Take a second look . . . get the true picture

There's nothing new about a schoolboy dashing out at the last minute. But that big yellow bus is something new . . . something important to you even though you'll never use it. For this is a district high school bus picking up its morning load of farm children.

Not so long ago, the "little red school house" was the end of education for the majority of these children. Now they ride the yellow bus to high school—and may go on to an agricultural college afterwards.

Parents are encouraging their children to get more education so that when they have taken over the farm they'll have a thorough knowledge of agricultural sciences and business management, both so necessary to the production of good and plentiful crops, on a profitable basis.

The prosperity we all enjoy would be impossible if today's farmers weren't doing such a fine job. But those bright, eager children on the yellow bus, tomorrow's farmers, will make an even greater contribution to this country's progress. They'll be able to do this because they will be trained in newer and better farm practices, including the use of farm machinery which will be "revolutionary" even by today's high standards.

**REV. G. A. E. MOORE
INDUCTED AT SERVICE**

A well attended induction service was held when Rev. G. A. E. Moore was inducted into the pastorate of Rockwood and Stone United Churches. Rev. J. Ward conducted the service and was assisted by Dr. D. G. M. Moore, father of the new minister, and Rev. F. H. Somerville, secretary of Guelph Presbytery.

Dr. Moore offered prayer and Rev. R. H. Somerville addressed the congregation. During his address, Rev. R. H. Somerville made mention of the lovely appearance of the country on his way to Rockwood and also remarked that the new minister is a farmer, come to sow seed, the knowledge of God's word. Charles H. Harris read a portion of the 21st chapter of St. John.

Rev. R. H. Somerville presented the new minister for induction and George Day conducted him to the pulpit. Rev. George Moore announced the closing hymn and followed with the benediction.

Rev. John Ward called the gathering to form in "line" to greet the new minister and his wife. Mr. Roy Leslie of Stone Church and Mr. Ross Gordon of the local church to introduce members of both churches, followed by all going into the Sunday school room for refreshments and a social time.

**WHAT COUNCIL DID
Anti-Noise By-Law?
Some Councillors
Are Dubious**

A bylaw permitting police to take action to put a stop to unnecessary noise such as barking dogs, shouting, noisy vehicles, hammering on buildings, etc. may soon be in effect in Georgetown if findings of the town solicitor favour such a move. The matter, brought to council's attention Thursday in a letter from Chief Constable Roy Haley, was left in the solicitor's hands following a discussion by council.

Mayor Armstrong opined that there would always be noise and that he could not see the necessity of such a by-law if the person making the noise cooperated with the police and stopped when asked. Councillor Fred Harrison speaking in his capacity as police commissioner pointed out that that was just the case, the offenders were not cooperative with the police. He stated that the people would be quiet when approached by the police but as soon as their backs were turned they would continue the annoying practice.

Cr. Ern Hyde stated that the possibilities of what could come of an anti-noise by-law were unlimited. "In answering complaints," he said, "police could shut down factories and stop hockey games." The mayor interjected that the noise was no doubt annoying but a by-law would not necessarily put an end to it since the police could be at the other end of town and have no knowledge of an offense. In answering the mayor, Cr. Harrison indicated that the situation that existed before had been eliminated by the 2-way radio and now the police were in contact with the office at all times and could rush to the source of any complaint immediately. Cr. Walter Gray said that in the case of noise caused by persons hammering in a building, police could be taking action against someone working on an emergency job that must be done.

**SOCIETY ANNOUNCES
57 WINNERS FOR
DISTRICT FARMING PROJECTS**

Acton Agricultural Society this week announced the results of the oat competition in which 19 fields were scored by J. M. Cockburn of Guelph.

Mr. Cockburn reported that farmers in this district were to be commended on the fine crops they were entering in the competitions sponsored by the society. No wild oats or oat smut were found in any of the fields scored.

Winner of the competition with 96 points on a field of Garry oats was Charles McNabb of Rockwood. Second place went to Melvin McCullough with 94.5 points, also on Garry oats.
