District Governor Compliments Lions For Outstanding Year

District Governor Bob Cooper of Brampton commended the Lions Club of Georgetown for making this the most outstanding year in Lionism in Georgetown and praised their average attendance increase of almost 25 per cent at the club dinner meeting in the Legion auditorium Tuesday, April 16.

On the occasion of Mr. Cooper's visit clubs from Milton, Brampton, Erin, and Hamilton East sent representatives to the meeting. The Georgetown club honored the District governor with 100 per cent attendance.

Henry Heltant, winner of the 1957 Chevrolet in the Lions 444 draw was present and handed his donation cheque for \$200 to Dick Licata, for the community swimming pool fund. Co-chairman for the draw, Dick Miller, was thanked by the club for his work with Ab Tennant on the draw. Mr. Miller gave a report on the success of the ticket sales.

The district governor presented key awards to Lions bringing in two new members, Dick Riddall, Ab Tennant, Dick Miller and Ivan Crabtree and also a 5-year perfect attendance award to Jack Gunning. Deputy George Winnett presented Founder's Awards, given to members who sponsor a new club member in the month of January to Roy Smith, Dick Riddall, Harold McClure, Dick Licata, Dick Miller and Lion Chief Jim Jones.

BISHOP ORDAINS THREE TO ANGLICAN PRIESTHOOD

Three young deacons were ordained to the Anglican priesthood at an impressive service Monday at St. Jude's Church, Oakville. The candidates were presented by Ven. R. G. Blagrove, D.D., and the litany was sung by Rev. C. M. Mitchell of Port Dalhousie. Epistoler for the occasion was Rev. J. D. Hooton, Hamilton, and the gospel was read by the St. Jude's rector, Canon F. C. Jackson.

At a luncheon following the ordination, the bishop presented the candidates with gifts from the diocese and their letters of ordination.

FARM NEWS

MEADOWS AND WHEAT OUTSTANDING GROWTH

Last week's higher temperature coupled with odd showers literally made Halton's meadows and fields of winter wheat jump. Prospects at the moment look excellent for both of these crops. Here and there, cattle are already out on pasture and on the higher, earlier fields the tractors and seed drills are in action. While some folk are complaining about the heat, in our opinion it is a very happy contrast to conditions of a year ago.

Gordon Kirk, 33 Dies Suddenly in Toronto

Miss Beatrice Hiltz visited for a few days last week with her niece and her husband Mr. and Mrs. William Bell in Waterloo. While there she attended the 32nd annual meeting of the Hamilton conference branch of the Woman's Missionary Society which was held in Trinity United Church, Kitchener. Over 200 delegates attended the three sessions on Tuesday which were most interesting and inspiring.

Word was received here last week of the sudden death of Gordon Kirk at his home, 14 Rhyl Ave. in Toronto, in his 34th year. He was the son of Mr. and Mrs. William Kirk, well known to many in this district. He leaves his wife Helen, two children, Jane and Terry and one sister Margaret (Mrs. P. Harford). Interment was in Resthaven Memorial Gardens on Saturday, April 27th.

The children are all back to school on Monday morning after the Easter holidays. Misses Joanne Wright and Vickie Wakefield both of Toronto are the student teachers at the Blue Mountain School for a week.

Mr. and Mrs. Jim Moran and two sons, Howard and Ronnie of Hanover visited Miss Young and her sister on Sunday.

Visitors at the home of Mr. and Mrs. Black on Sunday were Dr. and Mrs. Ogryzlo and children of Toronto, Rev. and Mrs. A. C. Huston and Betty, Misses Nancy Spears and Dorothy Hood of Victoria Square and Buttonville.

The W.M.S. and Evening Auxiliary held their Easter Thankoffering on Sunday evening in the church. Miss Beatrice Hiltz presided and Mrs. N. Sinclair and Mrs. E. Snow took the devotions and two members of the Mission Band assisted by receiving the offering. The guest speaker was Rev. A. C. Huston of Victoria Sq. charge and a former missionary to the Cree Indians in Manitoba. He related many interesting and enlightening characteristics of the people he worked with and how he had to carry on his work as minister among them. The Indians are a very clever race if they get a chance to develop their talents and he told the story, about how they came to have Betty, their adopted daughter in their home and family. She is a native Cree Indian and when her father lay very ill with tuberculosis, he asked Mr. Huston if he would take her out of the north country and insure her of an education. She has now become a wonderful musician and she sang two beautiful solos during the service. Master Robert Denny of Churchhill also contributed a violin selection and several of the ladies of the Evening Auxiliary sang an Easter hymn with an obligato accompaniment played by Mrs. McLaughlin. The congregation is looking forward to the anniversary services next Sunday when we will have as our guest speakers, Rev. David Wren, Burlington at the 11 o'clock service and Rev. William Sherwin, Bronte, at the 7:30 service in the evening. On the Tuesday evening following the anniversary services, the annual turkey supper will be served and a program presented.

MR. DAIRY FARMER . . .

ARE YOU LOOKING FOR A BETTER MILK MARKET?

If so, you can cash in on the new support-price for milk powder . . . Effective immediately, there will be a floor price of 17 cents a lb. on spray processed skim milk powder . . . This floor price provides security to whole milk shippers against price slumps during periods of high production.

For example, the coming "flush season", the price for whole milk shipped to the Co-Op Milk Plant at Guelph will not go below \$2.90. Last summer, without the floor price, it dropped to \$2.55.

By shipping whole milk, you can keep more cows, and increase your income with less labour than it takes to ship cream.

SHIP TO THE CO-OP MILK PLANT, BECAUSE:

- It uses the Spray Process, hence benefits from new support prices.
- The CO-OP will help you find a good used or new cooling tank.
- Regular pick-up routes.
- Patrons share in its earnings.

GOVERNMENTS ARE YOU

WHEN governments spend money, it is your money that is being spent. For governments themselves produce nothing.

Governments can only spend what they take from the production of the people, whose creatures and servants they are.

If you want lower taxes, you must curb the spending of your governments. There is no other way by which taxes can be reduced.
