

THE PEOPLE DEMAND A CHANGE

A wave of optimism is sweeping across Canada. People see a new day dawning. They recognize John Diefenbaker as the man who will lead them to greater opportunities. From Atlantic to Pacific — wherever he went on his recent Crusade across Canada — this national leader was acclaimed by thousands.

He is the answer to the people's demand for a change. They demand a change of government a change of national policy — in short, change that will rid them of oppressive taxation, lethargic leadership and extravagant government spending.

Canadians are not opposed to change. They change jobs, change cars, change homes as the occasion demands. They are not opposed to changing governments either — especially when they have every reason to.

It is common knowledge by now that of the two main parties, only the Progressive Conservatives offer a constructive platform. They are prepared to act immediately on behalf of the people. A Diefenbaker Government will stop extravagance at Ottawa in order to lower federal taxes. It will give greater financial assistance to the provinces and municipalities, thereby keeping your local taxes from going any higher. The Progressive Conservatives say it is absurd to accumulate multi-million-dollar surpluses at Ottawa and in so doing prevent people from buying homes and other necessities.

By contrast the present Liberal Government does nothing. It merely asks to be re-elected on the basis of its having been in power for 22 years. It insults your intelligence and mine by suggesting that the "bad fairies will come" if it is not returned to dictatorial power.

Little wonder that people see John Diefenbaker as a modern Crusader, come to deliver them from growing oppression. It is no wonder that he is greeted at whistle stops, towns and cities across Canada by cheering thousands. The people demand a change of government and John Diefenbaker has proved himself the best qualified to make the change possible.

BEST FOLLOWS DIEFENBAKER'S FOOTSTEPS. John Diefenbaker is definitely the champion of the people. So also is "Sandy" Alexander Best, Progressive Conservative candidate for Halton. A nurseryman, scientist and teacher, he is well-qualified to represent Halton people at Ottawa. A son of Dr. Charles Best, co-discoverer of insulin, he has long been deeply interested in public service. Seen in the above photo

with two young supporters, Sandy Best recommends John Diefenbaker and the Progressive Conservative Party to you as the man and organization most likely to give you good government and the opportunities which you are now denied. A vote for the Liberals on June 10th is a vote for even higher taxes, says Sandy, while a vote for the Conservatives brings lower taxes for everyone.

A Change for the BEST -- A DIEFENBAKER Government

John Is Coming Soon . . .

John Diefenbaker will speak at the Burlington arena on Friday, June 7th, at 6:30 p.m. The man who is inspiring thousands to visualize a new Canada, a better Canada, will receive the same warm reception from Halton County people as he has experienced everywhere across the nation.

John Diefenbaker is a man of the people who knows the many problems facing Canadians. In Parliament he has constantly defended the Rights of the People against unrelenting opposition from the present Liberal Government. Times without number he has attacked the dictatorial rulers of Canada and demanded that they change their attitude.

When John Diefenbaker was named leader of the Progressive Conservative Party, he vowed to go to the people and ask them what they thought about this creeping dictatorship seen in the present government. He has done just that in recent weeks and the response from Canadians everywhere has been overwhelming. Thousands came to hear him describe the extent to which Parliamentary Rights have been abused in successful attempts to shackle Canadians.

They also heard him say that we the people have a means of correcting injustices. A free election on June 10th will give one and all the opportunity to overcome present difficulties and restore the inalienable right of the individual to work and prosper.

How you vote on June 10th will affect the well-being of you and your family for years. You may vote Liberal and give a free hand to those who overtax and overspend unmercifully — or you may vote Progressive Conservative and know that Government of the people by the people and for the people shall prevail.

And Bringing New Hope . . .

Do you wish to go on paying higher and higher Federal taxes and higher and higher local taxes? Do you think the present Liberal Government should be re-elected to overtax Canadians half a billion dollars annually as it did in the last fiscal year?

And do you think Canada should go on spending a hundred million dollars more per month in the United States than that country spends here? Do you think Old Age Pensioners should be paid only \$46 a month? Do you think the desires of the people should be consistently ignored as they are by the present Liberal Government?

The answer to all of these questions is the same — a resounding "NO." But only by voting on June 10th for a Diefenbaker candidate, such as Alexander "Sandy" Best, will relief from oppression be possible.

When John Diefenbaker speaks in Burlington on June 7th, he will bring a message of hope and its immediate fulfillment to everyone. He will contrast the Liberals' "Do Nothing" policy with the Conservatives policy of "Do Something Now for the Benefit of Everyone."

Diefenbaker will emphasize how taxes at all levels are too high. He will ask the people of Halton to support him and the local candidate to the end that such taxes may be lowered and excessive government spending stopped. He will ask for your help and mine in restoring the Rights of Parliament and respect for the people.

He will tell the hundreds at the arena that June 10th will be their last chance for four or five years to make sure that a dictatorial Liberal Government is replaced by a Progressive Conservative Government sworn to observe the rights and wishes of the people.
