**FARM NEWS**

**Quarter Century Sees 25,000 Rural Increase**

Most readers are aware that the 1951 census revealed that slightly under 15 per cent of our population now live on farms. Some concern has been expressed that the trend towards larger farm units will disrupt our rural social services, recreation, etc. We were therefore somewhat surprised to learn that the Assessors' List show a tremendous increased population in our rural municipalities.

This increase is due in the main, to the influx of folk from urban centres who have purchased homes in rural municipalities. Back in 1929, the population of Esqueving, Nasagaweya, Nelson and Trafalgar (which at that time included the village of Bronte) totalled 12,143. In 1955 we find the population in the same four municipalities, including Bronte, had jumped to 31,863.

**GLEN WILLIAMS**

**Mrs. John Haines, 81 Lived Here Since 1913**

A Glen Williams resident since 1913, Mrs. John Haines, 81, was buried in the Glen Cemetery on Friday following funeral service in St. Alban's Anglican Church. She died on Wednesday.

Formerly Jane Hancock, she was born in Hunsapill, Somerset, England, in 1874. She married John Haines of Yeovill, Somerset, who served nineteen years in the Royal Horse Artillery in all parts of the empire including the Boer War.

They came to Canada in 1913 with their six children and settled in Glen Williams where Mr. Haines died in 1933. She had made her home in the village since then.

Surviving are seven children, Mrs. Matthew Beaumont (Mae), Mrs. H. F. Beaumont (Hilda), Roland, Thomas and Mrs. H. Tracey (Mary) of Glen Williams and Mrs. P. O'Donovan (Ivy) of Toronto, and Mrs. Tom Norton (Marjorie) who was born in Canada; 14 grandchildren including Catherine and William who made their home with her; and 4 great-grandchildren. One grandson Clarence Beaumont was killed in action in 1945 while serving with the Canadian army in Holland. Two brothers, Ambrose and Fred Hancock who came to Canada about the same time as the Haines' both predeceased her.

Mrs. Haines had always kept up her English connection and three years ago at the age of 78 she went by plane to the old country for a pleasant and exciting visit with relatives and with friends.

Rev. Kenneth Richardson conducted the funeral service and six grandsons were pallbearers, Delmar, Melvin and Junior Beaumont, John and Bud Haines and John Nelson, Toronto.

**KNOX YLA BAZAAR W.A. SERVES SUPPER**

Mrs. Ross Duncan, assisted by Mrs. W. B. Ford and Mrs. Bob Burke, convened a very successful bazaar held in Knox Church School Room, last Friday afternoon. The bazaar was sponsored by the Knox Young Ladies' Auxiliary, and the ladies of the W.A. served a hot supper.

The various booths and specialty tables were well patronized during the afternoon. The home baking table was in charge of Mrs. Rupert Beaumont, Mrs. Alistair Macintosh and Mrs. Arthur Armstrong. Mrs. K. C. MacMillan convened the home preserves section. Mrs. Gerald McCahoon, Mrs. Bob Lane, and Mrs. Harry Moss looked after the sewing table, and Mrs. George Henderson was in charge of the candy table.

All kinds of Christmas novelties were featured at the table convened by Mrs. Vinc Hepburn. The Explorers' Group led by Mrs. Charles Sayers and Mrs. Audrey Scott operated the fish pond and also sold doll furniture they had made. The ladies of the W.A. had a sewing table. Mrs. Veryl Hawson and Mrs. S. Rubin were in charge.

The W.A. ladies also convened the serving of a hot supper, under the convener'ship of the president, Mrs. George Leslie. The committee assisting Mrs. Leslie were Mrs. Albert Pattendon, Mrs. Hazen Graham, Mrs. Harry Lawson, Mrs. Norman Devereaux, Mrs. Blake Leslie, Mrs. Frank Brown, Mrs. Milton Bird, Mrs. Percy Olney, Mrs. Seward Wilson and Mrs. Frank Robinson, Mrs. Henderson, Mrs. W. Wilson, Mrs. Russell McClure, Miss Lynne Treleavan, Miss Jean Jennings, Barbara Bowman, Eileen Crumb served the supper tables.

**ROSAFE HOLSTEIN SALE SHOWS \$1468 AVERAGE**

A Holstein bull sold for \$7,500 at the annual Rosafe Sale held November 22nd at Oakville. He was Rosaxe Pontiac Jupiter, an eleven month old bull calf bought by James R. Henderson, Kingston, Ontario. The Rosafe herd is owned by Dr. Rector I Astengo of Brampton, Ontario. The Henderson bull is sired by a son of the noted Inka Supreme Reflection and his dam is a daughter of the Extra Sire ABC Reflection Sovereign. The dam is herself classified Excellent in Selective Registrations and her yearly production record made as a four year old on three times a day milking of 24,176 lbs. milk containing 890 lbs. fat average test 3.68 per cent butterfat was the largest completed in its class in Canada in 1954.

G. R. Row, Woodstock, paid the second highest price of \$2,200 for a son of ABC Reflection Sovereign from a daughter of Inka Supreme Reflection. The top female, a bred heifer, brought \$1,550 on the bid of Guillermo Bullrich, of Buenos Aires, who also bought two other heifers at \$1,025 and \$1,000.

Although the top animals did not go for export, Latin American buyers secured eleven of the eighteen head sold, and three went to the USA.

The sale realized \$26,425, an average of \$1,468, the highest average of the four annual Rosafe reduction sales held to date and one of the top half dozen averages every received at a Canadian Holstein sale. The ten bulls sold averaged \$1,905.

An interesting purchase was that of a bull calf that will be part of an exhibit of Canadian Holsteins destined for the annual Livestock Exhibition at Ciudad, Trujillo, Dominican Republic. Five milking females averaged \$795, and three bred heifers \$1,133.

**Georgetown and District Community Swimming Pool**

Georgetown, Ontario  
November 30th, 1955

**An Open Letter to the Citizens of Georgetown and District**

For many years past there has been much talk in Georgetown of the need of a swimming pool to provide a safe, clean place for our children (and adults) to swim. Everyone felt it was a necessity but like many other things no one wanted to be the one to take the lead. Finally the Lions Club decided to do just that. They started and have built the pool which is to be wholly a community project with the Lions the spearhead only. It is up to us, as a community, to work as a community and see that we follow through and get behind the leaders all the way.

The pool, which is one of the best in the district is 105' x 45'; has a 10' concrete walk around it and runs from a depth of 3' to 9 1/2'. It has been constructed in such a way that it can be enclosed at some later date if so desired by the citizens of the community. The filtration plant, the important part of a swimming pool, is the best obtainable.

When the pool has been completely paid for, as a community project, it will be turned over to the Town of Georgetown and will be operated by a group of citizens appointed by Municipal Council for that purpose. It will be operated as a non-profit community enterprise. The only fees which will be charged will be sufficient for adequate operation of the pool. Any revenue from the pool will be used strictly for operation of the pool and allied recreation.

Instead of our children swimming in places where the cleanliness of the water is uncertain and where they have no supervision at all, they will have a place which will have adequate lifeguard facilities at all times and where we know there is no danger of polluted waters.

To have this pool, of which we can all be very proud, we must have \$50,000.00. This can either be cash at the present time or a pledge which can be spread over the period of the next year. An average of \$50.00 per family in the community would give us sufficient to pay for the pool with a first class filtration plant and adequate dressing rooms. It is not necessary for payments on the pledges to commence immediately. Many of the folks who have signed pledges are waiting until after the first of January, 1956, to commence payment. This is fine — they can be paid over the period of a year, making it easier for the individual and at the same time with the pledges, sufficient money can be raised through the bank to pay for the pool. At the present time there is approximately \$13,200.00 in cash and \$4,800.00 in pledges. It is the duty and privilege of each one of us as a citizen of the town of Georgetown and district to support the effort to the best of our ability.

As in every campaign to raise money for any worthwhile project there must be administrative costs and expenses for advertising and such. No monies for these items will be taken out of donations or pledges made by the public. The entire cost of the campaign is being absorbed by the Lions Club.

The following figures will show just how the \$50,000.00 which must be raised has been spent to date:

Filtration plant, ladders, showers, and etc.	\$ 17,200.00
Fence	1,850.00
Plumbing and toilets	1,000.00
Excavation and bulldozing	1,470.00
19 tons steel at \$195.00	3,705.00
550 cubic yds. concrete	7,480.00
Man hours, forms and etc.	3,115.00
Change house, hardware, etc.	4,200.00
Pit run gravel under floor, weeping tile and crushed stone	580.00
Wire mesh in floor	340.00
Permanent painting of interior of pool	1,200.00
	\$ 42,020.00

There is still work to be completed.

I have tried here to give you some facts and figures about the swimming pool — our community project — and I would suggest now that you take a drive around Victoria Crescent at your first possible opportunity, see for yourself just what has been done and visualize the wonderful place our children are going to have to swim next summer. Then think about it — let us each do our little part.

Yours respectfully,

H. C. McCLURE,

President, Lions Club
