## Choose Executive For Citizens' (Boys') Band

Georgetown Citizens Band held their annual meeting on Monday, October 20th in Chapel St. School. The executive for the 1954-1955 season is: President, Fred Armstrong; vice president, Art Herbert; treasurer, Mrs. Vera McCumber and Mrs. John Cummins, secretary.

The executive committee comprises Mrs. Harold Wheeler, Ernie Forgrave, Harold Henry and Mr. McCrae. Members of the band made several appearances during the year. Some of the functions they attended were the opening of Harrison School, Home and School Association meetings, Halton Manor where they entertained the residents, the opening of the swimming pool, Glen Williams Cemetery decoration service, St. George's annual family picnic and church service.

This Monday, October 27th the band practiced at the Harrison School but their usual practice is in Chapel St. school and they would be pleased to have anyone interested attend either to hear them practice or to join them. The beginners practice at 6.30 p.m. and the rest of the band from 7 p.m. to 8.30 p.m.

Also this Saturday afternoon, the executive are having a meeting in the Legion auditorium at 2 for the purpose of organizing for the coming season. A much larger number of helpers are required than in previous years, due to the greatly-enlarged number of hockeyists that are expected to be registering this year, so any interested citizen is urged to attend and take on a job. There will be some job that you could do, and the executive will appreciate your help. Coaches, managers and timekeepers are needed as well as a myriad of other positions. So if interested in the life of the town, try to be present Saturday afternoon at 2 p.m. in the Legion Hall.

## MRS. HARVEY PUCKERING THIMBLE CLUB PRESIDENT

The Thursday Thimble Club of Terra Cotta met for the annual meeting recently at the home of Mrs. Harvey Puckering, preceded by dinner at Norval Presbyterian Church.

Mrs. Puckering was elected president for a two year term; Mrs. Gordon Smithson, vice president; Mrs. Arthur Von Zuben, secretary; and Miss Gertrude Wright, treasurer.

A total disbursement of \$863 was reported for the year. Some \$175 was devoted to welfare in the neighbourhood, gifts to the sick and a contribution to the Georgetown Hospital fund, while \$81 went to a foster child through the Canadian Save the Children fund. The remainder was spent on improvements to the Terra Cotta community hall.

## LITTLE NHL "KID" HOCKEY ORGANIZES FOR THE SEASON

If numbers are any indication, a record season is in store for the Legion sponsored kid hockey in town. Last week saw a large number of lads between the ages of 8 and 13 registering, and it is expected that a much larger number will be on hand next Saturday for the final registration. Parents are reminded to have their children register and to bring proof of their age.

## THIRTY TURKEYS WON

The Saturday before Thanksgiving Monday saw a fairly well attended turkey shoot, up in the industrial area of Delrex Developments. The shoot was under the auspices of the Rotary Club. Some thirty turkeys were won during the day, by the eager hunters, who were trying to obtain a Thanksgiving turkey. The interest in this shoot was such that a further one will be held sometime in November.

## Witnesses Have Circuit Assembly in Brampton

Jehovah's Witnesses crowded the Junior Farmers' Building with an attendance of over 460 on Friday evening, the opening session of their circuit assembly. The theme of the program was "Expanding our Ministry," and the various talks and demonstrations pointed out practical means of enlarging their Christian activity.

Saturday morning delegates assembled for service, and again talks and demonstrations were provided to help in meeting the public and presenting their literature. In the afternoon a discourse on dedication and baptism was given. In the talk, Mr. White mentioned the difference between the scripturally established baptisms and the various baptisms indulged in by many of Christendom's religions. A record number of 29 symbolized their dedication to Jehovah by water baptism in the ceremony that followed.

Again the theme "Expanding Our Ministry," was stressed on Saturday evening. A comparison of the progress of ministerial activity within the circuit was considered and a great increase was noted.

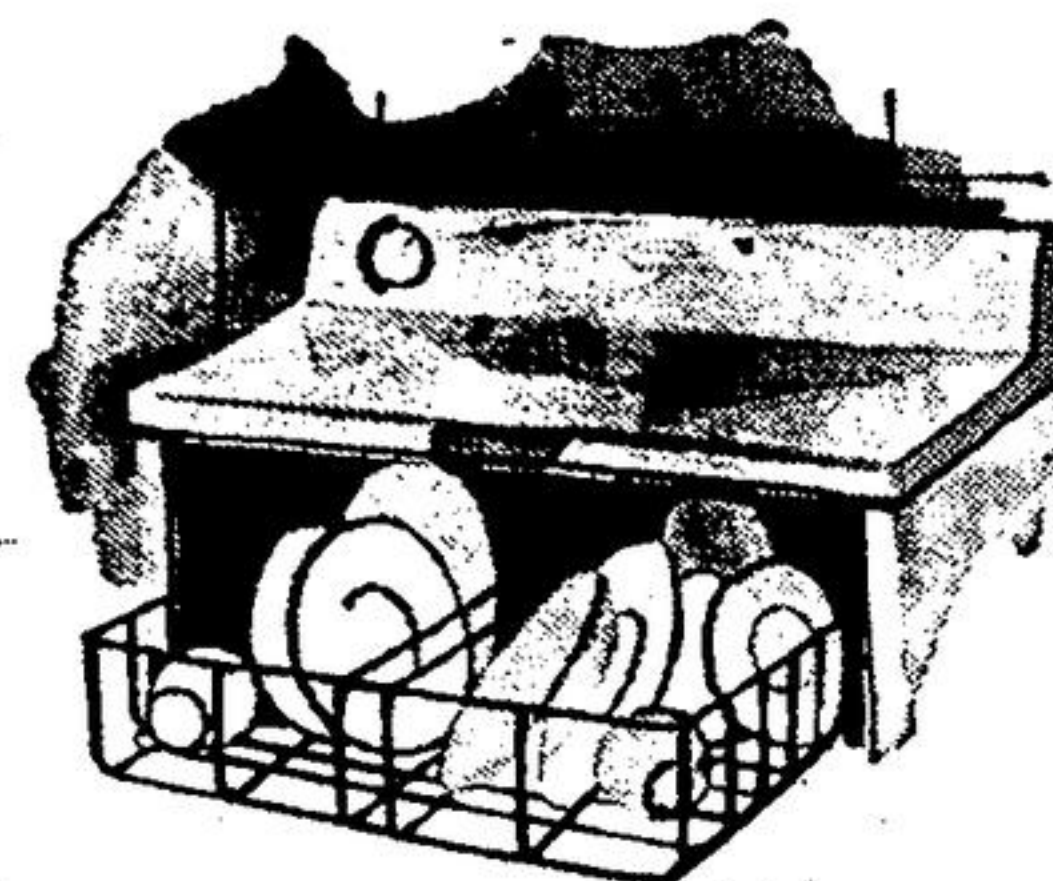

Sunday the delegates reassembled for service. The program outlined the pattern that Christ set in his ministry and the faithfulness required of Jehovah's Witnesses today.

Climax of the gathering was the public discourse, "The Watch Tower Society in God's Purpose," presented in the Odéon Theatre, by Mr. V. White, a special Watch Tower representative.

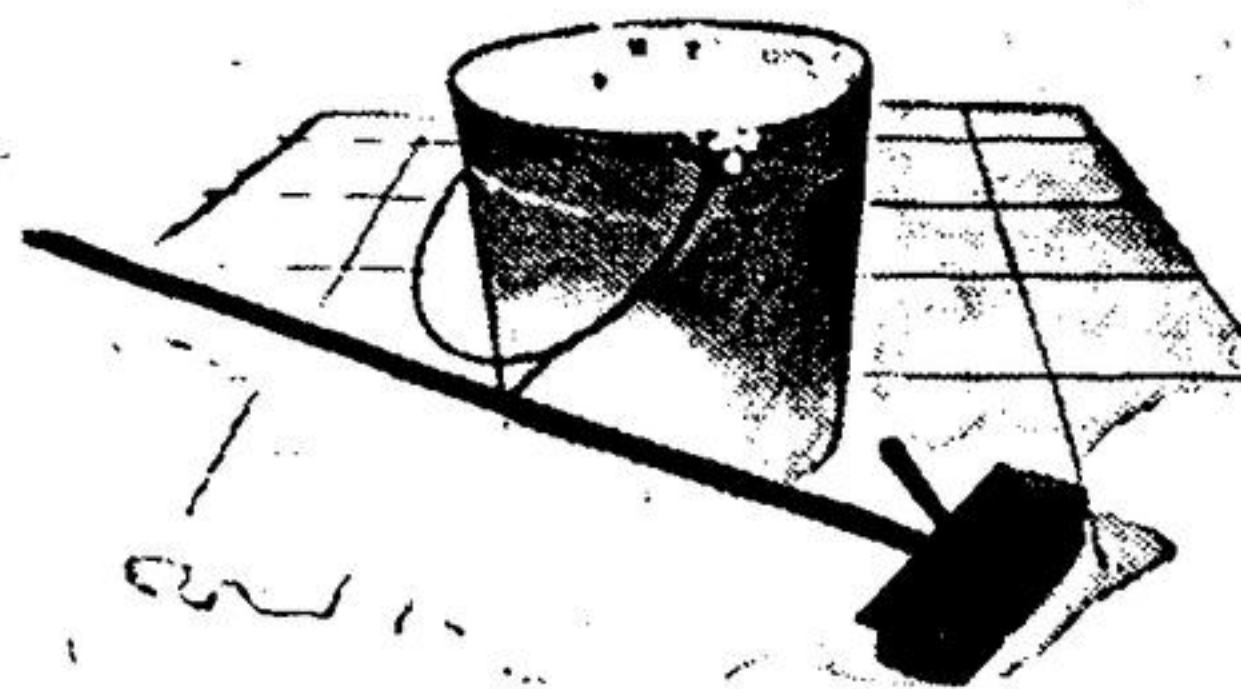

The speaker indicated the need for such a Society by showing that from Adam's creation God has always had a channel of communication on the earth through which his divine law has been made known to mankind. Emphasizing the need for a channel in this day the speaker pointed out that the issue of universal sovereignty (who will rule the universe, Satan the Devil or Jehovah God the Creator) is to be settled in this generation. "Mention by Jesus in Matthew of a 'faithful and discreet slave' has fulfillment today in the existence of the governing body of Jehovah's Witnesses, which body used the Watch Tower Society as its legal instrument," Mr. White said.

The development of the Watch Tower Society from the 1870's with first headquarters in Allegheny, Pennsylvania, to the present headquarters in Brooklyn, N.Y., and branch offices in 84 lands, a missionary training school in New York State, heading preaching and missionary work in 170 lands and islands outlined by the speaker. The tremendous increase of this group, all members of which are ministers, "is evidence," Mr. White said, "of God's blessing and approval on our work and worship."

The afternoon sessions continued with a talk on "Fight Materialism for Your Life," a summation of the Watchtower magazine October 1. This was followed by two discourses "Be Balanced in All Things" and "Fulfilling the Divine Will." The afternoon attendance Sunday was 933.

## ELECTRIC WATER HEATER

And an electric water heater is so efficient, it costs only a few cents a day to operate. With the proper size and heating capacity you can depend on plenty of hot water for all your household needs. An electric water heater is safe, clean, and economical. It's the modern choice of families who "live better electrically".

electricity does so much ... costs so little
