EASTER SEAL FUND CLOSE TO OBJECTIVE

An objective of \$1500 in the Georgetown Easter Seal drive has been almost met, according to today's returns compiled by Maurice Manderson, treasurer.

The project was sponsored locally for the first time this year by the Rotary Club, under the chairmanship of Dick Shearley. Rotary is one of many service clubs which cooperate in this yearly campaign to raise money which is administered by the Ontario Society for Crippled Children.

M. Manderson

There are ten such children in town and district who have been receiving help through the Georgetown club. They have been taken weekly to the Lakeshore Swimming Club in Toronto and the club is planning to send some of them to summer camps.

The local Easter Seal campaign was initiated at a dinner last month at which Gus Ryder and Cliff Lumsden, whose work at Lakeshore is internationally known, were special guests. Today's returns in the campaign are \$1,484.40, according to Mr. Manderson.

Rotarians are still hopeful that a few more donations will be received to boost the fund over the \$1500 objective.

Carl Schenk Returns To GHS as a Teacher

A rugby star five years ago with GHS, Carl Schenk will be returning to Georgetown High School in September in a different capacity.

He has been engaged for the teaching staff by North Halton High School Board.

Mr. Schenk, who is the son of Mr. and Mrs. William Schenk, Glen Williams, is finishing his year at the Ontario College of Education. Last year he graduated from McMaster University, Hamilton, with his Bachelor of Arts degree. He is specializing in Physical Training and will no doubt be lending a hand with the rugby team as well as other sporting activities at GHS.

He was married last fall to Pat Carney of Norval, who was a member of last year's graduating class at the high school.

Estimate 650 Calls For Hockey Scores

Mr. and Mrs. Art Scott are even firmer believers in Herald advertising after their experience with a small ad on the back page these past two weeks.

Scott Motors offered to supply hockey results for Raiders games, and there has been a terrific response from the fans.

Saturday night set a new record, and Mrs. Scott estimates that they answered some 650 calls during the evening.

The garage has a two-phone service on one number which was advertised, and besides this many people who found the line busy, called on the apartment line upstairs. Mr. and Mrs. Scott, daughters Sandra and Karen and Vern Kirby worked in shifts, and were kept busy for several hours as people phoned to find how the game was going in Collingwood.

"It was a busy evening and an enjoyable one" says Mrs. Scott, whose only regret was that they had to keep spreading the news of the 9-0 shellacking which the Raiders took from Meaford that night.

JACK SLIPS FROM CAR FINGER ALMOST SEVERED

James Callan, 177 Roseford Terrace, Acton suffered a painful injury while changing a tire on the highway early Monday morning.

Mr. Callan stopped on No. 7 opposite Harry Goldham's house, and was jacking up his car when the jack slipped, catching his finger and almost severing it. He was attended by Dr. Alistair Macintosh, who used several stitches to patch up the injured finger.

ORANGE LODGE MASTER AT DERRY WEST ANNUAL

Thomas Warnes, master of L.O.L. 245, Georgetown, was among visitors at the annual meeting of Royal Scarlet Chapter, Derry West in the Orange Hall, Brampton recently.

DANGEROUS PRACTICE TO DROP STONES ON TRAINS

Georgetown police were notified by CNR officials last Friday that a group of children had dropped large stones onto the engine of a train passing under the "White Bridge" on Main St. North.

The children would be unaware of the serious damage which could result, and police are warning that there must be no such actions in future.
