

**TB SEAL RECEIPTS
UP 15 PER CENT**

Receipts for Christmas seals sent to householders throughout the county by Halton TB Association are running 15 per cent higher than at the same period last year, president R. F. Bean reports.

Despite this welcome fact, the TB Association president urges all those who have not yet sent in their dona-

tion should do so as soon as possible. He explains the organization plans a mass survey in the county next fall and the program would be a heavy drain on resources.

In December the Association distributed Christmas packages to all those from Halton at present in sanatoria. A credit was also deposited in their canteen funds.

There are about 17 persons from Halton County undergoing treatment in sanatoria.
