TRIM LOOK

Most talked about items in our store these days are the new Arrow Checks in the Trim Look.

Man, they're sharp! The two above are Radnor (left)—a short rounder with eyelets for a pin; and Kent—a short point, medium spread, fused collar.

And this new Arrow Trim Look—ah, sir, it's the end! French front—no seams, no bulk, no wrinkles—easy to iron. Cord-edge stitching on collar and cuffs, up to now usually

found only on costly custom shirts. New tapered sleeves cut to fit the cuff—no untidy "gathering"—lots easier to iron. And Mitoga tailoring—specially cut to control blousing at the waist and binding under the arms.

Why not come in soon and see our complete line of Arrow Checks in the new Trim Look? Several shades—many collar styles, all long wearing and perfect fitting.

HIGH YIELD IN GRAIN CORN COMPETITION

The results of the Grain Crop competition, sponsored by Halton Soil and Crop Improvement Association, were just received. When the competition was organized last spring, sixteen Halton growers made entry. The competition called for a minimum of three acres and no restrictions were placed on variety, cultural practices, etc. The last week in October, two rods of one row, at each of four points in each field were picked and weighed. Ten average ears from each competitor's field were then sent to Guelph to determine percentage moisture shelling percentage and finally, yield of shelled corn; per acre on a 15 per cent moisture basis. The top yields is 114

bushels per acre; in second place is 113.9 bushels; in third 104.9. The average yield of the group was approximately 85 bushels per acre. The moisture content varied all the way from 23.8 per cent to 40.2 per cent. The winner will receive the Gold Watch donated by the Milton Milling Company. The presentation will be made at the annual meeting of the Halton Soil and Crop Improvement Association, in late December, at which time a complete report will be presented.

WMS Meeting Held At Mrs. Bridgen's Home

The November WMS meeting was held on the evening of the seventh at the home of Mrs. Bruce Bridgen, with president Mrs. Leslie Giffen in charge and opening with a hymn and silent prayer. Roll Call was well answered with countries of the Bible, with scripture reference. The minutes of the September meeting were read and approved.

A nominating committee to appoint next year's officers were Mrs. Frank Ruddell and Mrs. Clayton Wilson.

Some interesting highlights of the Sectional meeting held in Bethel United Church on Nov. 1st were given by Mrs. Frank Wilson, Mrs. Hector Bird and Mrs. John Bellbuddy. A lovely devotional stressing "The World to Christ we bring" was given by Mrs. Thomas Giffen and Mrs. H. Bird.

The Study Chapter was in charge of Mrs. John Bird and told of the Mission Work among the Indians. We learned that in 1840 James Evans lived among the Cree Indians at Hudson's Bay and built a school, church and homes and made birch bark Bibles. Mrs. Bird was assisted by Mrs. Arthur Ruddell who told of the Caughnawaga Indians, Mrs. Frank Ruddell who told of the Aitiquela Indians of the west coast. Mrs. John H. Hunter the Cree Indians and Mrs. Leslie Giffen of the mission work among the Six Nations group, which makes one realize the mission work among these Indians present many challenges. Mrs. T. Blackett gave the prayer for our chosen missionary and the meeting closed with a hymn followed by a social hour.

On Thursday evening, November 10 the Junior choir of our church held a crokinole social in the church basement. Twelve tables of crokinole were played, the winners being Mrs. John H. Hunter and Allan Brownridge.

Rev. J. L. Blair, minister of Saint Paul's United Church, Milton, was in charge of the Sunday morning service and administered the Sacrament of the Lord's Supper. Two dear little babies were presented for baptism, Barbara Jean, daughter of Mr. and Mrs. Ward Brownridge and Roxanna Marie daughter of Mr. and Mrs. Lloyd Sweeney.
