Edwin Harrop, stated that he expected the new organization would

inseminate 75,000 cows in 1957. It is only by volume of business and that we can hope to maintain the \$5.00 service fee, he added. Treasurer Andy Anyder in presenting the financial statement made special reference to the item of \$43,000 for outstanding accounts owing to the association by its members. We have to do something to get these accounts paid more promptly, he stated, and intimated that there is a strong likelihood that the new board would adopt a new basis for service fees — \$5.00 for cash and \$6.00 after 30 days.

Others who spoke briefly at the annual meeting of this important organization which in 1956 did a \$258,000 business included president Walter Holliday, the retiring general manager, and now public relations officer, Wilfred Keffler and director H. Craig Reid.

The Halton branch re-elected Edwin Harrop and H. Craig Reid as the Halton directors to the parent organization which is holding the annual meeting, at Maple, on Tuesday, March 26th.
