## WHAT COUNCIL DID

### NEW POLICE CRUISER WILL COST TOWN \$1975

A new police cruiser was ordered by council Monday when tender of Herkes Motors for an 8-cylinder Plymouth was accepted. One of the two tenders received the cruiser will cost the town a net of \$1975, with trade-in of the present vehicle.

The purchase was made over opposition of Cr. Era Hyde, who said he is not convinced the present cruiser would not be adequate this year with a few hundred dollars spent on improvements.

The caretaking situation at the municipal office, under discussion for a couple of meetings was solved when Mrs. William Norton received a salary boost to \$125 a month. Previously, she had received \$80 plus help from her husband, who is a town employee, for one day a week.

A lengthy discussion took place on engaging an engineer. Four

men were interviewed several weeks ago, and at Cr. Hyde's suggestion, one of these will be contacted again by letter, asking a number of questions.

Advice was received from Queen's Park that it is possible to impose a 25 mile speed limit on Mountainview Road. The police committee was delegated to consider this.

Asking use of the park on May 31st for a North Halton scout church parade, Vic Gunn was granted this request.

The Night School committee advised council by letter that it gives its services on a voluntary basis and has neither the facilities nor personnel to deal with a trade school as suggested recently by a ratepayer when he appeared before council.

The committee suggested that council find from Georgetown

## SHOW TRAVEL FILMS

In town to speak to the Horticultural Society last Wednesday, John F. Clark showed pictures taken during a travel trip in Britain to senior classes of the public and separate schools, in Wrigglesworth auditorium.

Val Stein was chairman; Chapel student Patricia Lowe introduced Mr. Clarke and Harrison student Ricky Smith thanked him.

Employment Service how many men might be interested in trade training, and if there is sufficient interest, that the Minister of Labour be contacted about setting up a local school.

Cr. Hyde said he thinks Georgetown should have a technical school and that he would favour asking the school board to investigate this.

Reeve Doug Sargent, who presided in the absence of Mayor Armstrong, opined that it would be better to wait until Georgetown has its own high school board before going farther with the matter of a technical school.

Council turned the night school letter over to Georgetown Employment Service for its perusal.

MR. AND MRS. HANK MULDER, 91 John St. E., were married recently in Calvary Baptist Church, Guelph, with Rev. Bruce Penny officiating. The bride is the former Arlene Hill, daughter of Mr. and Mrs. William Hill of town and the groom's parents are Mr. and Mrs. K. K. Mulder, 75 Market Street.

## WHAT COUNCIL DID

### Municipal Board Concerned About Avro Effect on Plans

Correspondence received at the March 16 council meeting from the Ontario Municipal Board concerning the new sewer disposal plant led council to ask that a representative of the Ontario Water Resources Commission interview council next Monday.

The Municipal Board expressed concern about continuing with the new plant in view of the Avro layoffs and asked council's opinion on this.

Councillors, while expressing the feeling that the new system is needed regardless of what happens at Malton, felt that the WRC should be the one to give an opinion as that body is the one which ordered the town to proceed.

Cr. Fred Harrison pointed out that the present plant is overloaded already, that despite Malton, 40 building permits have been issued in the past two weeks and there is no sign of Georgetown collapsing.

Reeve Sargent said that while Malton has been hard on individuals, it has not critically affected the town as a whole, but agreed with Cr. Hyde's suggestion that the WRC should give its opinion.

Contract for a trunk sewer line has been awarded by the WRC, at a cost \$37,000 below the engineering estimate, the town was told in the same letter.

The police office has issued a warning to motorists to exercise courteous driving now that the roads are covered with mud and water.

Many pedestrians have complained of having been splashed by motorists which apparently took no heed of their plight during this soggy season. Slow down and be courteous.

## FINANCIAL MANAGEMENT SERVICES

Investment Savings Plans—More than 10,000 Canadians are planning to save \$500,000,000 with Investors Syndicate certificates.

Single Payment Certificates—with guaranteed investment values.

A Balanced Mutual Fund—Investors Mutual, Canada's largest mutual fund, emphasizes income, stability and capital gain potential.

## FARM NEWS

### April 2nd is Organization Day for Halton 4-H Clubs

J.A.F. Many young farm people in Halton County will be looking forward to April 2. On that day all the glamour and excitement that goes with 4-H Club Work will start in the 1959 programme for the county. This year Clubs in dairy calf, beef and dual purpose calf, swine, bird, forage, grain, potato, and tractor maintenance will be organized, at the Agricultural Hall, Milton Fair Grounds, at 1:45 p.m., Thursday afternoon, April 2nd.

Last year these Clubs had an enrolment of approximately 200 members. In Ontario the 4-H Club enrolment has doubled in the past ten years. Halton's programme has been following this trend and from advance reports it would appear that this year's programme will again set a record number.

The 4-H programme is international in scope and includes about three and three quarter million members in at least fifty countries in the world. "Learning to do by Doing" is the basic principle involved in 4-H Club Work. The 4-H emblem is a four-leaf clover with the letter "H" in each leaf. The four leaves stand for good luck and achievement. The 4 H's stand for Head, Heart, Hands and Health, and signify the training and development that the members undergo.

The 4-H Club member is personally responsible for a project, and the information the member learns at Club meetings may be put into use in caring for the project. The crop grown or the animal used in the project is shown at the Club Achievement Day. While winning a first prize with it is certainly praiseworthy, it is not the most important goal to work towards. A much greater accomplishment is a good score on each part of 4-H Club work during the year, and the knowledge gained on good agricultural practices.

4-H Club members receive other benefit besides those of technical skill and knowledge. Through 4-H Club work the member receives a well-balanced training in citizenship. The member learns the proper manner in which meetings must be conducted, and to express opinions, by taking part in judging, group discussions,

and meetings. In serving as officers, on committee, or in other capacities, the club member learns to accept and discharge responsibilities and to work co-operatively with others. This not only allows development as an individual, but also prepares the boy or girl for a larger field of service in the community when the opportunity occurs.

The club programme is under the direction and supervision of the county office of the Ontario Department of Agriculture. It would be impossible to expand the club programme and keep up the quality of work, without the assistance of volunteer 4-H Club leaders. The Halton 4-H Club Leaders' Council includes thirty volunteer leaders, with A. R. Coulter, Campbellville, as chairman.

The 4-H agricultural club programme is available to all rural young people between the ages of 12 and 20 inclusive. The club members must be 12 years of age by May 1st, 1959—and must not reach their 21st birthday by November 1st, 1959. Full particulars are available at the office of the Agricultural Representative, Ontario Department of Agriculture, Milton.

## CHIEF WRIGHT HEADS FIREMEN

The Halton County Mutual Aid Fire Prevention Bureau held their election of officers for 1959 recently at a meeting in Milton.

Results, are as follows: chairman Chief George Wright of Trafalgar; vice chairman, District Chief Peacock of Burlington; secretary, L. Frank Russell of Burlington; treasurer, Al Klaur, manager of Oakville/Trafalgar Chamber of Commerce.

Committee chairmen: literature, Chief Wilson of Oakville; public relations, Al Klarer; inspectors, Chief Wilson and Chief Wright; posters and trophies, Chief Clement of Milton.

The 1959 inspection blitz is to be held in Oakville and Trafalgar.

The adoption of three projects, spring clean-up, Christmas safety and fire prevention week was considered as members sought to increase the Bureau activities and broaden the field of their work.

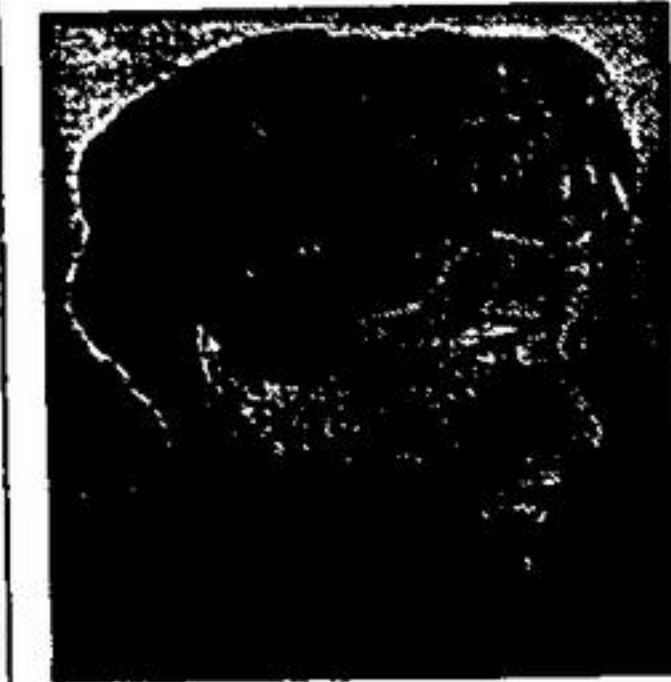

### Presentations Made to Eight Junior Newlyweds

Card tables were presented to eight young married couples when the Norval Junior Farmers held their euchre party in Stewarttown Hall on Friday, March 6th.

Recipients of the gift tables were Mr. and Mrs. Robert Pearson, Mr. and Mrs. James McPhail, Mr. and Mrs. Bill Robinson, Mr. and Mrs. Gord Robinson, Mr. and

Mrs. Gord Wingfield, Mr. and Mrs. Pete Pomeroy, Mr. and Mrs. Ed Bailey, and Mr. and Mrs. Jas. Brown.

Included among the prize winners in euchre were Mrs. Clayton Wilson, Mrs. Hector Bird and Keith Moffat. Music for dancing later in the program was provided by Doris Hulls Orchestra.
