31 John St. - TR. 7-2591

At the closing meeting of 1st Georgetown A Pack on Monday, May 25th at St. John's Church Hall, Akela Cec Davidson was pleased to award to Sixer Dennis Wright his thirteenth proficiency badge. This is the ultimate in Cubbing, being the complete list of badges a Cub may earn. Sixer Neil Young has earned twelve badges, needing only his swimmer's badge to complete the group.

At the same meeting Baloo, Miss Brenda Ashwin was presented with a "Thanks Badge" with the best wishes of the Pack, and Akela Cec Davidson received a beautiful shield from the Cubs who had saved their pennies for several months to procure it as a mark of appreciation of their leader.

To close the evening meeting, a song was taken by Co-Akela Gord Padfield, during which the cubs enjoyed ice cream and pop.

Thursday last it was the privilege of Akela to present the troop leader Wayne Figg, at the regular 'A' troop scout meeting, the following cubs, in their "going up" ceremony: R. Alcott, B. Berg, G. Buttrey, G. DeBoer, B. Given, P. Hayward, P. McNamara, J. Scarlett, R. Venner, B. Wicks, D. Wright, M. Young.

These cubs will become members of the scout troop in September, but will be going to Cub Camp in July at Camp Everton if they so desire.

"A" pack activities have been suspended for the month of June, to enable the Cubs to give full concentration to their school work and exams, with regular meetings again in September.

1st Limehouse Scouts spent a very busy week last week. On Mon-

He has just paid for another load of fuel for his old-fashioned, wasteful furnace and he is feeling broke. What to do?

With a new, scientifically designed, economical SMART'S Furnace he could save money by saving fuel, pay for his new furnace and enjoy himself. Be wise; see your SMART'S dealer now and get full particulars.

YOU KNOW, it's the biggest temptation at this time of year, not to wax lyrical about the beauty of our countryside. Especially if you're in the habit, as we are, of taking Sunday afternoon drives within a 10-mile radius of town.

Those roads become so familiar we look forward to seeing all the little beauty spots that especially delight us — and in the first lush blush of spring-time, they're lovelier than ever!

FOR EXAMPLE... Just taking a spin out to Stewarttown from our place — if you take the Maple Avenue cut-off, what prettier sight could you see than that little valley at the bottom of the hill, with its grass now so freshly green that it looks almost park like with the stream running merrily thru it, and the gnarled wild apple trees, transformed into giant bridal bouquets.

On down Maple Avenue you go, and enjoy brief glimpses of those little jewels of ponds at the golf course. No thoughts of having to keep your golf ball out of them mar your enjoyment. There they lie, mirrorlike, between hills of dark green pine and the bright green of the rolling fairways. Can't decide which are the more graceful — the huge weeping willows sweeping down to their rim, or the swans gliding so white and serene on the surface.

AND THEN of course it isn't long before you're descending the steep hill into Stewarttown and glancing up from the little bridge at the bottom to catch sight of the falls tumbling in a white froth from the dam of the placidly shining millpond. I always promise myself to take a colour picture of it — and I envy the people living on either of the big hillsides which cradle it.

If you should decide to continue on to Speyside you'll enjoy the drive over a road which winds thru hill, vale and woodlands of pine, silver birch and maple. At Speyside you can take the highway joining Acton and Milton. No matter whether you turn right or left at this point, you'll be richly rewarded. The paved road rolls smoothly over part of the Milton escarpment. Lush farm and woodlands delight the eye, and at one point where the road curves at the end of a fairly steady climb, you'll imagine you can see clear over to the shore of Lake Ontario.

And I always feel a little cheated if I should happen to miss seeing the miniature waterfall quite close to the roadside, almost hidden by the woodland, from which it springs.

WHICH BRINGS to mind another waterfall I always like to visit. Turning right at the Silvercreek hill intersection, you'll come to Hickory Falls. It's a little to the right of the "beaten track" — a lovely secluded spot, where pine and hickory trees shade a spring stream as it cascades down limestone tiers to the brink of a narrow gorge. Fern and watercress catch the spray from its steep drop. Standing on the rustic bridge which spans the crystal clear flow — you're just three or four miles from town, but have the feeling you could be 100 miles away.

AT HICKORY Falls you're on the threshold of our most dramatically scenic countryside, the Caledon Hills, or "mountains" as we like to call them. In spite of having lived here for these many years, I'm never quite sure when I'm going when in this part of the country. But whatever road you choose brings its own special pleasure.

Especially in the springtime when a profusion of wild flowers and their delicate beauty to the rugged mountainsides. The woods are thickly carpeted with them, and often large clumps nestle in the lee of a tortuous old root fence or at the base of the craggy outcroppings of limestone in which the fields abound. A couple of weeks ago we passed so close to a bank, covered with pink, white and blue hepaticas, we could have reached out from the car and touched them.

YOU SEE, I COULD go on and on — and I haven't even mentioned the quiet charm of the Glen, Norval with its tall pines and wonderful view — or the "back road" to Hutonville where the fruit orchards rival any blossoms Niagara can offer — let alone our miniature Muskoka, Limehouse, and all the picturesque roads leading to it.

I WARNED YOU. The temptation to evesneak is a strong one — Much, much, too strong for me, I'm afraid.

RELATIVE6 GRADUATE

At the recent convocation of the University of Western Ontario, at which David Hart received his B.A. degree, two relatives of local people also received their degrees. They were Marjorie Fisk of London, who is a niece of Mrs. Elizabeth McCrae, 26 Market St., and Judy Bichn of Sarnia, niece of Walter Bichn, 26 Queen St.

SELLING TO BEAT THE BAND... all across Canada! Proof, you say? Look around you... Pontiac's distinctive twin-grille is everywhere. Naturally, Pontiac dealers are celebrating (offering the best deals in history during Pontiac's Popularity Payoff*). Pontiac sales are breaking all records, because dollar for dollar it's Canada's greatest new car value. What other car offers you Vista-Lounge interiors... 50% larger glass area... up to 66% longer brake life... 7 extra cubic feet of trunk space... a choice from six improved, economical V8 engines and Canada's most powerful 6 cylinder engine... improved transmissions and suspensions... and of course all the pride and glamour of Pontiac's trend-setting design? Compare, and you'll agree, Pontiac is selling to beat the band because it is the buy of the year!

*Pontiac's Popularity Payoff is your local Pontiac dealer's way of saying thanks for the tremendous vote of confidence you have given him and the products he sells. In other words, he is offering you the deal of your life on a brand new beautiful Pontiac right now! See him for sure.

Overwhelming choice of people going places...
