### JEFFREY-BOYLE VOWS IN HOLY CROSS CHURCH

Rev. Anselm Spacey solemnized the wedding in Holy Cross R. C. Church on Saturday, July 28th of Barbara Susan Boyle, daughter of Mr. and Mrs. John Boyle, 119 Main Street North and John Albert Jeffrey of Milton.

Pink glads and white baby nuns decorated the church for the occasion.

Given in marriage by her father, the bride wore a floor length gown of lace and net over satin. The strapless gown featured a bouffant skirt trimmed with rhinestones and it was topped by a long sleeved lace jacket. Her fingertip veil of French illusion was held by a heart-shaped headpiece trimmed with seed pearls. She carried a lace covered white prayer book with corsage of pink sweetheart roses and streamers with roses.

The maid of honour, Miss Marjorie Benson, Etobicoke, wore a ballerina length gown of yellow lace and tulle over satin. The bride's sister, Miss Brenda Boyle, was the flower girl, gowned in mauve flopped nylon sheer. Both attendants wore yellow flowers in their hair and carried nosegays of yellow roses and mauve baby nuns.

Ross Boyle, St. Catharines, brother of the bride, was groomsmen at the double ring ceremony. Ushers were John Stewart, New Toronto and Danny Boyle, also a brother of the bride.

Miss Joan Cummins played the wedding music and Mrs. Robert Beeny was soloist.

At the reception in the parish hall, Mrs. John Boyle received for her daughter, wearing a two-piece dress of pastel turquoise trimmed with white, and white accessories. Her corsage was of yellow roses. The groom's mother assisted, wearing mauve and white figured nylon and white accessories and a corsage of pink roses.

Leaving for a trip in the Georgian Bay area, the bride wore pastel blue rayon jersey, white accessories and a corsage of pink sweetheart roses.

Mr. and Mrs. Jeffrey will live in Georgetown where he is employed at Alliance Paper Mills, Ltd. and the bride at Grand Union-Carroll's.

Guests attended the wedding from Georgetown, New Toronto, Lakeview, Brampton, Grand Bend, Toronto, Milton and Streetsville.

#### HALTON WILL HAVE ENTRY FOR C.N.E. DAIRY QUEEN

The main ring of the Coliseum at the Canadian National Exhibition will be the scene of a new feature each night between 6 and 7 p.m., from Friday, August 24th to Wednesday, September 5th, inclusive. Each night five dairy maids, one each from the Guernsey Jersey, Ayrshire, Shorthorn and Holstein-Friesian Associations, will demonstrate their proficiency in assembling a milking machine; preparing a cow for milking; milking; disassembling a machine; cleaning and sterilizing the equipment. This means that over ten nights a total of 50 potential dairy queens will participate. Each night a Dairy Queen will be declared and on the final night, September 5th, the ten winners will compete for the Queen of Queens title. The contestants will be the guests of the Canadian National Exhibition and the Toronto Telegram during their stay in the city.

#### Halton Represented

Each breed association has assumed the responsibility of selecting their respective ten contestants. To date we have information only on the contestant representing the Jerseys, Guernseys, and Holsteins. On Friday, August 31st, Barbara Cunningham of Ashgrove will represent the Halton Holstein Club. Rumor has it that there is a strong possibility that she will be demonstrating on one of the prize Holsteins of Miss Barbara Royce at Snyders' Corners. A second Halton entry is that of Jean Peterson, of Hornby. Jean will represent the Halton Jersey Club. A third Halton contestant will be Mrs. Delores King, who will represent the Halton Guernsey Club. No announcement has been made as yet relative to the respective dates on which the latter two young ladies will compete. The three breed organizations are to be congratulated on their respective choices. All three young ladies, aside from their other qualifications, are adept around a dairy herd. So win or lose Halton may well be proud of their potential "Dairy Queens."

#### \$1000 in Prize Money

A second feature of the Queens of the Fair competition, is to be open to the public and known as the Milk Weight Stakes. For this latter competition the Toronto Telegram is offering \$1,000 in prizes to the general public for the nearest correct estimate of the total production of all the cows in the competition, and for the nearest correct estimate of the total production for each breed.

#### CHILDREN TAKE PART UNION MISSION MEET

WMS of Union Presbyterian Church held their August meeting on Wednesday, August 1st, at the home of Mrs. Owens MacDonald. This summer meeting always takes the form of a Young People's and children's meeting with the children taking leading parts in conducting it. There was a splendid attendance of members and their children.

The president, Mrs. Owens MacDonald opened the meeting with call to worship and hymn 768 was sung. Dianne McKane read the scripture lesson followed by prayer conducted by Edith McDonald. Mrs. Wilfrid Leslie, secretary, read the minutes of the June and July meetings. Roll Call was answered by "May Favourite Bible Story." Mrs. R. S. Leslie gave a splendid report on the Sectional meeting held in Milton. The offering and prayer followed. This was led by Iowen MacDonald.

Dianne Ostrander sang a solo accompanied by Eleanor MacDonald. A very interesting reading was given by Linda Leslie entitled "The Beaver." Betty Jean Anderson delighted the children with a story she had prepared about an African boy called Chiew. The meeting closed with a children's hymn.

Mrs. Alex Dolson, Mrs. Clarence Anderson, Mrs. Herbert Dolson and Mrs. Arthur McKane assisted Mrs. MacDonald in serving a lovely lunch. It was decided to hold the September meeting at the home of Mrs. Joseph Eason.

8-15.

#### ONE DEAD, NORVALITE INJURED IN ACCIDENT

An accident which took place on Highway 9 six miles east of Arthur last Sunday, July 23rd, claimed the life of one man and seriously injured a Norval resident.

William Louth of Norval and Jack Greenley of Harriston were travelling in a new convertible, when, after apparently failing to notice detour signs, their car crashed into some heavy construction machinery being used in work on a highway bridge.

Both the car and a tractor were demolished and a cement mixer was hurled into an excavation around the footings of the bridge by the impact.

Mr. Greenley was taken to Oranville Hospital where he died on Monday of injuries suffered in the crash.

Mr. Louth was taken to a Toronto hospital for treatment.

Mr. Greenley was the son of Mr. and Mrs. Russell Greenley of Harriston and was associated with his father in the Russell Greenley road contracting business.

### THE MAIL BAG:

#### Thirty Days Enough Probationary Police

Georgetown, Ont., 31 Byron Street, August 2nd, 1956

To the Editor, Georgetown Herald,  
Dear Sir:

As a taxpayer in Georgetown, I am naturally concerned about expenditures made by the town which increased the mill-rate.

Our increasing debture indebtedness will surely reflect in higher taxes each year, unless more industry is secured to balance the economy.

However, my main point in writing is to commend our police committee and council for the increase granted to one of the constables lately taken on the force who was promoted from probationary to first class with more adequate salary.

Policing is a demanding job, requiring a great deal of extra time worked apart from scheduled hours and the rate of pay for a probationer is certainly too low for anything more than a mere existence.

When a new man hired for this work has had at least probationary experience with any other force and shows himself capable after thirty days, I would suggest he be given the status of first class and the rate that goes with it.

This would be an inducement for men not only to come to Georgetown for our police department but possibly result in them remaining here, which with other good working conditions would assure a minimum of replacements, guarantee us a better force and do away with the expense of costly advertising and give council members more time for other town business.

Yours truly,  
Ed A. Peters

### FARM NEWS

#### THRESHERS, COMBINES WORK ON WHEAT CROP

J. E. W.

Last week saw binders, combines and threshing machines all in action, taking care of Halton's wheat crop. The crop varies materially from farm to farm. Some of the more level fields got too much water and the crop is definitely below normal. On the loamier, better drained fields there are some excellent stands and yields up to 50 bushels per acre have been reported. However, while the quality is generally excellent, it is our guess that Halton's wheat crop on the average is not over 85 to 90 per cent of normal.

#### Notice to Creditors

IN THE ESTATE of John Eason, Farmer, Deceased.

All persons having claims against the estate of John Eason, late of the Township of Esquesing, Farmer, who died on or about the 24th day of May, A.D. 1956, are hereby notified to send particulars of same to the undersigned on or before the first day of September, A.D. 1956, after which date the estate will be distributed with regard only to the claims of which the undersigned shall then have notice, and the undersigned will not be liable to any person of whose claim they shall not then have notice.

Dated at Georgetown, this first day of August, A.D., 1956.

Joseph Eason and Mildred Dolson, executors of the estate of John Eason, by their Solicitors, Dale and Bennett, Georgetown, Ontario.

Rods installed in furnace exhaust stacks, incinerators and other air polluters promise to end the smog problem. Largely composed of alumina, the oxide of aluminum, the rods not only ignite waste gases but release heat that goes back to work in the plant.

In everyday items like aircraft, furniture and frying pans, and in many an unseen job as well, aluminum makes living more pleasant for all of us. In fact, Canadians have become the world's fourth largest per capita users of this modern metal. Our aluminum industry not only supplies this home market, but is the largest exporter of aluminum for the Free World, too.
