Calls Lions Pledge to Hospital "Pace Setting"

Georgetown, Ont.
 The Editor, The Herald,
 Georgetown, Ont.

Dear Sir:
 In a recent issue of the Georgetown Herald appeared a news item to the effect that a pledge of \$25,000 has been made towards the proposed Georgetown and District Memorial Hospital by the Georgetown Lions Club.

As president of the hospital association I extend to the Lions Club my congratulations and gratitude for this very substantial pledge. A sum of this size means that each member of the club will be responsible for raising, on the average, about five hundred dollars as his share of the pledge by the club. To do this will require a good deal of work by the members in the months to come and yet, obviously, a majority of the club members must have signified their approval of the project.

It is through pace setting gifts such as the Lions Club has pledged that a hospital will become a reality in this district. A high standard has been set which can be used by other organizations and clubs as a guide for their efforts towards the hospital.

Although the formal campaign has not been launched, the hospital association welcomes contributions at any time. Such contributions will be placed in a trust fund until required for the construction of the hospital.

Yours very truly,
 John A. Gunn, president
 Georgetown & District Memorial Hospital Association
