

## Fendley's Punchers Gain Plant Bowling Honours

Smith & Stone wound up their bowling last Tuesday with the final game of a two game total point playoff in which the Punchers, captained by Elmer Fendley, shaded Scotty Patterson's Rockets 5,963 to 5,902 to claim the league crown. The other two teams in the four team final Jean Lockhurst's Pottery Scrapers and Earl Walters' Lucky Strikes totalled 5886 and 5604 respectively.

The Scrapers led at the end of the first round but faltered last week, managing only 2897 while the red hot Punchers rolled to within one point of 3000. Rockets also came on strong with a 2990 and Lucky Strikes bettered their

opening round carding 2827 but were unable to leave the cellar.

The Rockets and Pottery Scrapers represented A Group in the roll-off while Punchers and Lucky Strikes were the best from B. Other clubs in the twin loop in order of their success on the regular season included (A) Glazers, Flying Saucers, Satellites, and Alley Cats, (B) Molders, Plastics, Esquaders and Blow outs.

In the eighteen games comprising the semi-finals and total pin finals, Carl DeForest of the Pottery Scrapers scorched the local alleys with an amazing 262 average, a record that included a high triple of 895 and an enviable 362

single. The Punchers' captain Elmer Fendley was also hard on the black pencil averaging 240 over the same period. He carded a 763 tri-count and 308 single.

Up for trophies on the basis of their season highs are Don Brown 396, and Betty Garvin 264, and in triples Sarah Ezard 807 and Ace Bailey 801.

## Mrs. Chamberlain's Father Dies in England

A Glen Williams resident, Mrs. Tom Chamberlain, received sad news on April 5th that her father, James F. Smith, 57 had died suddenly. He was a farmer, living at 3 Saintbury Grounds Cottages, near Brecorton, Evesham.

Mr. Smith leaves his wife, Alice Hart, and a family of twelve children. A daughter, Mrs. Lucy Rodwell lives at Norwich, Norfolk, and Mrs. Chamberlain is the only member of the family who does not live in England. The others are all residents of the Evesham district, Bill, Kenneth, David, Percy, Alwyn, Reg. Vic, Doreen, Sid and Geoffrey. Mr. Smith also leaves five grandchildren; a brother Thomas of Evesham, a sister, Mrs. Sid Tustin of Winchcombe and a step-sister, Mrs. Eric Cooper of Camden, Worcestershire.

## Church Ladies Purchase Church Guest Book

Mrs. W. Wheeler hosted the April meeting of the Glen United W.A. held at her home on Monday, April 6th. The hymn "Let the Beauty of Jesus" was followed by the Mary Stewart collect to open the meeting after which the president, Mrs. Cecil Barth, led in prayer.

The roll call was answered by a verse from the bible containing the word "risen". Mrs. Herb Hancock showed those present the guest book she had sent for on approval and it was decided that the W.A. would purchase it for the church. The president reported that she had acted on the music committee and thanked Mr. and Mrs. Andrew Mino for their kind donation of a piano for the church.

A letter from the Georgetown District Memorial Hospital L.A. asking for a representative from the Glen United W.A. was read by Mrs. Barth and the position was accepted by Mrs. W. Wheeler. Plans for a bus tour were finalized and the date for June 1st. A number of articles were brought in to be sold at the W.A. bazaar scheduled for the fall. The anniversary tea and bake sale has been set for May 2nd.

## Onions Used in Cancer Research

Cells from the growing tip of onion root hairs are used by Montreal cancer researcher to learn some of the secrets of normal and malignant growth.

Dr. Jean Lafontaine, working in the Montreal Cancer Institute at Notre Dame Hospital, is using a newly acquired electron microscope to magnify the onion root tip cells 200,000 times so that the most minute particles can be seen and studied. The extent of magnification can be gauged by the fact that an electron micrograph of the nucleus (centre part) of one cell makes a picture 8 inches by 6 inches in size.

The electron microscope, which costs in the neighborhood of \$25,000, was provided by the National Cancer Institute of Canada with the assistance of the Canadian Cancer Society.

Dr. Lafontaine, who learned electron microscopy at the famous Sloan Kettering Institute and the Rockefeller Institute in the U.S., explains that the onion cells are useful because they have only 12 chromosomes (compared with 48 in human cells) are extremely fast growing and the parts present an excellent contrast under the microscope.

"A given part of any cell — whether it be animal or vegetable — has the same organization," he

## Win a New Gas Range

See your Gas Appliance dealer about winning a FREE RANGE. When you buy an automatic gas range this Spring, your name is entered in a draw which will take place after May 30, 1959. The winner will receive the range they purchased free of charge.

Now is the time to trade in your old stove for an ultra modern automatic gas range.

Look at these new gas range features!

- burner-with-a-brain
- smokeless broiling
- matchless operation
- roast meter
- clock controlled cooking
- easy to clean burners
- rotisserie
- new built-in ranges

says. "By using these cells, we can learn something about cell division — what happens to the chromosomes just before duplication begins, and so on."

Dr. Lafontaine's work is part of a large scale, nation-wide cancer research programme which is supported and supervised by the National Cancer Institute of Canada.

About 20 per cent of the money for the total research programme is provided from Federal and Provincial Grants for Cancer Control, and the other 80 per cent from the Institute's affiliated body, the Canadian Cancer Society.

## FARM NEWS

### Halton Holstein Breeders Have Tour In York County

J. A. F.

The Halton Holstein Breeders' Club had a successful tour, when 46 of their members toured York county on Tuesday, April 7th. The tour included a visit to Holstein breeder Bruce Naylor's farm at Maple; the Central Ontario Cattle Breeding Association at Maple; and Romandale Farms.

The first visit on the tour was at the Naylor farm, where the main barn is 160 feet long, and has two rows of Holsteins in milk. The herd is milked by the use of the pipeline milker.

In visiting the farm the group noticed many labour saving devices, including a unique method of storage and handling grain.

The second visit on the tour had the Central Ontario Cattle Breeders' Association playing host to the Halton breeders. After a noon lunch at the Community Hall in Maple, Dr. C. Reed, general manager of the unit, outlined the programme carried out. In his remarks, Dr. Reed outlined the improved methods; problems in selecting sires; and advances in the use of frozen semen.

Mr. Wilfred Keffler of the Unit, and Dr. Reed, conducted a tour of the various sires being used. The tour concluded with a visit to Romandale herd, which is one of the largest show herds in Canada at the present time. Mr. David Houck herdsman at Romandale, gave an interesting commentary on the various animals in the herd. The Halton breeders were quite pleased to notice several cows in the herd, bred by some of their Halton Holstein Club members.

The tour was under the general direction of club president Wm. Tovell; George Drennan, fieldman with the Holstein Friesian Association; and J. A. Francis, agricultural representative.

### PRESBYTERIAN LEADER CHURCH AUXILIARY SPEAKER

Despite the very inclement weather there was a most encouraging attendance at the Easter Thank offering of the afternoon auxiliary of St. John's United Church on Tuesday. The president, Mrs. Walter Brownridge presided, opened the meeting with the use of Hymn 112 and praying the Lord's Prayer. Mrs. O. Houston gave a very inspiring devotional period based on the Scripture passage from Luke 24, verses 13-31, which tells of Jesus walking with the two disciples on the road to Emmaus. "God will not force Himself on anyone, but waits for the invitation to 'come in and stay with us' stated. Mrs.

## Do You Know This Man?

He is between the ages of 25 and 45.

Married, now working . . . his present job does not offer him the opportunity to grow in earnings or responsibility. Has excellent character and habits . . .

Has his eye on the future . . . ambitious to succeed . . . willing to pay the price to get "What he wants."

Industrious . . . speaks well . . . likes people . . . wants to help others.

Would like to work where his income opportunity is unlimited . . .

Who can "get ahead" because he "has it" and puts it to work for himself.

Has a high school education . . . College preferred.

I would like to talk to such a man about his future and his opportunities (confidentially.)

## Notice to Creditors

IN THE ESTATE of John Hancock, Mail Carrier, deceased.

ALL PERSONS having claims against the Estate of John Hancock, late of the Township of Esquesing, Mail Carrier, deceased, who died on or about the 15th day of October, 1958, are hereby notified to send particulars of same to the undersigned on or before the 2nd day of May, 1959, after which date the estate will be distributed with regard only to the claims of which the undersigned shall then have notice, and the undersigned shall not be liable to any person of whose claim she shall not then have notice.

DATED at Georgetown, this 1st day of April, A.D., 1959.

Ellen Elizabeth Hancock, Administratrix of the Estate of John Hancock, by her Solicitors, Dale, Bennett and Latimer, Georgetown, Ont.

4-15

stand more fully what great things God has done for us and thus be more faithful witnesses." She was assisted by Miss Paula Arthurs.

Mrs. J. Kirkwood then introduced the guest speaker, Mrs. Lloyd Leaver, 1st vice president of Halton Presbyterian. Mrs. Leaver was a delegate to McMaster Conference and gave most interesting highlights of the various sessions closing with an earnest challenge for more consecrated effort on the part of WMS members. Mrs. Francis Thompson sang a lovely solo: "I'll Never Walk Alone" which added much to the program. She was accompanied by Mrs. R. Wright. Mrs. McFarlane expressed the thanks of the gathering to all those who had contributed. Guests from Ashgrove, Ballinford and the different local churches were welcomed and a social time was enjoyed over the tea cups. Those in charge of refreshments were Mrs.
