HAY SHOW IS FEATURE AT SOIL & CROPS DAY

J. A. F. Department, Ontario Agricultural College, Guelph, was guest speaker. Dr. Matthews used as the subject of his talk, "Fertilizer for Profit". In his remarks, the importance of management was stressed, in order to make maximum use of fertilizer application. Using results of fertility tests conducted in the area, Dr. Matthews showed that increased profit could be obtained in various crops by using a recommended analysis and rate of application, rather than a general recommendation. "Under today's economy in Halton it is not wise, in the majority of crops, to fertilize for maximum yield. Today's conditions warrant fertilization and management for maximum profit," stated Dr. Matthews. In conclusion, he gave average figures for each of the crops grown in Halton to show the difference in using commercial fertilizer for maximum yield, and comparing with fertilization for maximum profit.

The programme concluded with a discussion. Halton's Weed Problem was discussed in an illustrated talk by Vernon McArthur, weed inspector for Halton. This talk gave an outline of the problems in weed control in the county, and some of the demonstration work being conducted. Mr. McArthur concluded with an outline of the Spray Day, to be held at the Trafalgar Municipal Buildings on Wednesday, March 25th.

Forage Identification
While viewing the exhibits, and seed for sale at the Crops Day there was an opportunity to take part in a forage and weed identification competition. The prizes for this competition were sponsored by the Halton Co-Operative Supplies. Each contestant identified ten forage plants, five forage seeds, five weeds, and five weed seeds. Sam Harrop, Milton, was the winner of the quiz, with a perfect score. Second in the competition went to George Swann and Don Peer; with third place tied between Erwin Gunby, Morley and Newton Ruddell.

Junior Farmer Displays
In the section for Junior Farmer displays the Milton Junior Farmers won first with their display, "Safety in Farm Operations." The Norval Junior Farmers Club was awarded second, with a display on the use of bacterial inoculants and quality forage seed.

Dr. Matthews, Speaker
In the afternoon programme for the Halton Crops Day and Hay Show, Dr. B. C. Matthews, Soils

Here's one for the road

"My husband thinks he's a racehorse," the worried wife confided to the psychiatrist. "What can be done to help him?"

"A most unusual case," the doctor replied. "Treatment will be costly."

"Oh, don't worry about the money, doctor. He's won his last three races."

Taking a line from the joke, "treatment will be costly," it's no joke when it comes to expensive car repair bills. But this won't happen when you deal with a reputable used car dealer - all right, like ourselves. We haven't a camouflaged crock on the lot! Every car is put in tiptop condition before being offered for sale. A good example is TODAY'S BEST BUY.

Here are some outstanding values in our "Good-Will" Used Cars

1955 Buick 2-door Hardtop	\$1495	1956 Ford Ranch Wagon	\$1495	1954 Buick Sedan	\$995
1956 Meteor Sedan	\$1295	1956 Monarch sedan	\$1595	1958 Plymouth coach	\$1995
1954 Pontiac deluxe sedan	\$895	1957 GMC Panel truck	\$1495	1956 Chrysler New Yorker sed.	\$1995

\$246 Million Highways Program a New Record

By Stan Hall, M.P.P.
Hon. Louis P. Cecile, Minister of Public Welfare made the statement that public welfare would be furthered to the extent that our Indian population in the Province of Ontario would receive the same benefits as the rest of the population are enjoying.

Hon. F. M. Cass in presenting the estimates for the Department of Highways stated that in 1958 the department spent \$227,800,000 on highways and for 1959 the department expects to spend \$246,400,000, a record breaking program.

Hon. William A. Goodfellow, Minister of Agriculture, introduced legislation to meet court objections to the Farm Marketing programs in the province, including new regulations for plebiscites.

Hon. F. M. Cass, Minister of Highways, said completion of the Burlington Skyway heralded a new policy of charging tolls for large and expensive projects.

Hon. John Yaremko moved first reading of a Bill empowering the Minister of Transport to enter into agreements with the other Provinces of Canada relative to licensing commercial transport vehicles entering those provinces.

Hon. Kelso Roberts, Attorney-General, in presenting the estimates for his Department said there would be fifty officers added to the Ontario Provincial Police Force.

Mr. Roberts, in presenting the report of the investigation into the selling of shares of Northern Ontario Pipe Lines Limited, said that no member of the Ontario Government or any member of any municipal council was found guilty of fraud.

John J. Wintermeyer, leader of the opposition, said in answer to the Attorney-General, anything he would say was not because he had once held shares in Northern Pipe Lines Limited. His concern was the effect it might have on this Assembly, but he did not say what effect.

Donald C. MacDonald, Leader of the C.C.F. spoke in the Assembly for three hours trying to establish that the investigation into the Northern Gas Pipe Line was framed and the evidence given by witnesses was also false, but he could not substantiate his statements.

Hon. William Goodfellow, Minister of Agriculture, made the statement that arrangements have been made with the Federal Government in respect to losses in livestock due to outbreak of ra-

bies. The Federal Government will pay 40% Provincial Government 40%, Municipal Council 20%, cattle \$250.00, horses \$100.00, sheep and goats \$40.00. This will be retroactive to April 1, 1958.

Mr. Rene Brunelle, Progressive Conservative, Cochrane North, said in his address that farming in the Cochrane District was developing very satisfactorily under the direction and assistance of the Department of Agriculture of the Ontario Government.

I would say to my Irish friends that St. Patrick's Day was celebrated in due fashion by a luncheon and the wearing of green carnations and shamrocks. Goodbye to the present and hoping to be with you next week.

Stanley L. Hall, M.P.P. (Halton)

KID HOCKEY

The finals for the kid hockey got underway this Saturday, with the Arena being used all day. It will be the last Saturday session for the kids with the big "Young Canada night" coming the following Friday night at 7 p.m. All parents are urged to come out on both occasions to see their lads play.
