MACKENZIE NEWS

THE MOST IN COMFORT YOU SHOULD RATE, YOU'LL GET IT IF YOU INSULATE

YOU GET THE MOST value for money spent in insulation. It pays off a dividend in both comfort and fuel saving.

FOR A HOUSE SIZE 30 x 40 to put in 2" Fiberglas rolls in the ceiling would cost \$54.25 and in 3" \$71.50 or 5c and 6 1/4c per sq. ft. Fiberglas comes in paper backed rolls 15" wide and you can easily place it between the roof joists or studs. It won't rot or burn.

IF YOU INSULATE you should also ventilate and we can supply you with the necessary aluminum louvres for under eaves and gables.
