"TITE-LAP" CONSTRUCTION

locks out the weather

The perfect fit of overlapping ribs in adjoining sheets of Eastern Steel's galvanized 'Tite-Lap' roofing and siding guarantees weathertightness for your farm building. Both at side and end laps, this snug 'Tite-Lap' keeps out driving wind and rain.

'Tite-Lap' can be laid right over old wooden shingle or asphalt roofing without removing the original roofing material. Each 5-rib sheet covers a full 32" width.

Eastern Steel manufactures several distinct types of metal roofing and siding—each designed with a different application in mind. To help you choose the right covering, write today for your free copy of Bulletin 140, showing the best roofing, siding and accessories for the covering job you have in mind.

Remember, when applying Eastern Steel roofing or siding be sure to use 'Preston' spiral shank Led-Hed nails—the roofing nails with the lead seal underneath the head which plugs the nailhole with rustproof, weathertight lead.

WHAT COUNCIL DID
Wants Curbs and Gutters Paid
By Subdivision Contractors

A change in the subdivision by-law proposed by Cr. Fred Harrison caused a discussion on subdivisions at the Aug. 18th council meeting.

While the councillor's proposal to have contractors install curbs and gutters in newly-opened areas found favour to some extent, several councillors expressed objection to making these obligatory. Cr. Harrison finally agreed to withhold his motion a week, so the by-law amendment could read "where necessary."

Cr. Harrison said he wished to make the amendment so the type of complaints being received from ratepayers in new areas could be reduced. It would eliminate most of the drainage and road complaints which plague council continually, he said.

"When people move into a subdivision, they have equal rights with older ratepayers," he said. "I want to avoid trouble before it starts. If my amendment is adopted, both subdividers and buyers will know where they stand before houses are occupied."

"Cr. Harrison has thought this out, no doubt, and knows his reasons for wanting it. I don't say I'm opposed, but I would like a week to think it over," said Cr. Hyde.

He pointed out that Georgetown is seeking new residents, and by raising cost of new houses, people might settle elsewhere.

Cr. Sykes said he couldn't agree to making curbs and gutters obligatory. In some cases they aren't necessary and sometimes can be a detriment, he said. Cr. Hyde agreed with him, pointing out that once a curb and gutter are on a road, paving becomes absolutely necessary.

Town-owned property in the Park subdivision might be the first to be affected by an amendment, Cr. Sykes pointed out.

Two of the newer police constables, Whitson and Rollins, received a \$400 salary increase to \$3400, on recommendation of the police committee.

Council will seek an appointee to the Cemetery Board to replace the late Everett Cole, who was board chairman at the time of his death.

Reeve Doug Sargent reported installation of a third fire siren on Mary Street which will add to the efficiency of present sirens at the fire hall and the CNR station.

HORNBY WOMEN'S INSTITUTE HAS MEETING IN PARK

The Hornby W.I. held their August meeting in the Hornby Community Park. This was the annual girls' meeting and the total attendance numbered around 40. Mrs. Walter Coulton, president of the Institute presided; in the absence of the secretary Mrs. L. Sampson, the assistant secretary, Mrs. McCarron was present.

The Institute held a brief business session when a delegate was nominated to attend the convention at the Ont. Agricultural College in September. Arrangements were made for the leaders of the two girls' clubs, which are sponsored by the Hornby W.I., to attend the training school on Sept. 18th and 17th in Milton. An amount was voted to be donated to the Bursary Fund.

Four volunteers were asked to assist with the Hornby Park Board barbeque on Sept. 8th. The roll call "Recollection of my first picnic" afforded much mirth.

Mrs. Coulton then handed the program over to Mrs. Stanley May, leader of the Hornby North Girls Club, who introduced Carol McCarron, their president. Carol called on five girls to come forward and demonstrate "Party favours and decorations for different occasions." These girls were Carol, Ruth and Joyce Robertson, Evelyn and Pat McKay and Martha May. Various cakes with different toppings, fancy sandwiches, a decorated small tree for a centrepiece, and a decoration for an Easter meal, were all shown and described by the girls. Another project, "Clothes Closets up-to-date" was ably demonstrated by Carol McCarron of the North Hornby Club and Joanne Patterson of the South Hornby Club. Ruth Robertson gave an account of the Girls Conference held at Guelph in June.

Evelyn McKay then introduced the guest speaker, Mrs. Borgstrom the home economist for the counties of Peel and Halton. Mrs. Borgstrom spoke on the 4-H Club. It was an interesting address and was enjoyed by all. Shirley Downs thanked Mrs. Borgstrom

FARM NEWS
GREAT IS LOUISE
 J. E. W.

The other day we learned that Louise Pontiac Alcartra, a Holstein cow bred and owned by Morley T. Watson and Son of Tansley recently got up as high as 96 lbs. of milk in one day. It may be recalled that Louise was an honour list producer as a junior four year old when she produced something over 19,000 lbs. This year she freshened in May and notwithstanding bouts of milk fever and acetoneamia she eventually got up to 96 lbs. in one day and she did that out on pasture. Again we say "great is Louise."
