LIONS ARE VISITED BY DISTRICT DEPUTY

Deputy District Governor Gen. Winnett paid an official visit to the Georgetown Lions at their dinner meeting in the Mettighban House last Tuesday, October 16th.

Toronto born, Mr. Winnett gained his education at Normal Model School, North Toronto Collegiate and the University of Toronto, graduating in Chemical Engineering in 1937. He has been a Lion member for 15 years, having joined the Parry Sound Lions Club in 1941. During those 15 years his attendance has not dropped below the 100 per cent mark.

From Parry Sound he transferred to the Lions Club of Oakville in 1946 and two years later was elected secretary, a position he has held up until 1953.

Mr. Winnett served the 53-54 term as first vice-president of the Oakville Club and the following year was elected into the presidency. He became zone chairman of Zone 4N in 1955 and it was just this year that he obtained the post of Deputy District Governor. Mr. Winnett has also had 6 years experience as secretary for Region 6. He is presently employed by the Campbell Soup Company, Ltd., as chief chemist at the New Toronto plant.

His talk on Tuesday was entitled "The Human Race" pointing out that "service" is the rent they pay on earth as Lions. He stressed that the personal benefit the Lions receive from service work and the fellowship obtained from the regular meetings far outweighs the demand and self sacrifice, and he mentioned how Laotism is spreading throughout the world with over half a million members in over 71 countries since its inauguration in Chicago in 1917.

Floyd Willoughby Was Prominent in Education

Retired principal of the Kevin High School in Winnipeg and a prominent educationist, Dr. Floyd Willoughby, 67, died recently. He was a brother of Mrs. Harry Stockford, 11 George Street.

Born in Stouffville, son of a Christian Church minister, he was educated at Markham, received his B.A. degree at McMaster and went on to the Ontario College of Education. In 1931 he was honoured with a doctorate of pedagogy by the University of Toronto.

Mr. Willoughby taught for two years at Darlington, Ont. before going to university. In 1914 he joined the Kelvin staff as science teacher.

He became principal of Mulvey school in 1938 and of Kelvin in 1948. He was a past president of Manitoba Teachers Society, president of the Canadian Teachers Federation in 1944-45, member of the Canadian-U.S. committee on Education 1945-47, head of the Canadian delegation to a world conference at Endicott, N.Y., in 1946 and in the same year was named a member of the Canadian delegation to the general conference of UNESCO in Paris.

In 1945 he travelled across Canada for the Wartime Information Board, giving lectures on national unity and on behalf of the teachers' federation presented a brief on reconstruction to the House of Commons.

He leaves his wife Lela Bell, a daughter Mrs. E. A. Howe, Calgary; his sister, Mrs. Stockford and one grandchild.

He was buried in Brookside Cemetery, Winnipeg, following service in Ft. Rouge United Church where he was a deacon.

FARM NEWS

KAY MERRY IS SPEAKING CHAMP

The highlight of the October meeting of the Milton Junior Farmers, held at the Milton High School, was the public speaking competition to select the club representative for the county event on November 9th. Three members for the Club vied for the honour and reports would indicate that all three addresses were of a high standard and well worthy of the county finals. Those in competition were — Phyllis Bradley, Katherine Merry and David Wilson. The principal Harold Speers of the Fairview public school was the official judge and his decision in the close competition went to Katherine Merry, who will now represent the Milton Juniors in the county event.

BEST ATTENDANCE, WIN TROPHY AT CONVENTION

A pleasing feature of the annual meeting of district No. 5, Ontario Association of Agricultural Societies, which was recently held at Barrie, was the awarding of a silver trophy to the Halton Agricultural Society. This trophy, which was offered in competition for the first time, was presented to the society having the most delegates present at the annual meeting. The winning of this trophy is another indication of why the Milton Fair is becoming recognized as one of the top county fairs in the Province — it is team work, folks, that counts and get results. May we again extend congratulations to President Howard Armstrong and his fellow officers and directors in their continued march to the forefront.
