## Will Erect Parking Meters Main, Mill Wesleyan Streets

With Deputy Reeve Doug Sargent and Cr. Harry Hale dissenting, council on Monday authorized the mayor and clerk to sign an agreement with the American Marsh Co. to install parking meters in downtown Georgetown.

The decision reversed a council turnaround of a meter plan last week which embraced a larger territory than that which will now be taken in.

The meters will be on both sides of Main Street from Church to James; one side of Mill Street from Market Street to the Post office driveway; and on one side of Wesleyan Street.

Separate motions were made for each of the areas covered. The Deputy Reeve and Mr. Hale were joined by Reeve Allen in objecting to meters on Wesleyan, on grounds that the residents of that street had not been consulted.

Meters will be of the 1c for 12 minutes, one hour limit variety. Decision was made after a petition of merchants, representing

some 65 per cent of downtown businessmen had asked for metering.

The required by-law amendment was passed providing an \$8 metering fee for councillors, retroactive to January 1st. Former fee was \$6.

Deputy Reeve Sargent and Cr. Hyde and Gray opposed the motion.

A \$360 grant was made to the Raiders hockey team, for suitable recognition of their winning an Ontario championship this year.

Mrs. James Kemp was engaged to work mornings in the police office and afternoons in the engineering office.

The town will sign an agreement with J. J. Gibbens in which his property adjoining the hydro property will be regarded as part of the parking area project.

### Drop Soccer Opener To Guelph City 4-2

The Georgetown soccer team played the perfect hosts last Saturday afternoon allowing Guelph City to romp off with a 4-2 win in their first game of the season. The bright spot in the Georgetown attack came in the second frame when trailing 4-1 they shifted the skipper Harry Boal to inside-right and inserted young Hans Koch at right half. For the remaining minutes they peppered the Guelph net from every angle but picked up only one goal before time ran out.

Both clubs had trouble controlling the ball in the first half because of the mountain range running across the centre of the field. Guelph pushed Georgetown back into their own end however it was the locals that broke out in front of the goal.

Fired up by the tally Guelph bounced back a bit harder and within the next two minutes rapped in the equalizer and a chaser to go into a 2-1 lead. A third goal later in the period was of the horse shoe - rabbits foot variety and can hardly be blamed on the defence. Cliff Sutton who is subbing in goal until a 1st class net minder can be obtained appeared to have a ground shot well blocked when it hit one of the bumps in the ground and caromed into the opposite side of the net.

Guelph pulled into a three goal lead early in the last half on a header that caught the top of the net and sparked Georgetown into juggling their lineup. Koch, a young German remedied Georgetown's sad lack of passing by feeding his forwards at every opportunity.

Before long Georgetown found themselves forcing the play and what had to happen finally did. Vic Robins potted Georgetown's second marker on a hard drive from about 15 yards out. The locals crowded Guelph for the rest of the game but were unable to change the outcome. Guelph four, Georgetown 2.

Next Saturday the team hopes to be sporting new sweaters compliments of Hunter's Real Estate. They have already been supplied with football stockings from the Beaumont Knitting Mills. The opposition Saturday will be Galt United.

The club is still appealing for more players and urging anyone in the area with soccer abilities to attend the practices in the park on Tuesdays and Thursdays at 6.30 p.m.

### WHAT COUNCIL DID

#### Eleven More Merchants Adopt Monday Closing

Clothing stores, jewelers, variety stores, furniture, and machine stores will soon be closed Mondays and open all day Thursdays.

Petitions from these six classes of merchants, in each class 100% and including a total of eleven retail outlets, asked for the store day change when they were read at Monday's council meeting, and council subsequently ordered a by-law amendment to be prepared allowing this.

Grocers, butchers, barber shops and beauty parlours have already been granted the store hour change.

The only stores which have not petitioned for a change and still are under the Thursday half-holiday closing are hardware and appliance dealers which have as yet made no move to join the Monday closing ranks.

It is probable that the by-law amendment will be passed at the next council meeting which is scheduled for Thursday, May 23.

#### Little NHL

Next Tuesday evening, May 21st, at 7.30 p.m., Branch 120 Canadian Legion, BESSL, will be host for the annual banquet for all the boys that participated in the Little NHL this past season. Chairman Frank Connelly has a big evening lined up for the boys and many important local guests will be at the banquet.

Chairman Connelly has also made arrangements with Maple Leaf Gardens, who are always willing to help out in boys' activities, to have Bob Palford, one of the young Leaf stars of the past season and Mr. Tim Daly, the fine old gentleman who has been trainer of the Leafs for many years as guest. The boys are in for some fine hockey stories come Tuesday night or I miss my guess.

It is also hoped that Bob Goldham, former star of Detroit Red Wings, will be a guest. Word has been received from Gordon Alcott who originated this Little NHL idea, twenty years ago here in Georgetown, that he will be unable to attend due to plans made to be in Ottawa on the date of the banquet. Gordon sends his congratulations to all the boys and to the sponsor of the league and to all the men that work so hard to give the boys organized hockey.

Have you noticed the fine cups on display in the show window of Henry's Clothing Store? These cups will be presented to the boys for outstanding play, etc., by the donors, also crests for each boy on the three winning teams will be presented by the commissioners of their leagues. Seven-thirty is the time, don't be late, boys. See you then.

The youngest present was John Wilson Burt who is just three weeks old, who lives on the farm. Mrs. Edith L. Smith, who has the Georgetown Rest Home was the oldest daughter and oldest member present.

The afternoon was spent with races and a ball game. The highlight for the children were rides on the two ponies there. A luncheon was served in the house at two o'clock.

### CCF Claims Old Parties Favour Corporation Profit

Jack Henry, CCF candidate for Halton addressed an enthusiastic audience in Georgetown Wednesday night last week. He cited the Bills offered to the House of Commons by the CCF in the interest of workers, farmers and pensioners, that had all been defeated by the combined forces of the Liberals and Conservatives.

He said the platforms of the Liberals and Conservatives were as alike as two peas in a pod, namely to provide multi million dollar profits for Corporations and staggering surpluses for Governments to be handed out at election time as municipal grants in a manner well calculated to attract votes from people who failed to take the necessary time to analyse their behaviour in a businesslike basis.

The pipelines in Halton County are a classic example of the special privileges provided to private companies which allowed the expropriation of land owned by our home owners and farmers alike, and granted to the Corporations all of the advantages of ownership without any of the responsibilities of ownership, Mr. Henry claimed.

He said that we were already living in a planned economy, but that the planning is done by big business, and that nothing short of a change of government could control this dangerous trend. He warned that a change to Conservative government would only mean fresh horses to ride the same trail and that the only hope for a square deal is through the election of a CCF government whose only interest is a square deal for all people and equitable basis.
