

Sensational!

The Completely NEW
HAYLINER 68

New Holland
Murt Allison

Advanced engineering design brings you outstanding performance, new baling ease, and bales scientifically formed for modern baling.

BIG BALER CAPACITY
AT SMALL BALER PRICES!

From hitch to chute, New Holland's HAYLINER is modern baling's biggest news. New in sturdy, compact design. New in convenience and running ease. It gives you what you're looking for... a new, faster, better way to rich leafy bales of hay.

FLOW ACTION FEED builds bales scientifically. Exclusive with New Holland, this all-new baling action measures hay into the bale chamber. Spring-loaded feeder tines, mounted on a continuous roller chain, hardly disturb a leaf. Flow Action distributes material to form an engineered bale built for modern handling, storage and feeding.

BIG 56-INCH WIDE PICKUP takes heavier windrows with ease. Sweeps your field clean. Twenty-four spring-mounted teeth give you 20% more effective pickup area. Glides over ridges, dips into low spots without biting dirt.

If you make hay the modern way

Mrs. Frank Binnie, 83 Native of Ballinacree

A frequent visitor to town and a native of Ballinacree, Mrs. Frank Binnie, 83, was buried in Melville United Church cemetery last Wednesday following funeral services in Erin United Church. Mrs. Binnie died in Lindsay on June 17th. The former Johanna Ferguson, she was the daughter of Peter and Charlotte Belgrave Ferguson and was born in 1874. She attended Blue Mountain School and following their marriage in 1894, Mr. and Mrs. Binnie lived on the Binnie homestead on the 9th Line, Erin, for 25 years. They retired to Ballinacree where Mr. Binnie died in 1938. Since then Mrs. Binnie had lived most of the time with her daughter, Mrs. Weir, in Lindsay.

She leaves three daughters, Mrs. Harvey Willson (Jean) of New York, Mrs. Norman Tait (Lottie) of Passey Sound and Mrs. Robert Weir (Bessie) of Peterborough; four grandchildren and seven great grandchildren; and a sister, Mrs. J. T. May of Markdale. She was predeceased by two sisters and two brothers, Mrs. J. MacDonald and Miss Lottie Ferguson, Duncan and Peter Ferguson. Rev. E. D. Snelgrove conducted the funeral service. Pallbearers were Lloyd McLean, Frank Cunningham, Norman Sinclair, Bruce Weller, George Binnie and Fred Sinclair.

GLEN WILLIAMS

School Children Visit Toronto and Guelph OAC

Grades 7 and 8 of the Glen Williams Public School with their principal Ralph McKeown and a few of the parents spent an enjoyable day visiting points of interest in Toronto on June 7th.

They left the school at 8:45 and arrived at the Royal Ontario Museum about 10 o'clock, a guide met them there and the students received a very good lecture on early British history. They were shown many of the ancient peoples weapons, clothing, houses and cooking utensils. They were then given free time to see other things of interest.

From there they were conducted by a very efficient guide thru the Parliament Buildings and as the pupils sat in the seats of the Council Room the guide explained fully the functions of our Government. A short time was spent at the Riverdale Zoo and on their way home they stopped at the observation tower at Malton airport and saw planes take off and land.

Grade 5 and 6 pupils, Mrs. Beaumont's room, and Mrs. John Wagstaffe went in a group by bus to the O.A.C. on Friday, June 14th. On arrival at the O.A.C. farm, programs were given to the children, mentioning and describing the exhibits on display at the different buildings.

The children left in five groups, each with their own leader to visit these. Some of those visited were the Horticultural Bldg and the greenhouses where they saw many interesting plants, including several banana trees with fruit on them and also a rubber tree. Out around these buildings were many seasonal flowers in bloom including hundreds of types of iris, azaleas and other flowering plants.

DR. GEO. COLLAUTT REPORTS LOW PERCENTAGE OF REACTORS TO BLOOD TEST

J. E. W.
Interest is keen among pure bred cattle breeders in the Federal Government's Brucellosis Free Listed Policy, states Dr. G. H. Collautt, of the Health of Animals Branch, Toronto.

According to Dr. Collautt, of 3723 animals subjected to the initial blood test during April and early May, only five proved positive and thirteen questionable. Credit for the low percentage of reactors is given by Dr. Collautt to the policy of official vaccination that has been practiced in recent years by the herds that are now being tested.

In 1956 the Health of Animals Branch blood tested some 60,000 head across Ontario. These cattle were selected at random from all types of herds, dairy and beef, and many of the animals were in herds where official vaccination had not been practiced. In this survey 4.2 per cent proved to be positive reactors to the Brucellosis blood test.

Keeping in mind that Halton cattle owners will likely have an opportunity in the next year or two to sign up under the "Test and Slaughter Policy," this information should encourage all Halton cattle owners to see to it that their heifer calves, both grades and pure breeds, are officially vaccinated at the proper age. With the Province bearing the cost of the vaccination there can be no excuse for any Halton cattle owner slipping up or neglecting this important and forward step to improve the health standard of our cattle. We can't afford to lose the American market for our surplus cattle due to failure on our part to keep abreast of the times.

Other equally interesting buildings were the museum, weather bureau, dairy barn, dairy pavilion and veterinary college. From 11:45 to 12:45 lunches were served to all school children free. Chairs were available and the children ate on the lawn under the many grand trees. There were children there, many bus loads of them, from various other schools.

At 1:30 a most interesting livestock parade which included different breeds of dairy cattle, and work horses, took place. At MacDonald Institute the girls saw exhibits of Canadian art, furniture, experiments in cooking, including a demonstration of cooking in an electronic oven.

At the War Memorial Hall an interesting demonstration showing the preparation and packing of frozen foods was seen. There were many types of cartons and different papers on display there which could be used for this purpose.

The bus left to come home about 3:30. The children found the day educational, interesting and enjoyable.

FARM NEWS

JUNIORS MAKE PLANS FOR JUNIOR SECTION AT MILTON FAIR

J. E. W.
The 4-H and Junior Farmer educational displays have been a highlight of the Milton Fair in recent years. Last week saw plans being made for the displays which this year will be housed in the new Scout Building at the Milton Fair Grounds, on September 27 and 28. Earl Wilson, president of Halton Juniors, is the chairman of the special committee heading up this outstanding section.

Halton Plowmen Active
Last week also saw Halton Plowmen making plans for their annual County Match, which this year is to be held in Esquesing Township, on Saturday, October 26th. The Plowmen's Association is also cooperating with the Junior Farmers in staging a Junior event, on September 7th. The plowmen will have a float in the parades at the Milton Centennial — perhaps at Oakville's too. George Swann is the energetic chairman of the committee planning and arranging for the float. Judging by reports, it should be worth seeing.

Young men... a chance to learn and earn

A limited number of vacancies are available to ambitious young men 16 years of age, with a Grade VIII or better education, through the Canadian Army Apprenticeship Plan. If you can qualify you are given a wonderful opportunity to learn a skilled trade... and you're paid to do it. Alert young men, like yourself, will be your friends, shaping successful, interesting careers with you. Talk it over with your school principal and your parents. Apply as soon as possible, don't delay, for applications are processed in order of receipt. Apply to your nearest Canadian Army Recruiting Office or send coupon below and we will arrange an interview.

Social and Personal

Mr. and Mrs. Fred Armstrong, McNabb Street, have just returned home after spending two weeks in Montreal with their son and his family, Mr. and Mrs. Bill Armstrong.

Mrs. Edgar Eyres, Buffalo, N.Y. was a visitor in town last week. Mrs. Eyres was over to attend the Rebekah Assembly of Ontario which was held in the Royal York Hotel, and stopped off in town to visit with friends.

mom's sharp today...
... she just ordered an APSCO CHICAGO pencil sharpener for her kitchen. She's tired of hacking away at pencils with her best knife. She knows her family will appreciate it, too. There's an ApSCO Pencil Sharpener for every need.

Now available at...
If it's used in an office You'll find it at
