## SEPTEMBER

Who wouldn't be a school teacher during the first week in September? Those long boring monotonous two months of holidays are finally ended, thank goodness. And there you are, as delighted as Daniel in the lion's den, face to face with 30 or 40 miniature monsters who are just busting with health and hellery, and are all ready, willing and able to turn you into one big quivering twitch in a matter of weeks.

Who wouldn't be a farmer when September rolls around? Cattle so fat they can scarcely walk. Golden grain up to your navel. Nothing to do but jug around to fill fairs. Not a worry in the world. Except that the bottom might fall out of the cattle market the day before you ship. Or a hailstorm will arrive the day before the combine does.

Who wouldn't be a resort operator in September? Your guests all vanished with Labour Day. Nothing to do but sit around and count the profits and plan the trip to Florida. Or count the ten long months before there's any more money coming in and plan a trip to town to see the bank manager and make a payment.

Who wouldn't be a weekly editor as September dawns anew? Just back from the annual convention, where you wined and dined and whined with the best of them. Feeling like a skeleton and confronted by a mass of editorials, a column and six obituaries to write, rather surprised that your own isn't among them.

Name one lady who wouldn't be a mother in the first seven days in good old September. Gone are the dreary days of summer, when there was nothing to do but lie around in the backyard, trying to get your bosom tanned. Arrived are the gladsome days when life begins, not at 40, but at 7.30 a.m. and the hours, instead of dragging, are filled with a happy ellitt domestic tasks right through until you career into bed at midnight.

Yes, indeed, the first week of September can be pretty rugged. But it has its sunny side. For one thing, there's the certainty that winter will soon be here, and your relatives don't come to see you in the winter.

Then, there's the knowledge that a few weeks of nature's finest effort in the weather department lie ahead. A chance for a last fling at the trout, without having to clamber over an assortment of tourists to go near a stream. The joyous realization that the women have abandoned the golf links, and the fairways echo only to the tread of strong silent male golfers, the veins throbbing in their foreheads as they fight back the naughty words.

There is the deep joy of knowing that the children are back under the benevolent wings of the

educational and social systems, and that for the next ten months they'll be completely and happily occupied with school, Cuba, Brownies, music lessons and what-have-you, and that you don't have to take them for a blasted drive, or swim, or picnic, every time you show yourself around the rancho.

Oh, there's a certain sadness in the knowledge that summer is over, but that lasts only a day or so. Any red-blooded Canadian knows deep in his boots that summer is merely an unreal state of mind that has no more substance, no more staying power, than a pleasant dream.

Summer is strictly for women, children and tourists. For men, it's just a matter of running around in a circle for 60 days, and getting not only hot, but nowhere. Come September, the average Canadian male settles down, gets that well-worn shoulder to the familiar wheel and begins to enjoy life, instead of plunging about like a dart in a windstorm, as he does in July and August.

MR. AND MRS. TERRY NORTON were married recently in St. Alban's Church, Glen Williams, and are living in town at 36 Market Street. Mr. Norton is the son of Mr. and Mrs. Allan Norton, 32 Victoria St. and his bride, the former Barbra Ball is the daughter of Mrs. May Ball of Toronto.

## BIRTHDAY HONOURS CHURCH DEACONESS

Recognizing years of service as a deaconess at Queen St. E. Presbyterian Church, Toronto, members of the congregation had a reception

on Saturday for Miss Annie Noble, who was celebrating her 80th birthday that day.

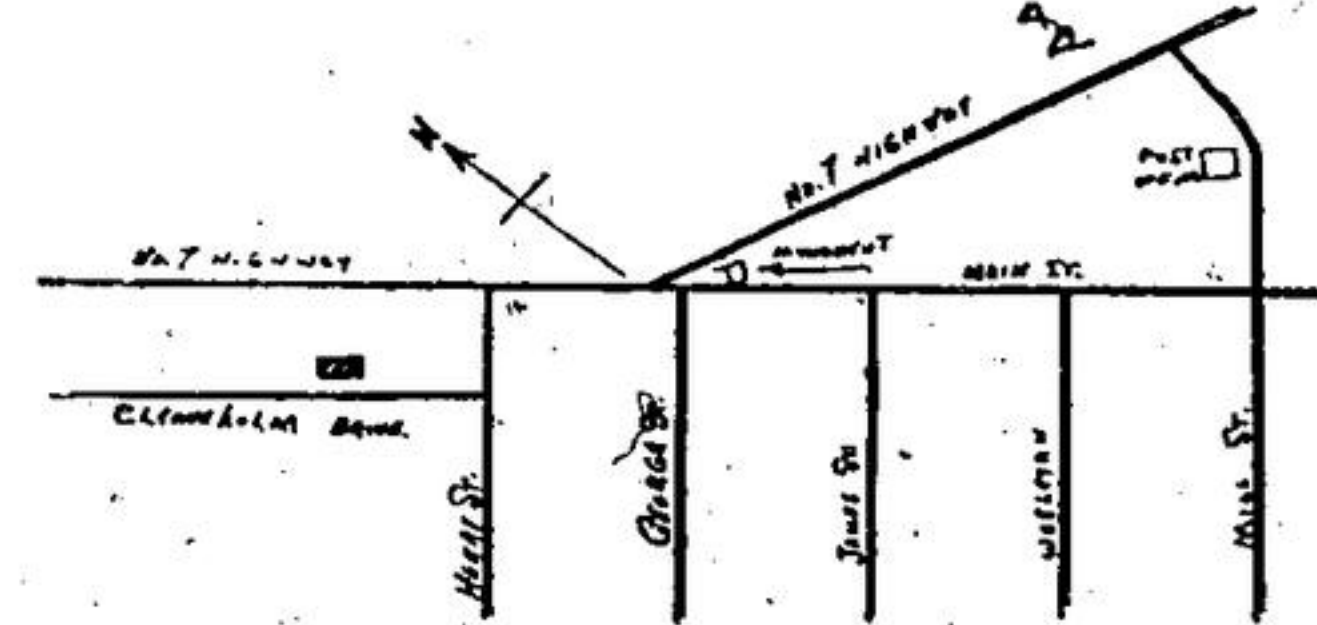

The former Norval resident was guest of honour during the afternoon and evening as friends stopped in to pay their respects. She was presented with a purse as a

Cold Waving . . .  
Style Cutting . . .  
Bleaching . . . . .  
Tinting . . . . .

## MARTIN'S BEAUTY SALON

remembrance of the day.  
Her brother, Lt. Col. A. L. Noble of Norval and sister, Mrs. A. A. Laing of Guelph were among those attending, as well as Mrs Egbert

Reed, Norval, who is a niece and great-nephews Julian and Laurie Reed. A friend from Georgetown, Mrs. George Leslie, 56 Queen St., was also a guest.

ONTARIO

for

## ONTARIO HOSPITAL INSURANCE

effective January 1, 1959

On and after January 1, 1959, the Ontario Hospital Services Commission will be the only agency offering standard ward hospital insurance in Ontario. No private insurance company or prepayment plan will offer benefits covering standard ward hospital services after December 31, 1958.

**ALL RESIDENTS OF ONTARIO ARE ELIGIBLE**  
Enrolment is open to every resident of Ontario—regardless of age or physical condition—either through a group, or individually on a Pay-Direct basis.  
Non-residents of Ontario are not eligible.

**PREMIUMS**  
The low premiums of \$2.10 a month for a single person and \$4.20 a month for the family (husband, wife and children under age 19) are made possible by extensive financial participation of the Federal and Provincial Governments.

Closing date for Pay-Direct enrolment is September 30th, 1958. (See last question, below)

### QUESTIONS & ANSWERS

**Q. How long must a person be a resident of Ontario to become eligible?**  
A. There is no time-period on residency — all residents are eligible to enrol.

**Q. What are the benefits of the plan?**  
A. The plan pays for the regular and usual standard ward in-hospital services as available in approved hospitals, for as many days as those services are medically necessary: plus —  
Emergency out-patient hospital services within 24 hours following an accident.

**Q. Does the plan pay for doctors' bills or surgeons' fees?**  
A. No.

**Q. Will there be any waiting periods for benefits in the case of hospitalization for specific conditions such as maternity cases, repairs of hernias, removal of tonsils, appendices, etc.?**  
A. No. An insured person is eligible for insured services on and after his effective date, regardless of the type of condition requiring care in an approved hospital.

**Q. Are there any medical examinations to pass or medical questionnaires to complete prior to enrolment?**  
A. No.

**Q. How does a resident make application for Pay-Direct enrolment?**  
A. If you will not be registered through a group, complete an application form which you can obtain at a bank or hospital. In communities without a bank the form may be obtained from the post office. Mail the form to the Commission with your cheque or money order for one month's premium. If received on or before September 30, 1958, this payment will cover the three months of January, February and March, 1959. In other words, if you register before the closing date you get two months' free coverage. Subsequent payments will be on a quarterly basis, beginning January 1959.

**Q. What areas of additional coverage will be offered by prepayment plans and insurance companies?**  
A. The private plans and insurance companies will be offering many forms of additional coverage, including payment for the difference in cost between standard ward and semi-private or private hospital accommodation, medical benefits, etc.

**Q. Will benefits be provided for hospital care received outside Ontario?**  
A. Yes. In the event of an insured person being hospitalized in an approved hospital anywhere outside Ontario as the result of a sudden attack of illness, or an accident, reimbursement will be made up to the cost of similar care in a comparable hospital in Ontario.

**Q. If I am a resident of Ontario, but work outside the province, am I eligible for benefits?**  
A. Yes, so long as your recognized residence is in Ontario.

**Q. What happens if I do not qualify to enrol in a group and don't enrol as an individual by September 30, 1958?**  
A. You may enrol at any time BUT you will lose the two months' free coverage, and you will be required to wait three months following date application is received before benefits become available to you. For example: if you do not apply, say, until February you will not have protection until May 1st.
