Police Expect Busy Week-end

On the long week-end last August, 28 people lost their lives on Ontario roads. Hundreds of others were injured in automobile accidents.

Once again, this coming week-end will likely be the busiest of the year, both for the highways-and the hospitals.

Your Ontario Provincial Police force will take no holiday. They, and countless municipal policemen will be working full-time to guard our streets and highways against a repetition of last year's terrible experience.

If you travel this week-end, remember that 1,800 OPP officers will be watching you drive. Make it a holiday to remember for them, as well as for yourself.
