DIVISION OF THE COLUMBIA BROADCASTING SYSTEM BRINGS THE BIG CHANGE TO TV VIEWING

There is no finer video circuit anywhere than the Full Fidelity picture system of the new CBS Columbia Television Receiver. It features all of today's most important electronic refinements.

AND "360" FULL FIDELITY SOUND

The "360" Full Fidelity Sound System, developed by CBS Laboratories, is absolutely unique in TV. Not one, but two revolutionary new extended range speakers and two sound outlets at opposite sides of the cabinet surround you with rich, full bodied sound. You get a radiance of clear, natural sound such as never came from a TV set before. Voices and music come alive. The whole room plays!

A COMPLETELY NEW EXPERIENCE

Full Fidelity Sight makes everything look better. "360" Full Fidelity Sound makes everything sound better. The result is CBS-Columbia Full Fidelity TV, an unusually vivid experience of realism. No other system in TV gives you such a happy marriage of sight and sound, because no other system is completely faithful to eye and ear.
