Baxter Labs Moving From Acton to Alliston

A serious blow to Acton's industrial picture, was announcement last week that Baxter Laboratories will move to Alliston this year.

The announcement, issued by company vice president Ralph Falk from Morton Grove, Ill., verified rumours prevalent in Acton for some months about the future of the Baxter plant.

Mr. Falk said Alliston was chosen after careful study of localities in southern Ontario because of its proximity to Canadian Pacific Railways. Construction of a 30,000 square feet plant will begin in the spring. The plant will employ 75 to 100 people.

Baxter's has been in Canada since 1937. The Acton plant was opened in 1940 when the company purchased the former Mason Knitting Co. building.

Georgetown, Stouffville Vie for Hockey Leadership

Georgetown and Stouffville are battling it out for first place in their intermediate hockey grouping.

If Stouffville wins tonight against Brampton, Friday's game here should be a real thriller, as it would be the deciding match.

Playoffs are being arranged and the semi-finals will start on the 14th.

Stouffville, Oakville and Georgetown are Intermediate A teams. Second and third place teams will play a 3-of-5 series, and the winner will meet the first place team in a best-of-7.

Milton and Brampton will play off for Senior B honours.

Raiders won their fourteenth game here Friday when Varey's second goal of the night came in the overtime period. Oakville had carried a 3-goal lead into the third, which Raiders overcame to force overtime. Varey, Chard and Ptashnik were 2-goal men and Dixon also scored.
