LT.-COL ROGER GUYOT ARMY PERSONNEL HEAD

Lt.-Col. Roger F. S. L. Guyot, officer in command of the Canadian Army personnel selection unit for Central Command died Monday morning, May 28th of a heart attack, at his home, 579 Jarvis St., Toronto.

Well-known in Georgetown and Glen Williams, where he lived for several years in the house now occupied by Miss A. F. Jack, he was buried in Glen Williams cemetery on Wednesday. A short service was conducted in St. Alban's Anglican Church by Rev. Kenneth Richardson following an earlier service that day at the A. W. Miles Chapel in Toronto.

Born in Ghent, Belgium, Col Guyot started his military career at an early age. He had been on the Allied Reparations Commission in Wiesbaden, Germany before the first world war, and was in the front line when war broke out. Taken prisoner, he spent four years in a prison camp in Germany.

He came to Canada in 1922. He was attached to the Canadian Army for many years. He served in Regina, London, Orillia, Toronto and Camp Borden, during the second world war as a personnel officer. He was recently promoted to the rank of lieutenant-colonel.

Since coming to Canada, Col Guyot acted as head of the translation department for the Mexican Light and Power Co. in Toronto.

FARM AND HOME WEEK AT THE ONTARIO AGRICULTURAL COLLEGE

For more than seventy years, the farmers of Ontario and their families have gathered at the Ontario Agricultural College in June to see the latest developments in scientific agriculture, and to discuss farm problems with the members of the College staff.

This year Farm and Home Week will be held from June 12 to June 15, inclusive, when farm families will again have an opportunity to visit the College and see the many interesting exhibits on display.

The first day, Tuesday, has been designated Women's Institute Day, when farm wives and members of the Women's Institutes of the province will be welcomed. In Macdonald Institute there will be exhibits of interest to the homemaker on cooking, sewing, home furnishings, and home management. A special afternoon program will be held in Worn Memorial Hall.

Some features of the 1956 program include a large-scale model building demonstration showing safety, economy, labour-saving methods, materials, construction of farm buildings, a livestock review, and exhibits in beekeeping, poultry, dairying, farm machinery, farm equipment, and the latest developments in the livestock field.

The new Field Crops Research Laboratory will be open to the public

for the first time, and farmers may see modern equipment for cleaning, grading, and testing seed.

The popular bus tours will be available again this year, and visitors will have a opportunity of seeing the various points of interest without the necessity of walking long distances. The bus tour will include a visit to such features as the Hydrology Station, where erosion problems and their control are demonstrated.

Social and Personal

Beryl Pattenden gave a surprise party for her sister, Mrs. B. James on Monday evening, May 28th. Her guests were Norma and Dorothy Olney, Mrs. Cy Wilson and Debbie.

Mrs. Wilfred Lavoie and Mrs. Jack Lavoie motored to Moncton, New Brunswick with Bob Lavoie who has been home on a holiday from Moncton where he is stationed with the Air Control Branch of the Department of Transport.

FARM NEWS

Gattinger Addresses Halton Milk Producers

J. E. W.

"I think that there is a bright picture shaping up on the International front," stated F. A. Gattinger, when addressing the Halton Milk Producers at Stewarttown, on Wednesday evening of last week. Mr. Gattinger, a graduate of the University of Saskatchewan, a veteran of World War 2, and at the present time Registrar and Librarian at the Ontario Veterinary College, took as his subject: "The United Nations on its 10th Anniversary." The United Nations may have been a primitive force in 1945, he stated, but not today. We have come a long way since the days of the League of Nations back in the early twenties. No longer do the delegates of world powers walk out of conferences, not to return, as they did back in the days of the ill-fated League of Nations. "World Government may be around the corner," to quote but a few of the interesting comments by Mr. Gattinger, in his informative address on world affairs.

Secretary-Manager Speaks

"Your Toronto Association is under tremendous pressure from cheese factory and condensery shippers who are anxious to get established in the Toronto market," stated Wm. Wilmot, secretary-manager of the Toronto Milk Producers' Association, who also spoke briefly at the same meeting.

Reference was made by Mr. Wilmot to a call he had received from a reeve of a Western Ontario municipality who represented 14 shippers who were each prepared to ship 1000 lbs. per day at a price of \$3.50 per cwt. Seven years ago, he added, the average shipment per producer was 3½ eight gallon cans per day—today the 3342 shippers to the Toronto market average only 20 lbs. less than six 8 gallon cans per day.

Wm. Hoyle, former president of the Toronto Association and of the Ontario Whole Milk League, also spoke briefly, stating: "Our greatest weakness is our own membership"—and "We have received the go ahead sign to bring forward suggestions for new legislation."

In the discussion which followed, F. O. Hunter, Halton representative on the Toronto Board, and George Pelletterio, president of the Halton Association, revealed that in contrast to former years, there is to be no base setting period in 1956. However, as we interpreted the discussion, if in the period July 1st to Dec. 31st, a shipper drops below his present base in any one month, then his base would automatically be reduced by the amount he was below his present base. This announcement was based on a resolution passed at the same annual meeting of the Toronto Association held in Toronto on Tuesday of last week. The topic of base or quota setting is always a contentious subject and needless to add, the announcement did not meet with approval from many of those present at Stewarttown.

Fishing and fun galore!

The big ones that got away last year are still there. It's handy to go after them by bus.
