

Need Highway Storm Sewer Before Others: Harrison

"I can't sanction storm sewers anywhere else in town, no matter how badly they are needed, until we put one in on the highway," said Cr. Fred Harrison.

Cr. Harrison was supported by Cr. Alfred Sykes in opposing an \$800 storm sewer on John St. E. which will run from the railway track 300 feet down the hill. His objection, he said, was not to the sewer, but to the fact that last year council had initiated action to clear up a bad highway condition in front of Georgetown Animal Clinic which jeopardizes the lives of children and motorists every time it rains.

Road chairman Walter Gray said this sewer would be installed this year, as soon as certain troubles about location are overcome. The John Street sewer was meanwhile voted in by a council majority.

Cr. Harrison also registered a strong objection at the meeting to council spending any money on the creation of a large downtown parking area. Cr. Harrison objected particularly to buying fill to be hauled in for sanitary garbage disposal, and to the fact that some of

this is being used to fill private property which is not owned by the town.

Despite his protests, the council could find no seconder for a motion to stop the expenditure and drew opposition from Cr. Hyde and Reeve Allen.

"The day will soon be here when we'll be tickled to death to have private property offered the town for sanitary landfill" opined Cr. Ern Hyde, indicating that eventually there will be no town-owned property available.

Reeve Stan Allen characterized sanitary fill as cheaper than the former method of open dumping in the park. Buying fill, he said, is much cheaper than the alternative of transporting garbage out of town.

MRS. JAMES KIRKWOOD CONDUCTS DEVOTIONAL

Mrs. A. M. Nielsen was hostess for Group 3 of the W.A. of St. John's United Church on Wednesday afternoon. Miss May Thompson, convener, was in charge of the meeting which opened with the theme and the Lord's Prayer. Roll Call was answered with a favourite bible verse.

Mrs. James Kirkwood gave the devotional, based on Psalm 65, with the assistance of Mrs. Walter Brownridge.

"Winter is never God's last word" she said, "If winter comes then spring is not far behind. Sorrow, trouble and pain are not God's last word; Joy, peace and comfort are not far behind when the chill winds of trouble beat upon our lives. For our God is a God of mercy and compassion. The same divine power that renews the earth in springtime can banish winter in our hearts, renew our lives and bring new beauty and joy to everyone of us."

Mrs. Victor McDonald, who is on the apron committee, had on display many lovely aprons she had made, and said more material is available to members for sewing. Mrs. R. H. Wright moved a vote of thanks to the hostess and to Miss Hazel Harrison and Mrs. Stanley Gowland who served an enjoyable cup of tea. The June meeting will be held in connection with the Cedarvale picnic.

Phone Company Establishes Three Collection Agencies

Residents of Georgetown will be able to pay their telephone accounts at any one of three new collection agencies to be established in this area beginning June 3rd. At the same time, the present system of paying accounts at Barber's Gift Shop, 55 Mill St., will be discontinued.

L. G. Denby, Bell Telephone manager for this region said this week the three new agencies will be opened for the added convenience of Georgetown subscribers. Telephone subscribers will be able to pay their accounts at Davidson's Pharmacy, 148 Guelph Street, adjacent to the Delrex subdivision; Robb's Drug Store, 8 Main Street north; and Wheeler's General Store in Glen Williams.

"For account enquiries or adjustments, and for all other telephone business matters, subscribers should contact the Bell Telephone business office 32 Queen St. W., Brampton, by dialing TR. 7-2235," Mr. Denby said.

Do Doorbells Toll For the Tories?

IN HIS CAMPAIGN newspaper advertising the Conservative candidate claims: "Like other Canadians, people of this county recognize a serious problem. A government has overtaken causing misery and hardship for thousands."

This statement is unbelievable and unbecoming.

The gentleman who signed that statement also tells us about the thousands of door bells he has rung... Are these door bells tolling "misery and hardship"?

I, too have been ringing door bells and I have noticed that the door bells are frequently attached to new houses. Frequently there is a late model car parked in the driveway. Almost always there is a TV antenna on the roof.

Inside the homes there is usually evidence of an electric vacuum cleaner — or an electric washing machine — or other electrical appliances.

The children often are attending new schools in the neighbourhood.

There are 12,000 new voters in Halton county and not one of them is living in slum conditions.

The Conservative candidate — who is talking "misery and hardship" — is said to be conduct-

ing two businesses in Halton, a beef cattle enterprise in Nassagaweya township and the growing of lilies in Esqueving. Presumably, both businesses are prospering or they would not be continued.

And so we have here a man who is content to enjoy, along with other Canadians, the benefits to be derived from the present high level of activity in Canada's expanding economy. At the same time, out of the far corner of his mouth, he cries havoc and blue ruin.

I don't think there is a person in this county who hasn't had direct benefit from the prosperity that the LIBERAL ADMINISTRATION has brought to this county and country, and maintained throughout the years of office.

Certainly, there have been mild recessions and there have been adjustments — any person handling family finances — or a business — or an industry — will understand that.

BUT THE LIBERALS HAVE ESTABLISHED A RECORD OF CONSISTENT AND CONTINUOUS, PROGRESS AND PROSPERITY FOR THE PEOPLE.

To maintain the prosperity and security we have earned and enjoy, I ask you to send me to Ottawa to support the Liberal policies that have made this prosperity possible.

Esqueving Assessor At Windsor Convention

A special feature of Arthur Benton's visit in Windsor today will be his attendance at the inaugural meeting of the Institute of Municipal Assessors.

Mr. Benton, who is Esqueving Township's assessment commissioner, has been in Windsor since Sunday attending the assessors' convention at the Prince Edward Hotel.

One of three Halton assessors to complete the 3-year senior course in assessment practice and principles, he qualified for membership in the newly formed institute. Percy Spurgeon, Oakville and Edgar Marshall, Nelson, also hold the degree from Queen's University, which is given in co-operation with the institute.
