

Elling Berg Becomes Chemical Engineer

Elling Berg, son of Mr. and Mrs. E. A. Berg, Limehouse, received his degree in chemical engineering this afternoon at a convocation ceremony at the University of Toronto.

Mr. Berg, who is a graduate of Georgetown High School, has a position at Clarkson with the British American Oil Co. He will be entering the profession of a chemical engineer when he graduates from high school. He is currently employed at the Smith and Stone quarry and an Atkinson Foundation quarry.

Social & Personal

Keith Thompson and his sister Barbara, son and daughter of Mr. and Mrs. William P. Thompson, George Street, left by car Sunday for Edmonton, Alberta. They will visit their brother and his wife, Mr. and Mrs. William Thompson.

Mr. and Mrs. Wilbert Bradley, 17 Elgin St. had a happy reunion with wartime acquaintances last week when Mr. and Mrs. A. H. (Bud) Hallam of Saskatoon, Sask. visited them. The two couples became friendly when the Bradleys were living in Vancouver during Mr. Bradley's service with the RCAF.

Notice to Creditors

In the Estate of ALBERT EDWIN COLMAN, Deceased.
ALL PERSONS having claims against the estate of Albert Edwin Colman, late of the Town of Georgetown and County of Halton, paper mill worker, deceased, who died on or about the 6th day of March, 1957, are hereby notified to send unto the undersigned Executrix of the said Estate on or before the 15th day of June, 1957, full particulars of their claims, after which date the said estate will be distributed, having regard only to the claims of which the executrix shall then have notice.
DATED at Georgetown, Ontario, this 13th day of May, A.D., 1957.
Loretta Colman, Executrix,
by her Solicitor,
M. E. MANDERSON,
Georgetown, Ontario

Handicapped Children Subject of Talk

A physiotherapist at the Toronto clinic for handicapped children, Mrs. Howard, was the guest speaker to the Local Council of Women, who met in the Sunday School rooms of the First Baptist Church on Friday, May 17th. During her talk Mrs. Howard said that most of the children at the clinic are suffering from cerebral palsy and pointed out that in bygone days these children were considered a disgrace to their parents and were hidden from sight.

Thanks to the modern medical research of today a large percentage of these children can be cured and will be able to take their rightful place in the world. Those who cannot be entirely cured are taught an occupation suited to their particular ability.

In Toronto there are over fifty children being taught in one room. These children return home each night and if not given the care and attention required fall behind in their recovery. Colour films revealed the long slow treatment required by the cure. Cerebral palsy is caused by a brain injury, however, the extent of the damage and the degree of recovery are determined by the area of the brain harmed. Mrs. Vannatter thanked Mrs. Howard for her interesting talk.

ASHGROVE

MRS. WILFRID BIRD IS W.I. HOSTESS
Ashgrove Women's Institute meeting was held on Tuesday afternoon at the home of Mrs. Wilfrid Bird, with president Mrs. Cliff Hunter opening the meeting with the Intitute Ode and creed. Mrs. Hector Bird conducted the installation of officers for 1957. Roll call was answered by handing in dressings for cancer. A report was given of Halton Music Festival committee, and the flower committee reported. Mrs. Vera Archer presented Mrs. Wilfrid Bird with a gift. Two lovely solos were sung by Mrs. T. Alderson.

The motto: Laughter is a good medicine, don't bottle it up, was well given by Mrs. Archer. A paper on what's new in medicine, given by Mrs. T. Blackett, was very interesting. Mrs. J. J. Thompson gave current events and Mrs. C. B. Dick thanked the hostess and those who took part in the program. A social half hour followed.

THREE CANDIDATES SPEAK

The three candidates in the federal elections will address a public meeting in Bronte tonight under the sponsorship of the Chamber of Commerce.

CAMPORÉE REPORT

A large number of patrols from the troops of North Halton assembled near Milton on May 17th for the annual Camporee. The camp proved to be no ordinary camp but a great experience for all who attended. Immediately after the Scouts arrived campsites were pitched up, tents were pitched and a delicious lunch was served.

After an inspection of the camp every one changed for games. Supper at 6 was followed by the flag lowering ceremony and that night the Milton troop put on a campfire in which everyone took part. It was lights out at 11 and the noises of the camp subsided.

Reveille sounded bright and early at 7.30 to be exact and at 7.45 the flag went up. Breakfast followed and then the Scouts made arrangements for a Scouts Own. The rain came just in time for lunch at 1 o'clock and then stayed around to chase the visitors out of camp and the Scouts into the shelter of their tents. Scheduled for the afternoon were Camporee projects and the inspection of same but the downpour continued to wash out any planned activities. The Scouts put in the time until supper as best they could. By 7.30 some of the tents were leaking badly and the river was above its normal level.

A mass movement started to the dry tents, however it was only a matter of time before these too became saturated and the only shelter remaining was the Scouters hut. Tent after tent had to be abandoned. When it was evident that the rain had no intention of letting up before morning most of the camp was evacuated and the Scouts moved to the Scout Halls of Acton and Milton for the night.

On returning in the morning they found that some of their equipment had been swept downstream during the storm, however, the patrols soon recovered most of this, and the day continued more or less as planned.

Thanks to Mike Brown for the fine report of the Camporee. Also a vote of thanks to Scouter and Mrs. Keyse for their work during the Camporee. But for these, too many boys would have returned to Georgetown with colds so thank you, Scouter and Mrs. Keyse.

SUN, RAIN or COLD hurts not

This real brick product is more impervious to the elements... You'll be surprised, too, at the low cost and the speed of application to your present dwelling.
