+ KID HOCKEY +

The kid hockey is now really in high gear, with teams and players "shaking down" after a few weeks of getting to know each other and their respective abilities on the ice surface at the John St. ice palace. Coaches and managers are doing a wonderful job and deserve a lot more help than they are getting. More help is needed and any one who is able to devote a few hours each week or the odd week, is invited to drop down to the arena any Saturday morning and ask to help. The boys will appreciate it and anyone taking part will enjoy the work. There is no thrill equal to that obtained from working to mould the youth of the country, and with some 500 youngsters eager for guidance anyone who is interested can derive real satisfaction out of the work.

Secretary Frank Connely would like any boys 14 to 16, who have not already registered for their hockey to do so this Saturday morning at the arena.
There are still quite a number who have not done so, and there is still an opportunity for them to play hockey this winter.
