

Lookout, Totem Pole Damaged, Y Camp Fire

A small lookout building belonging to YMCA Camp Norval was destroyed by fire last Wednesday, believed by firemen to have been started by vandals. The house, which was about 10 x 10 square, was mounted on the top of four large poles and reached by means of wooden stairs. One of two totem poles standing near the house was pushed over.

A truck driver passing the camp on No. 7 Highway spotted the smoke from the blaze at the same time as two youths emerging from the woods on to the road. He notified an attendant at the Norval BA station who in turn sent in the alarm. However, by that time the house was beyond saving. The call was the first the brigade has received since Labour Day.

URGES SAFETY CONSCIOUSNESS TO CUT INDUSTRIAL ACCIDENTS

"Accidents in Canadian industrial plants are taking a tragic toll of about 200 lives annually as well as causing crippling and maiming injuries. The total number of lives lost in all types of industry throughout Canada, however, was over 1,400 in 1956. There is an urgent need for more care and caution on the part of industrial workers at all times," R. G. D. Anderson, general manager of the Industrial Accident Prevention Association warns.

In a statement directed at Smith Falls industrial workers, he stressed the need for employees in all types of industry to become more conscious of safety regulations. The Industrial Accident Prevention Association, in cooperation with other safety groups, are sponsoring an all out drive to curb mounting accident cases in Ontario. Again this year, October has been designated as Safety Month throughout the Province, said Mr. Anderson.

Last year, in addition to lives lost in industrial mishaps, accidents cost \$14,432,631. to member firms of the Industrial Accident Prevention Associations. The total cost, however, to all firms covered by the Workmen's Compensation Board of Ontario in the same year amounted to \$47,020,094.37.

continual and intensified effort in preventing accidents, many of which are caused by thoughtlessness or a moment's lapse from the good safety habits the worker knows" continued Mr. Anderson.

Statistics show that handling materials causes approximately 30 per cent of accidents in industrial plants. Slips and falls account for about 17 per cent, and moving machinery about 14 per cent.

October Safety Month is being sponsored on behalf of the manufacturing industries of Ontario and has, as its theme, "Your Safety Is Your Family's Security." A similar campaign is being conducted in other parts of the country at the same time.

Mr. Anderson emphasized that the success of the safety campaign depends entirely on the efforts and cooperation of each individual worker with leadership from Management and encouragement from Unions. He urged employers and employees alike, to be conscious of safety regulations during October and make them a habit for the remainder of the year.

An accident is usually the only winner in the race against time. Drive safely.

R. C. Alexander Premier Exhibitor, Milton Fair

The Halton County Black and White Day held September 28th in connection with Milton Fair brought out a big show of Holsteins with 133 head exhibited by 26 different breeders. Robert C. Alexander, Georgetown, carried off both the premier breeder and premier exhibitor awards, with Miss Barbara Royle, Oakville, being runner-up for premier exhibitor, and Ashville Farms, Milton, runner-up for premier breeder.

Barbara Royle took both the senior and grand reserve senior and reserve grand championships for females, her grand champion being the first prize aged cow in milk, Twin Rivers Sovereign Kate, who also won the Dr. Paul Beer memorial trophy as the best uddered female of the show. The reserve grand award went to the winning aged cow dry, Darkie Pabst Reflection.

Gordon Sinclair, Burlington, took the junior female championship on his first prize senior yearling heifer, Clairdale Hopeful Sharon, while the reserve junior championship went to Robert C. Alexander on the top junior yearling heifer, Alexholme Nan, Rosafe.

In the bull classes, the senior and grand championship went to the first prize two year old, Spring Farm Fond Piebe, who was also grand champion at the recent CNE. He is owned jointly with J. M.

Fraser, Streetsville. The senior yearling bull class provided both the junior and reserve junior champions, the former being Sheffield Supreme Chico, shown by G. Howard Gowland, Milton, who owns him jointly with Sheffield Farms, St. George. This bull went through to the reserve grand championship award. The reserve junior champion was Hawkherst Spring Farm Reflection, shown by T. J. Brownridge and Sons, Georgetown. Charles Austin, Georgetown, showed the reserve senior champion bull, taking this honour on his 1st prize aged bull, Willowgrove Fond Sylv-o-Gram.

One of the features of this show was an outstanding senior-get-of-sire class, which had four exceptionally strong entries. The winner was Ashville Farms, on the get of Forest Lee Hope King. Robert C. Alexander was second on the get of Salax Prince.

No less than twelve exhibitors won at least one first prize. R. C. Alexander had six firsts; Barbara Y. Royle, five firsts; Gordon Sinclair, T. H. McGee, Norval; A. G. Hunter, Burlington, and Ashville Farms two firsts each, and Charles Austin, Georgetown, Wilfrid Leslie, G. Howard Gowland, Ross Segsworth, Burlington; Tovell Brothers, Palermo and Thomas C. Hays, Jr., Oakville, one first each.

The calf with which Tom Hays, Jr. won the senior heifer calf class was his 4-H Calf OFRA Lucky Hogana, with which he, stood third at the CNE. He also headed the sen-

ior heifer calves in the calf club class at Milton Fair with this calf, and in addition was named the winning senior showman. Mary Lou Taylor, Burlington, had the winning junior 4-H Calf, while Barbara Pickard was the champion junior showman and in addition won the top award of the year by hav-

ing the highest aggregate score on her year's work.

The Judge of the black and white day was Ralph Dunton, Brampton.
