## Present Jackets, Crests To Junior Hockey Team

Members of the Georgetown Junior Raiders Hockey Club were presented with jackets and crests last Tuesday night, June 18th, at a banquet in the Legion Hall put on by the Legion ladies. The head table comprised club officials Tom Beckett, Joe Dwyer, George Louth, Fred Harrison, Sr., Rene Martin, Rev. Alex Calder and team captain Cal King.

Mr. Harrison was called on to present the green and cream jackets bearing similar crests awarded Junior "C" O.H.A. 56-57. Actually the team took their group championship upsetting Preston after being down three games to one, before bowing out to a more powerful Welland club. Speaking in answer to a vote of thanks from president George Louth, Mrs. Charlie Day mentioned that the Juniors always seemed to be the ones left out of the celebrations, and that the ladies wanted to make sure they received recognition for their showing this year.

Mr. Louth praised the players for their cooperation and faithfulness in attending practice and in turn Cal King spoke on behalf of the team in thanking the executive for their work during the season. Three regular players Doug Richardson, Tom Dobbie and Pete Hart were unable to be present at the banquet.

Those attending included Theo Charlton, Fred Harrison, Butch Hyde, Glen Dance, Charlie Anger, Bill Thompson, Jim Beckett, Norm Lockhurst, Don Anderson, Doug Tucker, Ken Richardson, Pete Pomeroy, Ross Cunningham, trainer Jerry Perkins, Walt Richardson and Terry Harley who covered the game for the Herald.

## LEGION NOTES

This Thursday night is the regular monthly meeting night and the entertainment chairman has decided to put on a 'Jiggs' Special' corned beef and cabbage for the members as a last treat before the summer recess. He hopes to feed about 200, so let's see everybody come and run him short! We might add, too, that there will be the draw for the regular \$10 cash prize again, so hold on to your notice card, and you may be the lucky winner.

Sorry to hear Knobby is under the weather, and hope to see him around again in the near future. Alvin McDonald sends his regards to all his old friends, and hopes to be home in a few weeks.

The same parade will be held in Oakville this Sunday coming at 2 p.m. A bus is going from town, as well as a bus of the W.A. and the girls pipe band will head the branch detachment. It is hoped that a good many members will go down to Oakville for this. The reason for Oakville wishing it is because of their centennial year celebrations, and they hope to see a real turnout of neighbouring Legions attend when the Oakville Branch 114 presents the community with the World War II addition to their War Memorial, worth approximately \$3500, paid for by the branch itself.

So, if for no other reason, we think that is sufficient to have a number of local members attend.

## Phone Call Rates Are Upped to 10¢ a Call

The standard rate of 10 cents for each local call from public and semi-public telephones will become effective in Georgetown next Saturday, June 29, according to L. G. Denby, Bell Telephone manager for this region.

Approval in principle of the 10-cent rate for local calls from all of Bell's public and semi-public telephones was given in November, 1951 by the Board of Transport Commissioners for Canada. However, because of equipment shortages at that time, the Bell asked for the higher rate to be applied immediately only in the larger centres.

With equipment to modify the public telephones in the smaller centres now installed, the company has decided to complete the application of the standard rate throughout its territory.

A list is on the board for anyone wishing to go by bus, to put his name down.

The parade forms at 2 p.m. on Chisholm Street, which means the local bus should leave not later than 1 o'clock here. The salute will be taken at Oakville public library. Service will be conducted by Lt. Col. Rev. C. K. Nicoll, M.C., branch padre. Refreshments will be served by Branch 114 at Legion Hall, consisting of coffee and sandwiches.

### INTRODUCING

Russ Taggart, 36 Church Street, Russ is a barber at Hutch's and is married with three children. He is a second war veteran and served in the R.C.C.S. He is fond of fishing. Russ is not exactly a new member, having belonged for some time.

Harry Bottoms, has been in the branch for some time. He is a die maker and works at Smith and Stone. Is married with 3 children and was in the Royal Engineers in World War II.

His main hobby is darts. Bill Carr, is an Ontario land surveyor resident in town, and is married also. He served with the RCAF and RAF during the war in England and middle east. Active in other groups, he is this year the president of Georgetown Rotary. Welcome to the Branch!!

Our picnic this year is coming on the 14th of July, just one week before our industries start to take their holidays. Each year as you know, our picnic has been getting bigger and better, so let's see this one really go over the top, with a huge crowd there. It will be held at Stanley Park with everything the kiddies could ask for. As always there'll be loads of races, lots of ice cream and treats, as well as ponies to ride and swimming of course. The executive have been working very hard to make this a grand event, so let's everybody get out and support them! All you will need to bring is your lunch, the coffee, tea or milk and ice cream will be supplied. There will be buses to take you and also there will be buses leaving at various times that evening to bring you home. So you don't have to stay late, if the children are getting tired - or on the other hand if they are having a good time, then you can always wait for the later buses! We think this will be the best picnic you've ever attended. So be on hand to have a real day!

Next week we hope to feature a page on our kid hockey, complete with pictures, etc., taken at the banquet this spring. Bruce Gummer has promised us details of interest to everyone to make up an interesting column to go with the cuts. And we would like Jack Presswood, Jim Sargent and Vern McCumber to drop in to the Herald office to tell us the names of some of the lads in the pictures.

## Electronic Secretary Developed by Bell Tel.

The fear of missing important telephone calls need no longer keep a person from leaving his home or office unattended.

He can now obtain an "electronic secretary" which will automatically answer his telephone when he is absent.

Two such devices are now being made available by the Bell Telephone Company in its Ontario-Quebec territory, according to L. G. Denby, the company's manager for this region.

One, the automatic telephone answering set, will answer the telephone and give callers a message recorded before the user leaves his premises.

The second type, the automatic telephone answering and recording set, goes a step further. It will not only answer the call and give the caller a pre-recorded message, but will also invite the caller to leave a message which will be recorded and ready for the user when he returns.

The pre-recorded message, which starts to "talk" when the number has been dialed, can be up to 28 seconds long. The equipment gives the callers 10 minutes of message time, and each individual message can be up to a half a minute in length.

The recording system is controlled by a series of double "beep" tones which tells the caller when to start recording his message. A second pair of "beep" tones tells him when he is nearing the end of the recording period.

Both the pre-recorded messages and those of callers are recorded on revolving drums. Old messages are automatically erased from the drums as new ones are recorded.

The new automatic recording sets, encased in attractive housings designed to harmonize with most office and residential furnishings, can be used with individual residence or business telephone lines and with private switchboard trunk and extension equipment. Both types require 60-cycle electrical current.

Expected to prove particularly valuable to such people as doctors, lawyers, dentists, druggists, architects, insurance agents, brokers, engineers, real estate agents and television and radio repairmen, the new types of telephone equipment are especially useful in small offices which lack sufficient personnel to provide full-time telephone answering service.

It means that the telephone can be left unattended during the day

for long periods. It also means that incoming after-hours and holiday telephone calls can be recorded to be dealt with during subsequent business hours.

Thinking of Printing? Call the Herald, Phone 2201. We can give you quick service and expert workmanship.
