Rector's Mother Dies Buried at Penetang

Rev. Kenneth Richardson, rector of St. George's Anglican Church, received the sad news last week of the death of his mother on Thursday evening, November 10th, at the General Hospital in Penetang, Ontario. Mrs. Richardson had been ill for 5 weeks.

Born in Hendon, England, she was the former Elizabeth Amelia Dickens, daughter of the late George and Elizabeth Dickens. She came to Canada prior to the first world war.

Until five years ago Mrs. Richardson was a resident of St. Catharines, Ontario, and was a faithful worker in St. Thomas Anglican Church of that city. She was presented with a Diocesan Life Membership of the Women's Auxiliary prior to moving to Penetang with her beloved husband Thomas as on his retirement from the St. Catharines post office staff. Mrs. Richardson was also a member of the Imperial Daughters of the Empire.

She is survived by two sons, Thomas Richardson of Port Dalhousie and Kenneth S. G. Richardson, of Georgetown. There are six grandchildren, Joan, Thomas, Garry, Gail of Port Dalhousie and Diane and Dawn Elizabeth of Georgetown.

The late Mrs. Richardson rested at the funeral home of A. Barrie and Sons of Midland until Saturday when the burial office took place at All Saints' Church, Penetanguishine, conducted by the Rev. B. Brightling, assisted by the Rev. Kenneth Richardson.

Blind Advisory Board Hold Fall Meeting

The Halton county advisory board of the Canadian National Institute for the Blind, held their fall meeting in the office of the chairman, G. F. Thompson, in Milton, on Tuesday, evening, November 8th.

The board wishes to express their sincere appreciation to the regents and members of the IOOE's of Milton and Georgetown, for their invaluable assistance during the campaign to raise funds for the maintenance of their work for the blind. They also wish to thank all who contributed financially, or otherwise, to the success of the campaigns in Acton, Burlington, Georgetown, Glen Williams, Milton and Oakville. The amounts raised were as follows: Burlington, \$1752.75; Milton \$1375.07; Georgetown \$1145.73; Acton \$197.30; Glen Williams \$73.70; The Oakville-Bronte-Trafalgar Group will make their contribution at the close of their Good Neighbour Fund Campaign, which is now in process.

Were it not for the generosity of the people of Halton County, the Board would be unable to carry on its work for its less fortunate citizens.

Mr. W. Stanley, field secretary, in his report, thanked the members of the Halton County Board for their continued interest in work for the blind. He also commented on the various campaigns; gave some details on the booth arranged at the Milton and Georgetown Fall Fairs for the sale of Blindcraft articles; and the annual picnic held at the home of Mr. and Mrs. Grenville Davis, in Brampton.

With Mr. Stanley presiding, the executive, active and honorary members of the board, were re-elected for another term.

Little Helpers' Tea Thursday at St. George's

This Thursday the annual Little Helpers tea is being held in the large parish hall at St. George's Church. It is an event that tiny tots under seven look forward to as their parents bring them to the gala afternoon affair. Mrs. Thomas Warnes is the chairman of the Little Helpers and the Cradle Roll is a unit of the Women's Auxiliary.

HAY HAY!

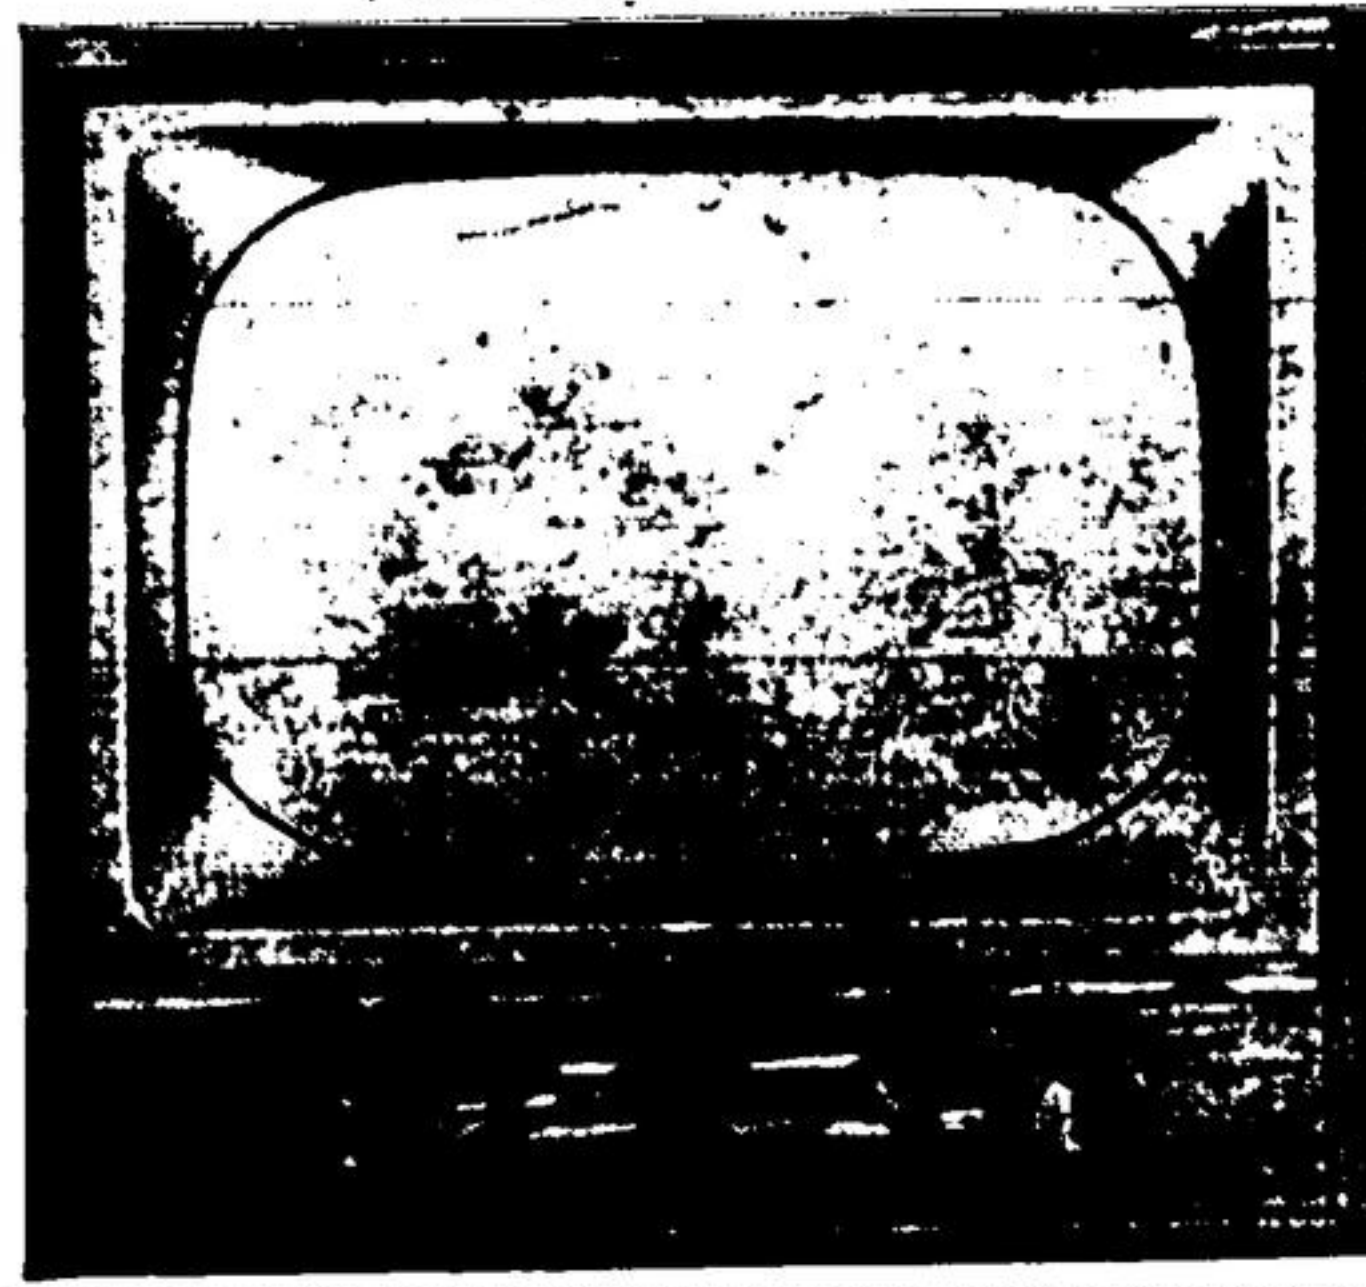

Some farmers in the picturesque, low-lying Suffolk Broads district of England bring in the hay by water. So it was logical for a British boat builder to use light-weight aluminum to produce a 650-pound punt capable of carrying a load of hay more than six times its own weight.

In Canada aluminum is better known among farmers as a non-rusting, heat-reflecting, easily handled material for barns and roofs and silos... though of course it has many other farm-uses, from milk cans to windmill blades. No hay-boats, though.

Foreign Buyers At Hays Sale of Holsteins

Hays Sales Arena on Wednesday of last week saw the dispersal of two of Halton's top Holstein herds - namely those of Frank G. Stark and Son and W. S. Hall and Son. Their fellow Halton breeders will be happy to learn that the general public appreciated the high quality of the herds being offered. Buyers were present from South America, the United States, as

well as from various parts of Canada. Unfortunately, we haven't many details on the Oakhall herd, other than the top female, a Highcroft daughter, which sold at \$775. In the sale of the Sunnybank herd, there were 29 lots and the average price received was slightly over \$300. In the 29 lots there were 17 cows and 11 heifers over one year old but not bred. The top animal was the "Very Good" year old cow, Sunnybank 1000. It is a bit of a cow, bred by Mr. Stark from a bull that

"Right" - a bull which all Halton Holstein breeders will well recall. Those who have had the privilege of visiting the Sunnybank farm in the past year will recall the
