Sixty District Witnesses At New York Gathering

Divine law must govern the family circle before the social problems of any community can be solved, program speakers told an international delegation of Jehovah's Witnesses assembled in convention at Yankee Stadium and the Polo Grounds, July 27th, thru August 3rd.

According to Mr. Otto E. Dojzman, presiding minister of the local congregation, 60 delegates from the Georgetown congregation are returning from the eight day event. He stated that the effects of the ministerial training program outlined will be "shared by every community on earth" as the more than 150,000 delegates seriously apply the Bible principles learned to their own congregations in 120 different lands, bridging racial and national barriers with the forces of love and unity.

Featured was the graduation of the 31st class of the Watchtower Bible School of Gilead, missionary school of the organization. The program was filled with lectures and reports by delegates from many of the 254 missionary centres and 84 branch offices.

Principal speaker was Mr. Nathan H. Knorr, president of the Watch Tower Bible and Tract Society, governing agency used by Jehovah's Witnesses. Admonition given in his talk to the graduate ministers on "Stick to Your Work" was applied to all present.

Practical aspect of the house-to-house ministry was stressed at every session of the assembly and results of this apostolic method of preaching in modern times were noted. More than 719,000 Witnesses are now sharing in the Bible-teaching program world-wide as an evidence of their interest in a Christian community, the report stated.

Wednesday witnessed a record mass-baptism of 7,136 newly ordained ministers.
