Town's Recreation Facilities Explained Home, School Group

Swimming and the recreation program at the park were the topics at the June 2nd meeting of the Harrison Home and School Association. Mr. D. Llewellyn introduced Miss Sandra Scott, who is the lifeguard and swimming instructor at the Georgetown Swimming Pool.

The pool will open the middle of June from 4 p.m. on (the official date will appear in the Herald at a later date in the month) and admission will be 15c for children and 25c for adults.

Classes for children will begin the first Monday in July and will cost \$2.00 for the entire season, lessons to continue six days a week including Saturday. This instruction fee will not include admission to the pool at other times of the day. Classes will be from nine to twelve and from one to two p.m. Each child to receive three lessons per week. Five classes will be conducted in the pool at the same time.

There will be two beginners, two junior, two intermediate and senior classes. The ability of the child will be judged by the Red Cross Test. The pool will accommodate 720 children per week. Adult classes will be Wednesday evenings from 8.30 to 9.30. Admission for these classes will be \$5 for the season. Diving for juniors and seniors will be directed by Paul Barber, Tuesdays, six to seven p.m. and 8.30 to 9.30 p.m.

Joan Cummins and Bev Evans will teach beginners. Life saving instruction will be given by Lynn Scott for the Award of Merit. No preschool children swimming instruction will be given. No season tickets to the pool will be sold. A swim meet will be held in mid summer. Registration dates for all classes will be in the Herald later this month. First come, first served. Parents are requested to see that their children bring their registration cards to the pool every lesson or they will not be admitted.

John Hole, recreation and sports director for Georgetown Community Centre, presented a very entertaining program which is taking place at the park. Five hundred children registered out of a possible 1200. He mentioned that there were eighteen baseball and six soccer teams. The schedule is six soccer teams. Seventy children registered for football and there are twelve teams for hardball.

Mr. Hole stated it will cost \$500 to equip all catchers at a possible \$37 per boy. The Recreation and sports club would like ten or twelve places in various areas of town for supervised sand pits, swings, slides, etc. with a committee formed to supervise. All the service clubs have been asked to send one representative each to serve on the sports committee, the chief object to raise funds for a building to house the various recreational outlets, reading room, card room, etc. A donated tract of land of approximately ten to fifteen acres would be required for a building with an estimated cost of \$500,000.

A helping hand is required to instruct all these boys and girls in the sports activities, ladies as well as men for baseball. Any persons who are willing to help out are asked to meet at the park on Wednesday or Saturday evenings 6.30 - 8 p.m.

Robert McMenemy, the former president of the Harrison Home and School Association installed the officers for 1958-1959 with the Home and School pledge and the new officers are as follows: president, Mrs. A. E. Macintosh; vice presidents Don Gosling and Mrs. G. Hallitt; recording secretary, Doug Unsworth; treasurer Mr. E. J. Cairns. Officers, A. Landry, K. Billington, Mrs. J. G. Shorten, Mrs. J. Ferguson, Mrs. Robert Murray. Chairman of publicity, Mrs. Jack Hobson and chairman of the Refreshment Committee is Mrs. J. E. Easdale.

This was the final meeting of the season till September and it is hoped everyone will have an enjoyable summer and will attend the meetings in the fall.

W.I. GATHER DATA FOR TWEEDSMUIR BOOK

Members of the Georgetown WI are gathering information concerning the history of Georgetown and district for a Tweedsmuir history book. Mrs. Walter T. Evans and Mrs. A. McClure are in charge of the project which was started last Wednesday, June 4th when the W.I. held their regular monthly meeting in Knox Presbyterian Sunday School.

The meeting opened with the Mary Stewart Collect and Institute Ode followed by the motto by Mrs. Harry Bailey, "to run smoothly a wagon wheel needs every spoke." The roll call was answered with a current event.

A report on the district annual held at Norval recently was given by Mrs. Clifford Burt at the meeting. Mrs. E. R. Robinson and Mrs. Harry Bailey were appointed to attend a two day short course in Miltona later in the year. The meeting closed with the Queen and Mrs. Donald Livingstone offered a vote of thanks to those taking part, after which a lunch was served by a committee of members under Mrs. Fred Armstrong.

Sales Profit 5.2 Cents In Canadian Industry

The profit on the sales dollar in Canadian manufacturing industry in 1957 averaged out at 5.2 cents, George H. Craig, chairman of the public relations committee of the Canadian Manufacturers' Association, reports. This figure was a six tenths of a cent less than the profit figure for 1956.

Mr. Craig's report was based on the tenth annual national survey of the breakdown of industry's sales dollar by the association. This survey broke down the profit even further by showing that 2.3 cents of 1957's dollar profit were paid out in dividends, while 2.9 cents were retained in the business.

The survey was based on replies from 1,069 member companies which had net sales of nearly nine billion dollars. This survey, reported Mr. Craig, was the tenth in a row by the CMA. Like all previous studies it was designed as an

educational feature because the general public has invariably suggested in the course of opinion surveys that manufacturing profits were far in excess of what they actually were; the Association surveys have proved that average profits were generally not much more than a third of what the public thought was a fair profit figure.

"Sales profit figures have varied only slightly in the ten years we have been questioning our members," continued Mr. Craig. "Our first survey, covering 1948, showed a profit of 6.2 cents. The highest figure was 1950, when it averaged 7.1 cents, and the lowest was 1952, when it dropped to 5 cents. The mean average over the ten years is a modest 5.72 cents."

To obtain the figures, CMA member companies were asked to state in a questionnaire what money they had received during their last fiscal year, both from sales and from other sources. This questionnaire also asked members to say how they had spent the money — how much for materials, how much for wages, how much for fringe benefits, how much for taxes, and how much for other expenses and depreciation. They were asked what they did with what was left, how much was paid out to share-

holders and how much was retained in the business for plant expansion and improvement.

Expressed as a percentage of total net worth, profit during 1957 averaged out at nearly 9.25 per cent.

Other important figures established by the survey were: income taxes in 1957 were 3.7 cents out of each dollar of sales; the number of shareholders in the companies responding to the questionnaire was 417,077; the number of employees was 441,034; total net worth of the 1,069 companies amounted to \$5,048,052,000; the number of companies reporting a loss was 139.

WEINER ROAST IN GLEN FOR CHURCH CHI RHO

Members of the Chi Rho Club of St. George's Anglican had a weiner roast on Thursday for their June meeting.

Mr. and Mrs. Bill Korzack, Glen Williams, were hosts, and weiners and coffee were enjoyed around a campfire by the river. Rev. Kenneth Richardson extended thanks of the club and introduced Rev. John Rathbone, new rector of St. Alban's and his wife, who were party guests.
