## PLAQUE PRESENTATION LIONS HONOUR FIREMEN

### Horticultural News

by Tony Bradshaw

Many of the bulbs I spoke of last week can be grown indoors for the winter and early spring, adding beauty and colour to the home with very little difficulty. Any good garden soil can be used and an ideal mixture would be three parts soil to one part leaf mould or peat moss adding a little bone meal or balanced fertilizer. If the soil is clay loam it is well to add a little sand which will help the drainage, this is most important.

In the bottom of the pot place broken pot or gravel, then some bits of dead leaves, make sure your drainage is good if you are using a pot with no hole in the bottom. To get a good show, plant several bulbs in one pot, say four or five at least. Tulip bulbs should be covered with an inch of soil but hyacinth and narcissus the tops are usually left exposed.

Firm the soil and have the surface about half an inch below the rim of the pot, this allows for water. They should be watered then set away in a cool place to encourage root growth. A cold room in the basement is a good spot or a trench 12" deep could be dug outside and the pots set in this, then covered with straw or dead leaves. The main thing is to keep them in the dark and cool for eight to ten weeks during which they will root well and start to shoot. If you keep your bulbs indoors, check every two weeks for water but do not overwater as this will rot the bulbs.

When the pots are brought out for flowering they will do best in a cool bright window. Good varieties for early forcing are daffodils: Rembrandt, Golden Harvest; Double Daffodils—Von Sion; Tulips—William Pitt; Copeland, Rose Copeland and Princess Beatrix; Tulips Double—Wilhelm Korde, Orange Nassau, Marlene Tistout; Hyacinth—Pink Pearl; L'Innocence, Mysotis Blue.

### ASHGROVE

#### REV. GORDON ADAMS IS ANNIVERSARY PREACHER

Hallowe'en passed off very quietly and nice. The kiddies had a big night calling at all the homes in their quaint and weird outfits. No serious happenings were reported which is as it should be, for when damage is done, it is going far past fun.

Large congregations were present on Sunday for the anniversary services. The flowers were beautiful, the choir sang special anthems with the assistance of the Milton Male Quartette, who sang at the morning service "When you know my Jesus too" and "The Sun shall never go down." The minister, Rev. Gordon S. J. Adams of Acton United Church spoke on "Can a Man Change?" from the verse in St. John's Chap. where Nicodemus asked "Can a man really change?" and Christ said "Don't believe you are impossible, you can through My power become a child of God." Let Christ come in and you will inherit Eternal Life. At the evening service the Quartette sang "One sweetly solemn thought," and "There is no night there." The minister's message was "Acceptable to God" from the nineteenth Psalm "Let the Words of my mouth and the meditation of my heart be acceptable to thee." The speaker said our words and ac-

Georgetown firemen and their ladies were presented with a plaque on Sat. Nov. 5 when the Lions gave a dinner in their honour at the Odd Fellows Hall.

Following the opening remarks by chairman Dick Riddall, and a toast to the Queen, second vice president Albert Tennant presented a toast to the ladies, responded to by Mrs. William Hyde. The presentation of the plaque bearing the inscription "To the Fire Department . . . for magnificent cooperation . . . Georgetown Lions Club," was made by club president Jim Jones, after he remarked on the tie of friendship which had always existed between the two organizations. Fire Chief William Hyde, confirming the president's remarks, accepted the token and expressed his thanks for the consideration displayed by the Lions.

Zone chairman Jack Gunning introduced the guest speaker for the evening, Lions International Councillor Harold Meir of Seaford, one time Georgetownner who gave a humorous talk obviously enjoyed by both Lions and firemen.

First vice president Ernie Alcott thanked Mr. Meir for his address, and the Rebekahs for their catering work under the direction of conveners Mrs. Sam Walker and Mrs. Ed Sanford.

With Mr. Meir at the head table were Lions president and Mrs. Jim Jones, zone chairman and Mrs. Jack Gunning, 1st vice president and Mrs. Albert Tennant, 2nd vice president and Mrs. Ernest Alcott, Chief and Mrs. William Hyde, Deputy Chief and Mrs. Jack Harlow, and chairman and Mrs. Dick Riddall.

The meeting was adjourned to the upstairs where dancing completed the evening of entertainment.

#### MR. AND MRS. WINFIELD ARE TWENTY FIVE YEARS WED

Mr. and Mrs. Watson Winfield were pleasantly surprised Wednesday evening, October 31st when forty of their friends and relatives surprised them at their home, 28 Churchhill Cres., the occasion being their 25th wedding anniversary. After a social time together there was a shower of gifts. Among the guests were several relatives from Whitby and Toronto.

Previously Mrs. Winfield was guest of honor at the regular meeting of the Women's Society of First Baptist Church when she was presented with a silver cream and sugar set as a memento of this happy occasion.

itions and thoughts will be acceptable to God, make no mistake he cares about our characters and is anxious about us. If we accept our share as the Saviour did we will be acceptable to Him.

Mr. and Mrs. Hartley Anderson and baby Lesley Jean of Montreal spent the week-end with her parents, Mr. and Mrs. Arthur Ruddell and Howson.

Remembrance Day, Nov. 11th . . . The road they trudged was cruel and long.

But unflinching to the end, They fought that everywhere, men might live.

In peace as neighbour and friend.

In lasting and grateful remembrance of those who made the supreme sacrifice for our freedom. Let us, the living consecrate ourselves to these ideals. Let Remembrance Day be part of every day with the firm resolve to attain a war free world in which understanding shall replace fear among the nations of this earth.

### TULIPS ADD BEAUTY TO WAR MEMORIAL

Further beautification of the land surrounding Georgetown's war memorial on Main Street N. took place when a group of boy scouts planted some 200 tulip bulbs Saturday.

The scouts took over care of the memorial this year after a suggestion from the town council. Saturday's tulip planting was made possible through the generous donation of bulbs by the Dominion Seed House. A small surplus was planted later in the day on the public library grounds.

Scouts who did the planting under supervision of horticultural society member E. Faris and scoutmaster Ralph Bonham, were patrol leaders, Arthur Sweezie, Danny Golden and Tom Barber.

### THIRTEEN TABLES AT REBEKAH EUCHRE

Thirteen tables of euchre were in play last Tuesday evening, October 30th when the Rebekah Lodge held another successful card evening.

Mrs. Alfred Collins and Mrs. Dick Riddall were in charge of the cards and Mrs. Ernie Simson and Mrs. Lovell Puckering were conveners for the lunch.

Mrs. Collins had the highest score for the evening, Mrs. Lloyd Boyd second and Mrs. Annie Ballantine and Mrs. George Campbell drew for the third and fourth prizes.

Tues, Nov. 13th

I.O.O.F. HALL

**CONSTRUCTION COMMENCES:** W. R. Crump, president of the Canadian Pacific Railway, pulls the switch on the steam shovel that turned the sod recently for the new \$10,000,000 400-room addition to the Royal York Hotel in Toronto. Scheduled for completion in 1958, the 17-storey addition will make the Royal York Hotel the largest in the Commonwealth with 1,600 rooms. In attendance at the ceremony were Hon. Leslie Frost, premier of Ontario, Fred G. Gardiner, chairman of the board of Metropolitan Toronto, Mayor Nathan Phillips of Toronto, and Hon. Bryan A. Cathcart, MLA, Minister of Travel and Publicity, Province of Ontario.

### EXTRA HEAT

Cut costs at once by getting MORE HEAT from the same fuel with a SMART'S Thermo-tube Oil Fired Air Conditioning Unit.

The Thermo-tube actually "Grabs" the heat from the oil and puts it into your home. No waste. Lower cost. See your SMART'S dealer for the full story and start saving NOW on home heating.
