

County Fire Organization Is First In Dominion

Formation of Halton County Fire Association is another in a long list of "firsts" for Halton. The new association, which came into being at a meeting in Milton last week is the first time in Ontario's history that such a group will function on a county basis. Fire Chief Jack Harlow and William Hyde represented the local fire department at the meeting

which included representatives from fire departments in Acton, Milton, Oakville, Trafalgar, Nelson and Burlington. Also present were S. A. Vince, chairman of Oakville-Trafalgar-Bronte fire prevention association and A. Klarer of Oakville-Trafalgar Chamber of Commerce.

Fire Chief Jack Harlow and Chief A. E. Clement, Milton, was elected chairman; chief Jack Newton, Acton, secretary; ??? S. A. Vince, treasurer.

Chambers of Commerce in the county will be asked to send representatives to the next meeting in Milton on June 2nd to discuss future projects. Committees were appointed on projects, publicity, literature, and inspections at the meeting, with Georgetown and Acton to take charge of posters and trophies. Each fire department will contribute \$5 to handle cost of trophies for fire prevention contests and material necessary to carry on the program.

FARM NEWS

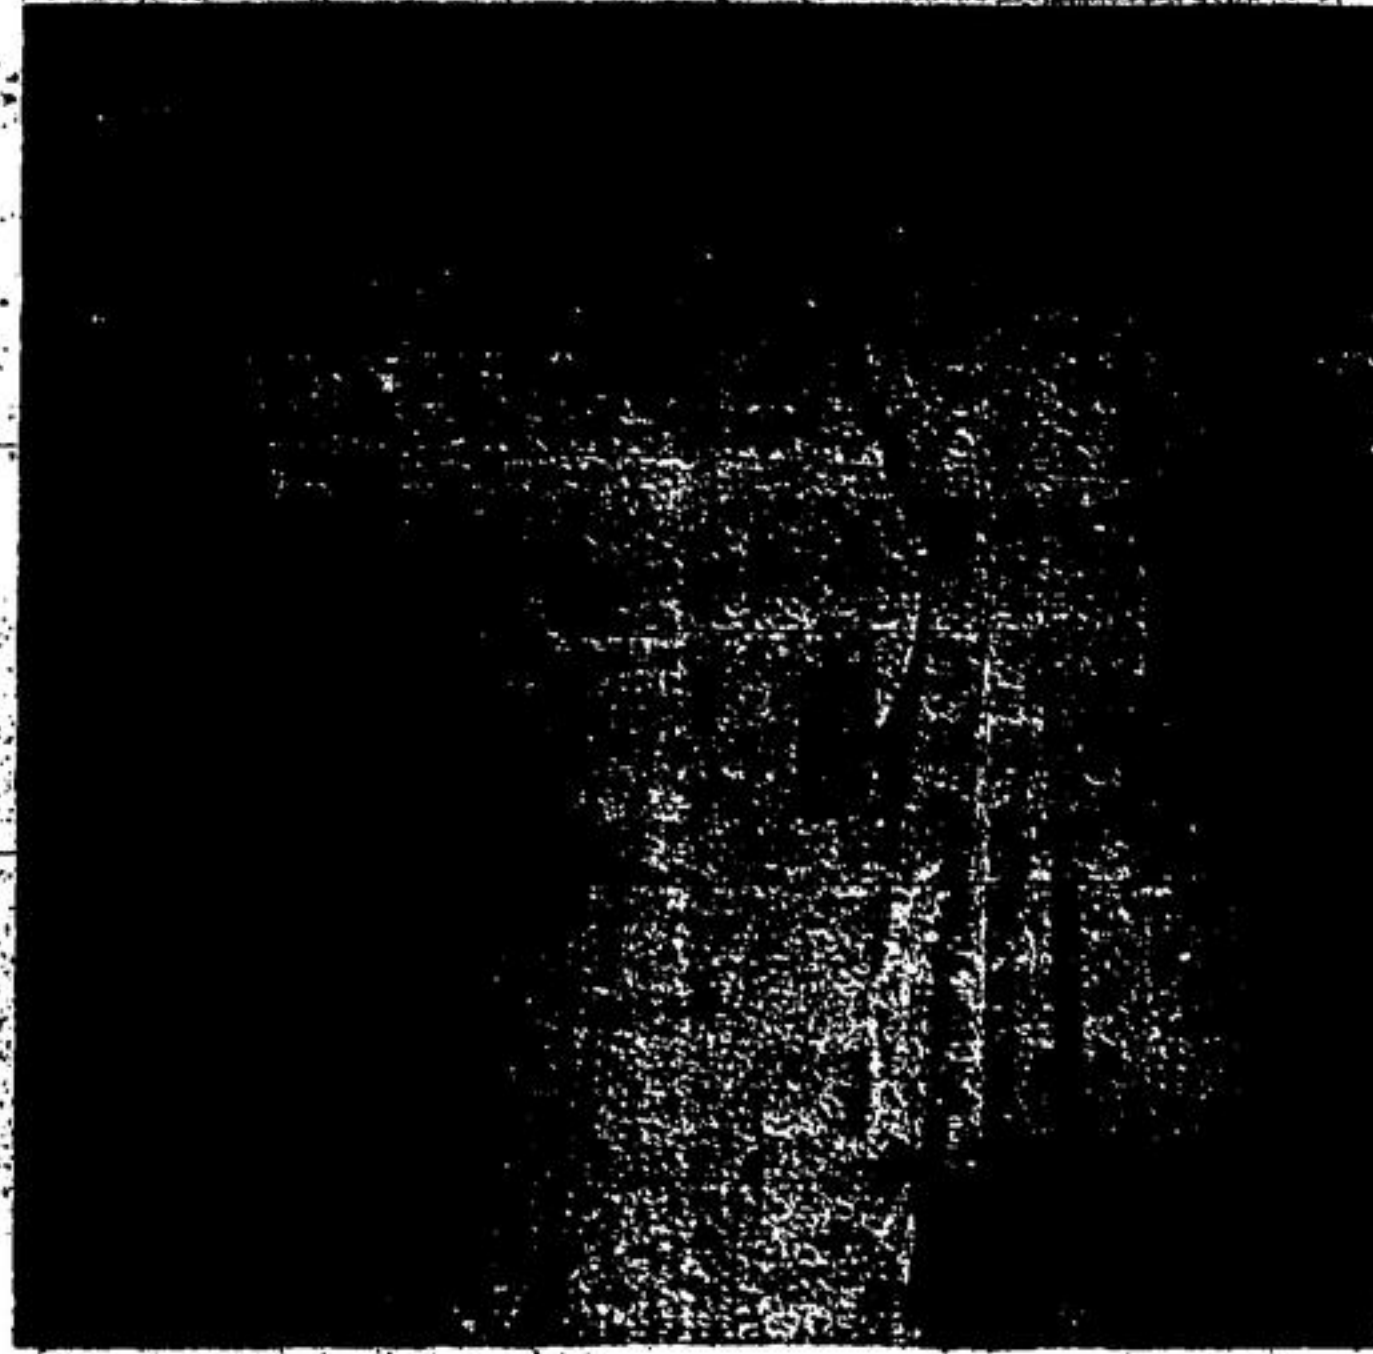

RESEARCH IN FEED MEANS DOLLARS IN CHICKENS

J. E. W. "A quarter's worth of Maydenum added to two million pounds of poultry feed can mean an extra \$18,000 worth of chicken," says Texas researcher.

Research on the Move New control methods and production techniques, such as insect poisons, often become outdated by something better just about the main farm products, but for the by-products that come from them are time everybody gets used to them. Markets and prices, not only for the constantly changing. Practically every day a researcher somewhere turns up something new that can be used profitably on the farm. In short, farm operators and agricultural extension agents have to keep on their toes to keep up to the rapidly changing trends in agriculture. "What was good enough for Grandpa is good enough for me," just doesn't hold good in our present day agricultural economy.

SCHOOL HAS HOLIDAY While repairs were being made to the boiler at Harrison School on Tuesday, pupils had a surprise holiday. The cold weather made the temperature too low for school to be conducted that day.

REBEKAH MOTHER, DAUGHTERS

THEIR RARE HONOUR of conferring the Rebekah degree on her two daughters, fell to Mrs. Gladys Crozier at a recent ceremony in Milton-IOOF lodge room. Mrs. Crozier is Noble Grand of Evening Star Lodge in Milton. They were two of seven candidates initiated at the ceremony which marked the 52nd birthday of the lodge. Several Georgetown Rebekahs were present.

CHALLENGER - FARMER WEDDING AT ST. JOHN'S

On May 4th, Joyce Farmer, the daughter of Mr. and Mrs. Harry Farmer, 4 Arletta St., became the bride of William Ronald Challenger, son of Mr. and Mrs. Kenneth Challenger, Toronto, in St. John's United Church. Officiating at the ceremony was Rev. Morgan McFarlane.

Given in marriage by her father, the bride chose a gown of white shantung and chantilly lace, with empire bodice and bouffant skirt. Her fingertip veil was caught to a tiara of seed pearls and iridescent sequins. She carried yellow roses and lilac mums.

In spring green with headdress to match, Annamarie Moore attended the bride as matron of honour while Barbara Ronald in daffodil yellow with matching headdress was bridesmaid. Dian and Donna Farmer, nieces of the bride preceded her to the altar in lilac organza. Attendants carried nosegays of yellow roses and mums with lilac sweet peas. Norman Challenger was groomsmen for his brother and ushers were William Searle and James Beattie.

Receiving at the Yellow Briar Inn, Brampton, the bride's mother wore a navy ensemble with a corsage of yellow roses and mums. The groom's mother wore pink and gold brocade with navy accessories and a corsage of pink roses and blue carnations. Among the guests were the bride's great aunt, Mrs. Avery from Kapuskasing, and the groom's grandmother, Mrs. Ada Baker, Toronto.

The couple left for a motor trip to Quebec and the States, the bride wearing a summer suit of pale green with yellow and black accessories. Mr. and Mrs. Challenger will live at 8 Main St., Georgetown.

LEGION NOTES

By Les Clark. We'd better get down to business right away, with an apology. Monday, being a holiday, made it a short week in the Herald, this week, so to be sure of getting the hockey banquet in the paper, we "wrote it up" before it happened, with the help of information from chairman Frank Connelly. We intended to leave it until Wednesday morning, and make any final corrections. However, someone used it on one of the Herald pages that ran on Tuesday, as a result, it looked pretty silly, telling of a guests who wasn't there, and not including the list of prize winners!

We'll do our best to correct it, and print the list of cup winners and those receiving crests either later or elsewhere in this issue. We would also like to apologize to Alex Korzak for a mistake that appeared in the first issue of the Branch 120 'News', which will be given out at Thursday's meeting. Somehow his name got left out of the picture, but never mind, Alex, we ran it in this week's Herald, so people could see who the handsome chap in the centre was!

Thursday night's meeting is expected to be a real big one with a couple of contentious matters coming up, and also a prize for \$30.00 for the lucky winner. So bring your lucky draw ticket on Thursday, May 23rd and win \$30.00 at the door.

Train Engine Serves Mill, Boiler Overhaul

With an assist from Canadian National Railways, major repairs are being made to the boiler at Provincial Paper Ltd.

Passers-by this week have noticed a large locomotive on the siding beside the boiler room at the mill, which is being operated by the engineering staff of the company. The 6100 class mountain locomotive is generating steam for the entire plant during the two to three week period necessary for boiler repairs, which include retubing, replacing firebrick and replacing parts of the stoker.

It is the first time the boiler has been down, other than in emergencies, since it was installed in 1943. The company has rented the locomotive from the CNR for its auxiliary work.

Social & Personal

At a graduation ceremony recently in Convocation Hall, University of Toronto, Jim Kirkwood received his Bachelor of Divinity degree from Emmanuel College where he has been studying for the United Church ministry. His parents, Mr. and Mrs. J. P. Kirkwood and sister Shirley, 4 Pauline St. and Mrs. Ed Peters, 31 Byron St. attended the convocation.

On Friday, Mr. and Mrs. W. T. Graham, 23 Market St. were in Guelph to attend the graduation ceremonies at Ontario Agricultural College. Their son Gordon was a member of the graduating class in agricultural science.

Exit Malaria—Enter Farming

Which has been the source of malaria's spread? Experts from the Food and Agriculture Organization and the World Health Organization, two United Nations specialized agencies, have been studying malaria in the Amazon basin. They found that the mosquito, which carries the malaria germ, breeds in the water of the Amazon basin through a series of stages.

High Taxes Turn People Against The Government

If someone had told me six months ago that so many people would vote Conservative in this election I would not have believed it. But in the interval public opinion has undergone a drastic change.

People have weighed their allegiance to the Liberal Party against the dictatorial action of the present government. For example, one man said to me "My family has voted Liberal for 100 years. On June 10th

I will be the first to vote Progressive Conservative. I can no longer condone the arrogance and greediness of the present administration. Moreover, I claim that the present Liberal government falls far short of the ideals of Sir Wilfred Laurier."

This is not an isolated case. It represents a fast-growing trend. People are overlooking long-held political affiliations in their determination to replace the present government which is costing them too much money. They know that only the Progressive Conservatives have enough candidates throughout the country to win a majority vote. This being so a vote for any other party is a wasted vote.

Even in the Conservative ranks of candidates are many former Liberals. Wilfred Laurier Regnier, Conservative candidate in St. Boniface, Manitoba, was a Liberal candidate in the 1949 federal election. In Cochrane North the Conservative candidate in the June 10th election has been both a federal and provincial candidate for the CCF. In Toronto - Broadview the Liberal candidate in 1953, Joseph Carroll, is now supporting Conservative George Hees. And so it goes, as the tide turns. Halton, I am certain, will be no exception when the ballots are counted. Like other Canadians, people of this county recognize a serious problem. A government has overtaxed causing misery and hardship for thousands. Halton people say: "Let's do something about it—Let's vote Progressive Conservative on June 10th."

Yours Sincerely,

Charles Alexander "Sandy" Best

Halton Progressive Conservative Candidate

Golfing, Supper Dance Club Opens for Season

Official opening of North Halton Golf & Country Club for this season took place on Saturday when members competed in an afternoon tournament which featured amusing "obstacle" on various parts of the course. A buffet supper was followed in the evening by dancing, with music by the Westernaires. Godfrey Collier and Mrs. Leonard Ward officiated when prize-winners were announced during the dinner hour. Mrs. Jack Malcolm and James Linton had low gross for the day. Mrs. James F. Evans and Sam Mackenzie were "most honest golfers." Low score on the 9th was registered by Mrs. Jack Kerby and John Bell; low score on the 1st by Mrs. John Bell and Jack Kerby. A prize for high score on the 5th hole was won by Joy Laird and Duke Wilson.

Among visitors who attended from out-of-town were Mr. and Mrs. Fred Chapman of Peterborough and Mr. and Mrs. Spence of Glanville, Cornwall.
