Saturday Night at the Park

An event at the park which draws almost as big a crowd as the fall fair, is once again coming up on Saturday.

Combined efforts of the hospital board, Legion branch and town council will result in a show that no one will want to miss, combining as it does the old fashioned garden party with a fireworks display which, in its way, is every bit as thrilling as the fireworks at the CNE.

Admittance to the park is free, although the hospital workers hope that people will invest in lucky draw tickets which is the only large-scale fund-raising event held during the year. The

show promises to be entertaining. Local talent will be used extensively — the Vickie Lay dancers, the girls pipe band and citizens' band, and some of the outstanding numbers from the recent Rotary minstrel show. An extra attraction will be the appearance of Irene Byatt, a singer who has appeared on several CBC television programs recently, and who will be appearing in Music Fair this summer in Toronto and Buffalo.

The grandstand show goes on from 7 to 9, with half an hour of fireworks following. We advise you to get there early for a seat, and not to miss a minute of the show.

A School Reunion?

A GHS graduate, Ed Lunan, who now lives in Vancouver suggests that the impending demolition of the old Georgetown high school might spark a school reunion. We heartily endorse the idea and hope some of the local grads will get working on it.

A reunion is not an easy thing to plan. It would take months of work, first collecting a mailing list, then arranging a program which would have sufficient appeal to bring people back in numbers from a distance. Plans to demolish the building, however, give just the right touch of nostalgia, for no matter how long the absence one always has a soft spot for the old school and we can imagine graduates going to a lot of trouble to pay one last visit to a building which contains so

many teen age memories.

A well organized reunion could be a red letter occasion for Georgetown. It would bring back former teachers like ex-principal Ralph Ross, Miss Marjorie Inman, Miss Elizabeth Penson, Henry Heldmann, ex-principal Walter Carpenter, to name only a few. Besides viewing the old school, those attending would have a tour of the two new additions and for the out-of-towners a tour of the new sections of town could be arranged. Accommodation for any sort of large scale party would be difficult, but not impossible, and we could vision an afternoon tea, and perhaps an evening party in which dance music could be piped to various parts of the building, and a program presented in various sections.

Fluoridation Would Help

The startling news revealed at a recent Home and School meeting of the high incidence of tooth decay among Georgetown children should give impetus to the fluoridation of drinking water.

Speaking at a meeting in Wigglesworth school, Mrs. L. Jamieson, public health nurse employed by the county health unit, said that public school children here have as many tooth cavities as all other county schoolchildren combined. The information is based on a dental survey conducted in the four junior school grades throughout the county.

The 1958 town council could win a place in

history by joining the Ontario municipalities which have minimized tooth decay by fluoridation. The cost is relatively small per capita, the results assured by research statistics. Georgetown has been a leader in the past. We were one of the first towns to require pasteurization of milk, pioneers in the retail field of Saturday night closings and Monday holidays, leaders in Victory Loan sales during the war, tops in sales of TB Christmas seals. Let's add to the record and be able to boast a few years from now that our children have the best teeth. That would be one council decision that should meet unanimous approval.

Albert Seifried and Bride Montreal Motor Honeymoon

In Georgetown on Friday, May 16th, Margaret Woodyard, daughter of Mrs. Walter Woodyard, Alton, and the late Mr. Woodyard was united in marriage with Albert Seifried, son of Mr. Isadore Seifried, and the late Mrs. Seifried. The couple were attended by Mr. and Mrs. James Stewart, Stewarttown. After a reception at the home of Mr. and Mrs. Tom Peavoy, Mr. and Mrs. Seifried left on a motor trip to Montreal, and on their return will reside at 32 John St. W., Georgetown.

Prior to her marriage the bride was honoured with a presentation of several lovely gifts from the employees of Smith and Stone Ltd. A miscellaneous shower was held at the home of Mrs. Audrey McClean, Stewarttown, where the evening was spent in much fun and laughter with contests and a beautiful lunch. Miss Woodyard was the recipient of many useful gifts.

On Monday evening, May 12th, friends and neighbours of the bride-to-be gathered at the home of Mrs. Myrtle R. Mackie, Alton, and spent a very enjoyable evening, ending with lunch and the presentation of a set of waterless cookware. The Alton United Church Sunday School presented her with a beautiful Blue Mountain pottery vase in recognition of her services.

The employees of Lane's Haulage and Beaver Ready-Mixed Co. held a stag party on May 14th and presented Mr. Seifried with a beautiful landscape painting and a smoker's stand.

GLEN WILLIAMS

Mrs. Wilson Heaton, Glen Williams, enjoyed a trip to Montreal the beginning of May when she went there to meet her youngest sister Mrs. May Spencer just arrived on the Sylvania from Halifax, Yorkshire. Mrs. Spencer and Mrs. Heaton left yesterday by bus planning to stay a few weeks in St. Petersburg and Palm Beach, Florida.

BACKACHE — RESULT OF MECHANICAL DEFECTS

When a person complains of pain in the back, it is generally situated in the lower middle of the back. With the pain there may be a dragging feeling in the lower back, which may be worse after walking or standing, but may be present only when sitting, and is relieved by walking about. There may be tenderness extending from the sacro-iliac joints all the way to the shoulder blades and the back of the neck. The pain may extend down the back of the thighs, and into the legs along the course of sciatic nerve.

It has been definitely established in clinical examinations that backache is the result of mechanical defects in the bony framework of the body and in posture. Such defects may occur from a variety of causes. When they do, the individual affected is no longer carrying his weight on his bones but on his muscles and ligaments. Mechanical defects in the bony framework force the individual into poor posture. He fails to maintain normal muscle balance, and hence develops muscle strain, which soon is translated into pain.

PATENT ATTORNEY ELECTED ONTARIO C-C PRESIDENT

W. Irwin Haskett, Ottawa patent attorney, was elected president of the Ontario Chamber of Commerce at that organization's annual meeting in Kitchener. He succeeds R. A. Harris, OBE, of Toronto.

Mr. Haskett was born in Montreal but received his education in Ottawa. Being mechanically inclined, he articulated to a long established patent firm in the national capital, and years ago established his own practice. He deals exclusively with patent and trade mark matters.

Mr. Haskett has contributed many years of service to the Chamber of Commerce on the local as well as the provincial level. He was president of the Ottawa Board

NOW!

SUN LIFE'S SECURITY FUND ENDOWMENT PROVIDES LIFE INSURANCE PROTECTION TO AGE 65 AND RETURNS ALL BASIC ANNUAL PREMIUMS PAID PLUS ACCUMULATED DIVIDENDS IF THE ASSURED LIVES TO 65.

- At 65, the funds can be:
 - taken in cash
 - used to purchase a paid-up policy for the original sum assured and the balance taken in cash or as a guaranteed income.
 - used to provide an annuity.
 - left on deposit at a guaranteed rate of interest.

HOW'S YOUR I.Q.?

TODAY'S INSURANCE PROBLEMS ANSWERED

QUESTION: I am under 25 and my car is in my name. I carry auto insurance under my Dad's policy to save me a rate increase. Am I protected?

ANSWER: Probably not, as the application would state that the applicant is the owner of the car. It would be an untrue statement in this case.

JOHN T. ARMSTRONG

of Trade in 1883. During this period the initial promotion of Ottawa's now famous "Canadian Tulip Festival" took place. Always interested in public service, Mr. Haskett, is the president of the Ottawa Association for the Blind and honorary treasurer of the St. John Ambulance Association. He was the founder of the Woodland Camp for Boys, and is intimately connected with St. James United Church, Ottawa. For ten years he served as superintendent of the Sunday School, and in 1948 was elected a commissioner of the General Council of the United Church of Canada.

FARM NEWS

COMING AGRICULTURAL EVENTS OF INTEREST

J. E. W.
 Friday night of this week, is the date of the annual Holstein Club Twilight Meeting, at Hays' Sales arena. This popular event has an added feature this year in that it

provides an opportunity for a preview of the cattle being offered for sale in the National and Rosedale dispersal sales. The members of Halton's two 4-H Dairy calf clubs will be guests of the Halton Holstein Club, when in addition to demonstrations and judging contests, the programme included an address by Mr. Clifford F. Waite of Lowville.

On Saturday, May 24th, Halton Juniors are holding their annual field day at Lowville Park. Here the programme calls for inter-club softball tournaments for both boys and girls; inter-club tug of war and horseshoe pitching contests, etc., etc. Teams to represent Halton in the Western Ontario inter-county Junior Farmer field day at Guelph on Saturday, June 28th, will be selected at the Halton field day.

Then at Stewarttown on the evening of Wednesday, May 28th, E. M. Biggs, dairy commissioner of

Ontario, and J. W. Pawley, secretary manager of the Toronto Milk Producers' Association, are addressing the sixth annual "Producers' Night." The programme also calls for a film "Passage to Power," a St. Lawrence Seaway film, and musical numbers.

The ladies are extended a special invitation to all three events — and at the Holstein Twilight on May 23rd, as well as at the Producers' meeting at Stewarttown on May 28th. Lunch is being served.

PHARMACY STUDENT VISITS DRUG COMPANY LABORATORY

A third year student in pharmacy at the University of Toronto, Ray Anderson, son of Mr. and Mrs. Clarence Anderson, Terra Cotta, was one of a hundred students who spent a week touring the cities of Indianapolis and Detroit recently visiting the laboratories of the Eli Lilly and Parke-Davis Companies who jointly sponsored the trip.

The tour was given to all third and fourth year pharmacy students at the U of T leaving Saturday, May 3rd and arriving home on Friday, May 9th. While in Indianapolis they visited the world famous speedway and various other interesting sites there and in the motor capital.

They made the entire trip by train and were able to enjoy much of the scenic Michigan landscape enroute.
