CHRYSLER INCREASES NEWSPAPER ADVERTISING

Newspaper advertising will spearhead Chrysler of Canada's merchandising program during the next twelve months, according to R. T. Brown, advertising manager of the company.

In presenting plans to members of the company's field organization, Brown asserted that more use will be made of daily and weekly newspaper space in promoting the 1957 "Forward Look" automobiles than in any campaign the company has ever staged.

"We recognize the newspapers as the basic element in our promotional program," Brown said. "Altho' we will make very extensive use of all other media our sales message, we feel, has its greatest and most continuing impact at the grassroots level — where the newspaper and the potential customer come together."

The merchandising program now getting under way to promote the much-anticipated 1957 Plymouth, Dodge, Desoto and Chrysler models will include radio, television, poster, direct mail and magazine advertising and was launched by a special train, covering Canada from coast-to-coast carrying models of the all-new 1957 cars and trucks.

the November meeting. A very interesting paper on "Hydro's fifty years of progress" was read by Mrs. Smellie. The meeting closed with the Mizpah benediction and the hostess and assistants served lunch.
