

Queen's Park Report

STAN HALL
Halton's M.P.P.

Good afternoon ladies and gentlemen: I take pleasure in having this opportunity of bringing to you the highlights of your Legislature during this week's Session.

Hon. Leslie M. Frost, Premier of Ontario, indicated the Ontario Legislature will be asked to vote more money for the Ontario Municipal Improvement Corporation which was set up with a \$50,000,000 fund.

Mr. T. Fryde, Progressive Conservative for Huron County, asked the Ontario Government to build its proposed \$10,000,000 school for retarded children in Huron County.

Hon. A. Kelso Roberts' Attorney General moved second reading of a Bill Number 45, an Act to change the name of the Church of England in Canada to Anglican Church of Canada.

Federal and Provincial officials met in private to discuss Ontario's proposed Hospital Insurance plan.

Hon. A. Kelso Roberts, Attorney General said it is up to Federal Justice officials to decide whether bondsmen for bail-jumper Edwin McDonald get back their \$50,000 bond.

Progressive Conservative William Murdoch, Essex South, said in his address that the hazard to fruit and vegetable growing industry in Ontario, is the importation of foreign fruits and vegetables. What the Canadian growers are asking for is the Canadian market for Canadian producers during the Canadian season; but they cannot obtain the proper cooperation at Ottawa. In 1955 more than \$80,000,000 worth of foreign fruits and vegetables were imported into Canada.

Mr. A. Wren, Liberal-Labour member for Kenora in his address

mentioned the birthday party for Prime Minister The Hon. St. Laurent and said that \$10.00 a plate was paid for dinner with imported wine. Mr. Wren said that the Liberals can pay \$10.00 a plate for one meal but they expect our old age pensioners of Canada to live on \$40.00 a month.

Mr. Ross Wicher, Liberal for Bruce, intimated that John Foster Dulles, Secretary of State for the United States of America shot deer out of season on his private island in Ontario.

Hon. Leslie M. Frost, assured the Assembly that if evidence could be produced that John Foster Dulles shot deer out of season in Ontario, that he would be prosecuted.

Hon. Leslie M. Frost said Ontario Fish and Game Laws must be observed by everyone including those who own private islands and preserves.

Mr. Albert Wren, Liberal-Labour member for Kenora said liquor permits and all the needless scribbling that goes on should be abolished.

Mr. Arthur Child, Progressive Conservative for Wentworth, said the head of the Ontario Athletic Commission should appear before a House Committee to explain the disgusting behaviour shown in some professional wrestling matches.

Mr. A. Grossman, Progressive Conservative member for St. Andrews, Toronto, said that more should be done both for health and education of our mentally retarded children. Mr. Grossman believes that our people as a whole do not realize the size of this problem.

Mr. Windermeyer, Liberal Waterloo, said in his address that Ontario can do irreparable harm if it accepts only part of the Federal Government's tax - rental offer. It was said in Conservation

Committee by the Dept. of Planning and Development that \$16,000,000 had been spent in Ontario on conservation projects. The Dept. of Planning and Development paying dollar for dollar with the municipalities, the Federal Government does not pay anything towards an undertaking unless the cost is \$5,000,000 or over.

Mr. Boyer, Progressive Conservative, Muskoka, said in his address that the District of Muskoka plants 1,000,000 trees a year and the same amount is planted on private property. J. W. McConnell of Montreal gave a \$500,000 McConnell Memorial Foundation to be used for charitable and educational purposes in the Muskoka District.

Good-day ladies and gentlemen, hoping to be with you next week.

FARM FORUMS

Price, Grade are of Importance to Shoppers

Mrs. M. J. Brown "Does she put the price tag on—or in other words, do women shoppers determine the price of farm products?" This topic was introduced on National Farm Radio Forum February 11th. Three women took part in the broadcast and many expressed approval of the efficient manner in which they expressed their ideas.

Further discussions followed in farm forum groups across the country. The majority of Halton forums thought improved methods of packaging, advertising, etc would increase the sale of some products. We are more or less influenced by appearance, but packaging does not necessarily increase quality. One group said these factors would not increase consumption of food.

Asked to list in order of importance the factors such as price, grade, brand, built-in services, such as pre-cooking, etc, which their members considered most important when purchasing food all placed price and grade as first considerations. Only two groups were unanimous and they placed them this way: grade, price, brand built-in services.

Two groups suggested convenient parking facilities were quite a consideration when shopping.

UNITED LADIES WILL JOIN PRAYER CIRCLE

St. John's United afternoon auxiliary of the WMS met recently in the ladies' parlour, with president Mrs. Charles Junkin in charge. The Doxology was followed with prayer and the reading of an inspirational poem for the beginning of the year by the president.

Mrs. Walter Brownridge based her worship service on the theme of prayer and also asked that each lady join in the 9 a.m. prayer circle of the presbyterial which has now widened to the Hamilton Conference. During the business period Mrs. A. M. Nielsen and Mrs. Clarence Hayes were elected 3rd and 4th vice presidents.

Korea was the subject of the topic read by Mrs. Neilsen, which told of the great suffering and hardship endured by these brave people and how the WMS is helping in various ways to alleviate this and rehabilitate many of the victims. Young Koreans are clamouring for education and all schools and colleges are overcrowded.

Roll call was answered with scripture verses stressing the need for more prayer.

Notice to Creditors
