## House Moving Okayed From Highway Sites

Continued development of East Guelph Street commercially was implied Monday night when council okayed two requests for moving houses which face the highway onto lots facing Prince Charles Drive.

W. G. Sutherland, 184 Guelph St., was granted permission to move his house to the rear of his lot, giving in exchange a triangle of land which is blocking continuation of Prince Charles into Delrex. Permission was needed because, although the back lot exceeds the area required by the building by-law, it has a narrow 20 foot frontage. Mr. Sutherland said he would be putting the house far enough back to have an actual 53 foot frontage.

Wm. B. Hamilton, whose house at 180 Guelph St. is beside the IGA, was given permission to move it to a lot on the south side of Prince Charles almost opposite Mr. Sutherland's new location. Although this lot has 77 ft. frontage, its 4200 square feet is under the 5000 limit of the building by-law.

which supposedly is owned by the town, but has been registered for 75 years in the name of a Mr. Hull. Assessment Commissioner Joseph Gibbons says he believes it became town property at a tax sale about 15 years ago, and no taxes have been paid on it for years. Last week a \$100 offer was received for its purchase by a neighbouring resident. At this meeting another neighbouring resident offered \$150 for it.

Reeve Stan Allen reported that the county is going to issue debentures this year for roads, a radical change in policy.

"There's been a lot of Acton and Esquesing reeves who didn't know the meaning of the word" quibbled Cr. McGilvray.

"I convinced them that the older residents shouldn't be paying for roads for new subdivisions, and they both voted for debentures" said the reeve.

## Church Leader in Georgetown, Acton

Following an illness of six weeks, John Bernard Miller, well-known farmer in this district, died at the Toronto General Hospital on Monday, April 30th. Mr. Miller was in his 62nd year. Surviving are his wife, Laura Devereaux and two brothers and a sister, Robert, Stewart and Laura (Mrs. T. J. Brownridge) all of Georgetown.

The son of the late James Miller and Sarah Price, Mr. Miller was born at Silvercreek. He attended Georgetown High School. Following his marriage thirty-five years ago to Laura Devereaux, he farmed near Ballinafad for many years, specializing in purebred Shorthorn cattle. Eight years ago Mr. and Mrs. Miller sold their farm and retired to Acton.

Mr. Miller was a member of the United Church. When he lived near Ballinafad, he attended Georgetown

Council okayed a recommendation of the new Planning Board concerning regulations for commercial properties, requiring a 20 ft. entrance-way if such building abuts a residence, and a 20 ft. laneway at the rear to be deeded to the town. A \$200 grant was also made to the new board.

Council was informed by the two local banks of an increase in interest rate to 4 1/2%.

Town clerk John D. Kelly reported further reason for fencing the sewage disposal property, which has been ordered. He had been told that a youngster riding on the agitator had caught his foot, and while only suffering a bruise, his boot had been torn to shreds.

The clerk was instructed to ascertain the status of land above the creek flats and back of Queen St.

Mr. Millburn did not have time to visit so Mr. and Mrs. Collier entertained eighteen members of the family to dinner Friday evening to meet their famous cousin. In his capacity as radio technician Mr. Millburn stated that many times their only communication with civilization was through a "ham" radio operator in Goderich, Ontario. He made a special trip to Goderich to meet the operator.
