LEGION NOTES
by Lee Clark

The next regular meeting, as you no doubt already know, will be tomorrow night, Thursday, September 26th. As this is the first of the fall season, let's see every one present for the couple of hours it takes. A great deal of business has been handled by the executive this summer, all members should be interested in hearing details. Especially when one of the pieces of business was the purchasing of the garage and liquor store next door, a large transaction, if we ever saw one. It's amazing the number of people who have commented on this very forward bit of business in the life of the Legion branch.

Besides the regular business, we believe chairman Taylor and Murphy are to be congratulated on the successful reports they have been turning in. In fact, if it were not for these two men and their regular "contributions" to the cellar of the exchequer Thompson, things might be different in the price of our main commodity. Our congratulations to them for their successful money making projects. Let's see a good crowd tomorrow night, and remember, that the door prize is building up again, so you have an excellent opportunity of winning a big cash prize.

The zone meeting was held in Georgetown and was a successful one. There was a fair attendance and a number of matters came up, including the CAPAC musicians' fees. Provincial Command and Dominion Command are still trying to fight this, and a resolution from this zone was sent about it.

Refreshments were served by Jim Murphy and his helpers.

The district meeting takes place next month in Streetsville. Dates will be given later.

Earl Holmes Alex Waldron

There are two men in the zone who do a terrific job, in the persons of Alex Waldron and Earl Holmes. They are the hard working pair who attend every sports event, arrange schedules, take entries and collect fees as well as organizing events to pay for them. We think the sports officer and his secretary, (Earl and Alex respectively) have done a terrific job since their election and have done a great deal to promote unity and comradeship in the zone.

Earl is also the secretary of Port Credit branch and has been their first vice president.

With the announcement that a blood bank will be held in Georgetown in December, it might be hoped that the Legion will give its whole hearted support to a wonderful work. This is the greatest (to our mind) of many worthwhile projects, and one where everyone may some day be in sore need of the service. Legions in almost every community in the district have taken this project as their particular "baby" and have done a wonderful job. Action has had three clinics, and each have been very successful. We trust that when the members of our group are asked to help, they will not be found backward.

Congratulations to Bill Collier, a long time horseshoe fan, who last Saturday won the provincial Legion horseshoe final. Congratulations, Bill, to you and your team.

Details of the competition and the members of the team will appear next week.

Our sincere sympathy to Dick Licata in his great loss. Known to most members, his wife was well liked, and Dick and she had always been willing to help the Branch when called on.

The entire branch also regrets the accident to one of our member's family, Art McGuigan. His son, Arthur, Jr. was killed in a tragic accident last Saturday night. Our sincere sympathy to Art and

Mrs. McGuigan in the loss of a son in such a tragic way and at so untimely an age.

If we can have ONE member responsible for giving us the details this year, we'd like to run a few paragraphs each week about darts and crib. So if any of the dart men wish to volunteer, we'd like to have it.

Milton's new building program is picking up steam and when it is finished will be really something. The bar will be in the basement and will be a terrific one. The auditorium will be on the main floor, and will be about 60 x 80 feet. The upstairs will remain as it is, and will be used for rental of the small hall, offices, etc.

Sports meeting for the zone was last Sunday in Streetsville, with a good representation. They also are building a new hall, which will be a beauty, when finished. It is worth a drive over to see. They expect to have it finished for the district meeting.

It is expected that it will be held some time in October.

The eye bank was featured in the last month copy of the Legionary, explaining the operation of this great campaign. It is hoped to have most branches subscribe to it and that your eyes may help some one else see. The cornea, the part of the eye that is used, is the one part of the human body that age has no effect on, therefore at ninety, the eye bank still can use that portion of the eye, just as well as at twenty or thirty years of age.

The golfers are due to go to the provincial golf tournament at the Rouge Hill course on Saturday. We wish them luck and hope they manage to bring home the bacon. We hope to see some of the team come in in the winners, at least. We have some good golfers taking part in the two teams being sent, and feel a local man might

Nash Chappel

bring home low score. Both Kenny Nash and Harvey Chappel are going, as understand, so along with our other golfers, Branch 120 should give a good account of itself. We understand a number of the boys are going along as a gallery for the two teams. We'll give details in next week's issue of who played on the teams, as well as a report on the winners, etc.

We came up with a beauty of an idea (we thought so, anyway), the other day, when we suggested that the members of the branch who are always wanting a trip to some place a little out of the ordinary, hire a plane, and go some place as a group. An old DC-3 wouldn't be too expensive, we suppose would carry about 30 or so, and would probably not cost more than ten to fifteen per cent over a normal chartered bus trip, allowing for extra charge for meals, room, etc. that is. The chartered buses that used to run the Branch to Buffalo made a nice trip, but look at the travel time and discomfort you'd save! Actually we're talking a bit with tongue in cheek, now, as we mentioned it the other night to Alex Taylor and Nick Garvin, but neither seemed very keen about it. Don't tell that you're a bit 'air shy' in this day and age, are you, boys!

The Imperials had a trip to Buffalo last Saturday by bus, and had a good day, by all reports. By the way, we understand that Knobby is throwing a duck supper for the boys in the near future. What's the celebration for, Knob? We've noticed the president and he with their heads together, obviously hatching some skulduggery, so we advise all members to keep their hands in their pockets and their backs to the wall, until we find out what it's all about. When a pair of footloose young fellas like that pair get together, take heed!

Plan Blood Clinic Here In December

With announcement last week in "The Herald" by the Canadian Red Cross of a blood donors clinic, a new public service will be started in the community.

The local branch of the Canadian Red Cross will be in charge, with of course the actual personnel for the clinic being supplied by the parent unit. The clinic will be held on December the 12th and it is hoped that Georgetown will respond as they have in the past for any such worthy campaign. The giving of blood is one service that almost everyone can help with, and it is probably the most essential and life-saving service performed by any group.

It is hoped that many will offer their services, not only as donors, but in the organization of the campaign and also in actual operation.

NEW GEORGETOWN DENTIST WILL BRING BRIDE HERE

A couple who will live in Georgetown at 22 King St. E. were married Saturday in Kingsway Lambton United Church, Toronto.

Wedding principals were Beverly Joan Blue, daughter of Mr. and Mrs. Malcolm Francis Blue, 52 King George's Road, Toronto and Dr. Kenneth William McCauley, son of Mr. and Mrs. William McCauley, Toronto. The bride is a niece of Mrs. Marion Barber, of town. Dr. McCauley, a 1937 graduate of the Faculty of Dentistry, University of Toronto, will commence practice in Georgetown early next month.

Rev. Stanley R. Tose officiated at the three o'clock double ring ceremony. Miss Mary Stillman was organist and Miss Jean McDonald soloist.

The bride wore an imported full-length gown of white, peau-de-soie and alencon lace, with shirred short sleeves and a bodice of flowered lace appliques iced with seed pearls framing the deMedici neckline. The skirt was very bouffant, encircled with a folded band of peau-de-soie swags caught with medallions of the jewelled lace and sweeping from a bustle back to a full chapel train. Her fingertip veil was caught into a double crown studded with jewels. She carried a sheaf of Amazon lilies and stephanotis.

Miss Pamela Blue was her sister's maid of honour and another sister, Mrs. W. J. Bossons, was a bridesmaid, as were Mrs. Donald Leaven, Miss Diane Robinson and Miss Pat Paterson of Sarnia. They wore waltz length dresses of toast

Gas THE ONE TRULY MODERN COMPLETELY AUTOMATIC HEATING SYSTEM

Avoid the cold weather rush . . . install dependable, controlled GAS heating equipment NOW! . . .

- CONVENIENT**
No furnace tending. No fuel handling. No fuel storage. Do away with fuel bins, tanks, ash cans.
- CLEAN**
Gas is a pure fuel leaving no residue. Less housework and fewer cleaning bills.
- DEPENDABLE**
No motor or fuel pump for gas burner. That means less service call with carefree Gas Heat.
- SAVES SPACE**
The gas heating streamlined unit makes your basement roomier, more livable. Provides extra healthful room for play or work.
- SILENT**
Gas heating is your silent servant twenty-four hours a day. No noise to disturb your waking or sleeping hours.
- HEALTHFUL**
Gas provides even heat and clean air. Saves doctor's bills. All the family will be healthier.
- A LONGER LIFE**
Simple design of gas burner means less wear and tear - longer life and far less depreciation.
- NO "HIDDEN" COSTS**
You pay for fuel only. No "hidden" operating costs. Lowest maintenance cost.

. . . and if you need SERVICE it's FREE!
