Closing Exercises Of Sunshine School **Attended by Parents** On June 26th the teachers and

pupils of the Sunshine School, Milton, presented the closing exercises to . interested parents and friends. Many who have attended these gatherings in the past remarked on the progress of the pupils displayed, both academically and in conduct. Those were quite moticeable and revealed great credit to the teachers.

day as far as the opening exercises were concerned. A happy Good-Morning was exchanged between teachers and pupils, followed by recital of the Lord's Prayer, the Queen, the 100th Psalm and Psalm 1, all being repeated in unison. Children's hymns were sung and the 23rd Psalm repeated. Today these Scripture verses may not mean so much to these pupils, but in later years will mean a great deal of comfort to them.

Weather flash cards were chosen and displayed telling what the weather was like for that day. These were chosen by Barry while the day of the week was chosen by Louise. Flash Cards for Safety and Protection were displayed and it was surprising how quickly and correctly they were named.

As pupils were called forward they gave their name and address. their age, date of birth, which is quite necessary for every child today to know and be able to tell. Rhythmic Counting by ones,

lens, fives and two was quite surprising as one noticed their accuracy and ability. Numbers on blackboard were also recognized with accuracy as well as price numbers. During a Duck Song Action pupils enjoyed flopping ers from many parts of the world, conducted the funeral service at their arms to depict the wings and using their hands and fingers to depict the tail of the duck.
