Mrs. W. E. Gill of Norval was guest speaker at the Easter thank-offering meeting, held at the home of Mrs. Mitchell on Thursday evening. Being the daughter of a Presbyterian missionary in India, Mrs. Gill told some very interesting facts about life there. Speaking of the superstitions of these extremely poor people, she said that education helps some, but that Christianity does a great deal more. In spite of money raised for missionary work overseas, not enough volunteers are available. Our sons go to war, but not to the mission field; we give our children guns to play with, but do not hang an angel on the wall, she said. She displayed a number of

ments worn by themselves. Mrs. A. Norton and Mrs. Wilson sang a duet, "Whispering Hope". The prayer was given by Mrs. Wilson and scripture was read by Miss Ivens. Mrs. Mitchell introduced the speaker and she was thanked by Miss Ivens. Faith was the text word for roll call. The meeting was in charge of vice-president Mrs. Roughley. A social hour was enjoyed at the close.

dolls, dressed in native costume by

women in India, as well as some gar-

Visitors:-

Mrs. McLaren of Cheltenham with the James Nobles.

Mr. John Wood of Toronto with his daughter, Mrs. Earl Scott, husband and family.

ANGLICAN CONFERENCE AT ST. CATHARINES

The second annual conference of there. the Brotherhood of Anglican Churchmen will be held this week end in St. Catharines. Saturday will be the major day, with sessions held in St. George's Church there and an evening banquet in Grace Church parish hall at which the speaker will be the Primate of All Canada, the Most

Rev. Walter Barfoot, Rev. Kenneth Richardson and other members of the local chapter are planning to attend the conference.

Attend Wedding of Niece in Clarkson

Mr. and Mrs. Charles Willson, Park Avenue, attended the spring wedding of their niece, JoAnne McLeay, only daughter of Mr. and Mrs. Robert W. McLeay, Clarkson to William Bruce Courtney, ony son of Mr. and Mrs. William M. Courtney, of Cooksville. Mrs. McLeay is the former Josephine Willson of Georgetown. The wedding took place Friday evening, April 6, in Christ Church, Clarkson.

White mums and candelabra formed an effective tableau for the first wedding in the new church. Rev. R. G. Oliver officiated with Mrs. A.

Bates at the organ. Given in marriage by her father, the bride wore a waltz length white nylon net gown, embroidered in silver with a bouffant skirt and low round neckline. A short french illusion veil fell from a tiny hat of white silk petals over white satin. Her bouquet was of lily of the valley and stephonotis.

Mrs. Dorothy McLeay, Applewood Acres, sister-in-law of the bride was matron of honor, wearing pale blue organza over taffeta with bouffant skirt, round neckline and short sleeves. A crown of pink carnation petals and matching bouquet complet-

ed the gown. Junior attendants were the bride's nieces, Donna and Carol-Anne Mc-Leay wearing pink organza with pale blue sash and blue organza with pink sash. Both dresses were fashioned with long waistline and short sleeves and tiny peter pan collars. They wore crowns and carried bouquets

similar to the matron of honor. Douglas Stringer, Renfrew, acted as groomsman, ushers were Glen Mc-Leay, Applewood Acres and Donald Courtney, Cooksville, cousin of the

A reception was held at the Lambton Golf and Country Club, the bride's mother receiving in a gown of Dior blue peau de sole with pink hat and accessories, her corsage was of pink roses. The groom's mother assisted wearing beige silk linen with lace, matching accessories and

a corsage of red roses. The bride and groom left on a three-week motor trip to Florida, the bride travelling in a grey wool dressmaker suit with navy hat and accessories, her corsage was of white carnations. On their return Mr. and Mrs. Courtney will live in Cooksville.

Fees Boosted for Water, Sewer Service

WHAT COUNCIL DID

Fees for hooking up to the town water and sewer systems were boosted by council at last Thursday's meeting.

The action followed mention by H. A. Lever in his 1955 report as town auditor that the town is losing money each time a connection is made, at the present \$40 fee.

Thursday, a new fee schedule was set. Hook-up charges for sewers vary from \$90 to \$110, and for water from \$90 to \$145. Should both services be installed at the same time in a common trench, the fee ranges from \$100 to \$150.

The charges will not apply to subdivisions, where contractors are entirely responsible for these services.

Several men and women were suggested as possible members of the new town planning board which is to be set up.

Mayor Armstrong said it would be embarrassing to approach a person to serve and then later find council did not appoint him. He suggested that a straw vote be made on 17 names suggested, and the four with the most number of votes be interviewed. If one or more is unwilling to act, the next name on the list will then be approached.

Revise Pipeline Plans To Follow Railway Line

Faced with strong objections by a group of Esquesing farmers to gas pipelines crossing their field at an angle, United Suburban Gas Co. has been ordered by the Ontario Fuel Board to revise its original plans.

The property owners registered their protest at a fuel board hearing in Milton last month, and the board at that time ordered a second hearing which took place in Toronto' on April 6th.

The company will now follow roads and railway lines in the main, and will negotiate with landowners along the routes for right-of-ways through

their properties along the route. Esquesing council was advised by the company last week that the route which is now likely to be taken will proceed from Trafalgar Township up the 3rd line to the Hamilton-Allandale CNR line, then follow this line to Stewarttown and thence to Geor-

The branch line to Acton leaves at the 4th line and runs to the Toronto-London CNR line at Limehouse, following the railway line to Acton from

The new proposal answers opposition of farmers who felt their properties would be adversely affected, particularly for future housing subdivisions, if gas pipelines angled

Arthritis

(A Continued Article)

How many kinds of arthritis are there ?

There are two main types, ostro and rheumatoid arthritis plus other lesser known varieties.

The most common is osteo arthritis.

More millions of people suffer from this than any other classification. E. TETRAULT, D.C. The joints in the body have many parts and membranes, cartilage, oil sacs, bones, etc. Osteo arthritis affects mainly the bone section and so derives its name "osteo" meaning bone. Osteo arthritis is known as the "wear and tear" disease. Over-activity in work or exercise can cause wearing out of the

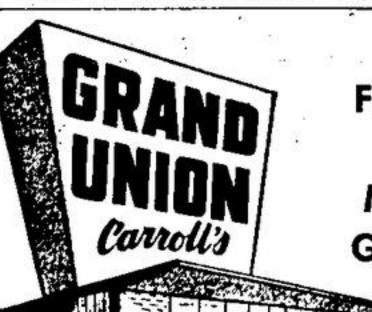

hypertrophic arthritis. But there is more to it than just wearing out of bones. For every million persons who, have this "wear and tear" arthritis, there are twenty million people of the same age, doing the same type of work, who do not have the

cushion of cartilage at the end of a bone. It is also called degenerative or

The cause of the condition used to be shrugged off as part of the "ageing process" but in 1949 Dr. E. F. Rosenburg of Chicago stated that it was time

to refute the belief that osteo arthritis came from ageing. GEORGETOWN CHIROPRACTIC **APPOINTMENTS**
