Thirty four ladies from Hornby and district went on the bus trip to Kitchener on Wednesday, May 22nd which was sponsored by the Hornby Institute.

The first call was made at the new Electrohome factory where they were divided into 3 groups and with guides toured the factory. It was most interesting to see how the Hi-Fi radios were made. **Seek Suggestions for
Night School Courses**

The Georgetown Night School committee is holding a meeting early next week to decide what courses will be offered during the coming year. One or two new courses have been suggested and if the committee feels that they might prove more popular, may be substituted for courses that were given this last winter.

Suggestions regarding new courses, or any thought that might lead to improvements in our night school, would be most welcome and will be brought up at the coming meeting if made in time.

Mrs. John Glynn and Mrs. W. C. Reynolds, as well as other members of the committee, are ready to hear suggestions, and would be glad to know the views of their fellow townfolk, before the evening of June 3rd.

**W.A. RACK SALE
FOR INDIAN SCHOOL**

A complete year's wardrobe for an 8-year-old Indian girl, with accessories and even Christmas presents, was the main feature of the annual bale packed by seventeen members of St. George's WA when they met Tuesday afternoon at the home of the Dorcas Secretary, Mrs. Thomas Leslie.

The bale, which is being sent to St. Philip's Anglican Residential School at Fort George, also includes many additional items of clothing and bedding, with total value in the neighbourhood of \$100.

After their work was completed, the ladies enjoyed a delicious lunch and cup of tea served by Mrs. Leslie.

**ATTEND BYPU CONVENTION
LAST WEEK IN PETERBORO**

Four young people of the First Baptist Church attended the annual BYPU convention of Ontario and Quebec in Peterboro last week. Ray Ollivier, Beverley Emmerson, Sharin Harley and Djug Peck represented Georgetown at the assembly, the latter three staying for just the Sunday program.
